At a meeting of the Hawkeye club last evening that organization was placed on a permanent basis. Up to this point the Hawkeye club was merely an organization which lived during the football season and then died. This fall however the club showed signs of more activity and started out to form a permanent organization.

At the meeting last evening a constitution was adopted, which provides for a club which will live throughout the year and will function as all university spirit. As planned the Hawkeye club will have a restricted membership.

It will look after mass meetings and all of the little things connected with the university spirit and pep. It will be true that there is no stone unturned to put the university on the map. During the coming months when nearly everything is a shed, the members promote to keep on working.

To Field Body.

Since the disbandment of the Great University committee there has been no organization to look after the business which, this society formerly managed. The Hawkeye club will see that none of this work is neglected. They are now planning to have a march of the Hawkeye club just before the holidays.

The Greater University committee put the one on last year, and the Hawkeye club hopes to duplicate the success of last season.

Mass Meeting Tomorrow.

At the meeting last evening it was planned to hold the Nebraska mass meeting at the auditorium tomorrow evening. The Ames mass meeting was a big one but the Hawkeye club hopes to make this one a bigger and better mass meeting than was ever held at Iowa.

Speakers by members of the team, president, coaches and business will be given. Special music is planned for by a long list of musicians.

The meeting will start at seven o'clock.

Membership Teams Banquet

According to the terms of the membership contract the winning team was to be entertained by the burning trestle at the Johnson College, by the band, and at the meeting the team that secured the greatest number of members for the association. While Gabrielson was the leader of the team who signed up he was pressed sorely.

IOWA UNION ELECTION TO DAY

VARSITY VAUDEVILLE PLANS EXTENDED TRIP

Group of University Men Bind Themselves Together for the Good of Their Alma Mater

INITIAL PREPARATIONS FOR MILITARY PARTY

Committees to Work to Make This Affair One of the Best in the History of Iowa

Uniforms will be the order of the day at the military ball January 9th, according to the present plans of the committee. It is definitely planned to have non-commissioned officers and privates appear in uniform at the function this year. It is believed that the wearing of uniforms by all officers and privates of the regiment will make the party one that will be strikingly unique in appearance.

The committee is making the preliminary plans to make the ball the year one that will be long remembered at the university. The title captains, both on the line and off the line, compose the committee in charge of arrangements. At the second meeting last night the final plans were made and work started in earnest.

Although nothing definite can be announced at this early date the men are all optimistic and according to reports from the committee's meetings and there will be some innovations that will be of interest to the frequenters of the various parties at the state university.

JUNIOR-SOPHOMORE GAME ENDS IN NEARLY SILENT BATTLE

Girls Play 1 to 1 on Iowa Field Tuesday Afternoon.

The hockey game between the junior and sophomore girls yesterday afternoon resulted in a 1 to 1 tie. The game was a hard fought one and excited many students who were present.

The game was played on the south side of campus and the score was: seniors 1, sophomores 1.

The game was stopped near the half time, when a score resulted.

The game will be played on Wednesday afternoon at the same place.

MEMBERSHIP TEAMS BANQUET

According to the terms of the membership contract the winning team was to be entertained by the burning trestle at the Johnson College, by the band, and at the meeting the team that secured the greatest number of members for the association. While Gabrielson was the leader of the team who signed up he was pressed sorely.

To PROF. AND MRS. MERRILL, 4350 Court Avenue:

How are you doing? Will you tell Miss Green N. Merrill, the president of the student body to whom she has named Robert Adam. University students and faculty are offering congratulations to the happy couple.

BOOKLET ON SCIENCE

Professor Weiler, university editor, is preparing another university bulletin. The new bulletin on the subject of science will be of the greatest interest to the students. A careful study of all sections in which the university deals will be of great attention. The booklet will be issued as soon as possible.

DIRECTORY PROMISED SOON

It is stated that the student editors of the weekly will appear some time this week. The university officials have been pressing the matter but have been held up by the printer. Work is being done on it now and the editors feel that it will soon be finished.

IOWA UNION ELECTION TO DAY

PARSONS HEARS

W. M. Parsons of Des Moines, secretary of the T. U. C. A. in the city Society Worker, tells of his present campaign. This not Mr. Parsons' first visit to Iowa City. In 1898 he helped raise the money for building Close Hall and was secretary here five years.

Two University Physicians Recognized by Leading Medical Society

Two members of the university college of medicine have recently received high honors. They are Drs. L. W. Dehm, and J. A. Burre. The colleges of surgeons in North America have recently awarded certificates of fellowships. Two of these came to the Iowa men. This organization has a wide reputation and is composed of the medical and surgical specialty as a similar society in England.

NEBRASKA GAME TO BE STAGED

Reports to be Received in Auditorium—Methodos Same as Previous.

