fully determined upon by the coach- ers. Carmichael has blossomed into a player of first division caliber and from present indications is slated to start at left guard. It is a toss up as to whether Parsons or Printing- er will start the game at, right half. Parsons' strained tendon has yielded to treatment with a result- ing return to form previously shown. The right end position is still inter­ ter-tain. Bowen and Carberry, leading candidates for this position have both been making great gains but as this writing a definite statement can not be made as to the final selection.

The Indiana team, accompanied by their coaches and trainers will reach Iowa City some time this af­ ternoon. Reports from Bloomington bring word that Captain Davis, who was expected to appear in the Iowa game is still suffering from injuries incurred in the Chicago game a month ago. The loss of Davis is regarded as serious. With the exception of their captain, In­ diana is in good physical shape and will put up a great fight for victory.

Orders of unbroken games have been secured for the battles and are as follows: Connell of Virginia, referee; White of Illinois, umpire; Hamilton of Michigan, head lines­ man. Connell is not a stranger here as he handled previous contests on our field.

The probable lineup will be:

IOWA—
Browne or Carberry, rt
Bruckner, rg
Hunt, c
Campbell or Wilson, Ig
Barrow, fl
Gunderson, le
Green, sb
Parsons or Penningroth, rb
Dick, lb
McGuire, (Capt.); fb

INDIANA—

Goodman, c
Walker, Mt
Winters, fl