For the third time this year the popular supporters of the team will have the opportunity of giving their help and encouragement to the team through the medium of the Niobrara. At the past the games will be given to the team in the auditorium as they are followed of all.

The game is valued at 1.25.

GROSS COUNTRY MEN GO EAST TOMORROW

DISTANCE MEN PREPARED FOR LONG JOURNEY TO UNIVERSITY OF OHIO

New Over Entire Crew Last Evening — Only Light Workout Given This Evening — Parkeil Will Accompany Team.

Last night the cross country squad held their first hard run before leaving for Columbus. They started out in a drizzle and ended in a rain with muddy roads to hinder their speed. The run was more in the nature of a try out to decide on the sixth man. Hyman has been slightly handicapped by a severe cold which terminated in a attack of pneumonia. It was feared that he would be unable to run and Watson was held in readiness to take his place should he throw out at the last minute. Last night however he showed up in his old style and ended first. Harper smashed first, followed by other good men, Mather, James, Hyman and Mather.

The run today will be slow and easy as the team leaves tomorrow morning. Training Watson wishes to have the men in the best possible condition at the meet. Watson has been training them over the entire course during the past week over all kinds of ground and through all kinds of weather. There is no doing whatever that the team this year is by far the finest team that has ever represented Iowa in a national Meet, and has a better chance than ever before of taking high honors.

The board of regents at Michigan have written for two more pupils. There are 2800.1 shoes have been issued to the 11 men squad only have their first hard run before leaving on their trip. Five captains have been found the latest style of the best material, and as far as possible their high schools will be represented at the meet. Among them are all the teams on the Chicago conference and Iowa, Iowa's old rival. Ames has showed better running back Iowa in the past but whether they will do so again still remains to be seen. The squad is going forth prepared to give Ames the same treatment that the eleven handed out to them last Saturday. There are in the conference some of the best distance runners that have ever showed clean pair of heels in the west and only a squad of the very best caliber can hope to place with them but the Hawkeyes are going north filled with confidence.

New shoes have been issued to the squad in order to make conditions as favorable as possible. Louise Fulk and M. T. will accompany the squad to Columbus as the services of Watson and Kihog will be required at Lincoln.

The team will leave tomorrow morning at 10:30 via Chicago. Just when it will return is not yet known definitely, but it is thought that it will see Iowa City some time Sunday evening.

The rumor concerning a Minneapolis epidemic at Purdue has been found false.

Nineteen students have been requested to leave McGill university because they failed to report for final examinations as per regulations.

A Kansas City woman sixty years of age has written to the extension department of Missouri university with regard to taking up work. She says that she wants a better liberal education.

OTHER COLLEGES

The university station of Michigan is now receiving reports by wire from the Penn-Michigan game yesterday.

The freshman engineers at Kansas university are making feet tests in the shop work. It is thought that this will reduce the panatorium bills.

The board of regents of Michigan have recommended that University hall be remedied to accommodate student theatricals.

UNION ELECTION

The first election of officers for the Iowa Union will be held today in the senate chamber of the Old Capitol building. The polls will be open from nine this morning until five this afternoon. Any man in the university who has not signed up as a member of the union shall be permitted to register at the polls open to register as a charter member of the organization.

There is only one ticket in the field. Twice as many have been nominated as can hold office. There is no electioneering and the popular will of the members is therefore vested in the candidates.

The lists of the men whose names have been submitted for the election are:

**President**
Charles Moley

**Vice-President**
Roy Gittens

**Secretary**
L. J. Perez

**Treasurer**
Herman Lunsford, Herman Handling

**Board of Directors**

Central Association of Science and Mathematics Teachers will meet in Des Moines. This is the only organization of its kind in the middle west and the largest of its kind in the United States. The organization is composed of all men and women who are teaching science or mathematics or interested in those subjects. The body has been meeting for thirteen years and has always voted for the best that its subjects could produce. The members of the society come from all parts of the middle west and are known throughout the scientific world.

Luncheons and dinners will be awarded the members at the conclusion of the college city. A men's banquet is also to be planned. Several excursions will be made during the sessions. Some of these will be of an entertaining nature while others will be of a purely scientific study. Exhibits of various scientific instruments will be shown. A program has been arranged and will extend over the two days of the meeting. All meetings of the society will be held in the auditorium of the east high school building. Several university of Iowa men will appear on the program. On Friday at 10 a.m., Professor A. C. Trowbridge will give an address on "The teaching conception of physics." At the same time Professor A. C. Trowbridge will talk on the "Philosophical aspects of physics." On Saturday morning, if the weather permits, Professor G. P. Kay will take an excursion out from Des Moines to view the Ralston and Watson Mills. If the weather is bad, Professor Kay will lecture on the "Science of the Iowa and college preparation." This talk will be under the lectures held for mathematics. Professor L. P. Seig will give a lecture on "The entropy-quantum theory of light."
