VICTORY AND DEFEAT FOR IOWA IN DEBATES

IOWA WINS OVER ILLINOIS BY 2 TO 1 AT BURLINGTON FOR UNION MISSION DEBATES

Yesterday the debate team of the University of Iowa won its third consecutive victory over the University of Illinois in a debate held at Burlington, Iowa. The game is one of the most important in the series, and the victory was hailed as a major triumph for the University of Iowa.

In the debate, the University of Iowa team, under the leadership of Professor John H. Brown, presented their views on the topic of "The Future of Agriculture." The team argued that agriculture should be given more support by the government, and that it is a major contributor to the economy. The Illinois team, under Professor Charles E. Brown, presented a different view, arguing that agriculture should be left to the free market.

The debate was held at the Auditorium, and was attended by a large number of people. The audience was enthusiastic, and the debate was wellreceived by the crowd.

After the debate, the members of the winning team were presented with a trophy. The trophy was donated by the Mayor of Burlington, as a symbol of the university's contribution to the community.

Spectacular Mark Dwyer from the University of Iowa gave the closing speech, and the audience was moved by his powerful words.

The victory for the University of Iowa is a significant one, and it is expected to boost the morale of the team as they prepare for future debates.

Next week, the team will be traveling to Chicago to participate in another important debate, and they are looking forward to the challenge.

The University of Iowa is one of the top universities in the country, and it is known for its strong debate team. The team has won numerous titles in the past, and they are always a force to be reckoned with.

The debate team is under the guidance of Professor John H. Brown, who is one of the most respected figures in the field of debate.

This victory is a testament to the hard work and dedication of the team, and it is a source of pride for the university.

The University of Iowa is proud to have such a优秀 team, and it is confident that they will continue to bring home the gold in future debates.
UNION MIXER TO BE HELD NEXT THURSDAY

(Continued from page one)

Professor President Bowman for the Interest, in Ivory, Cocobola and Parisian Ivory, which he has taken in furthering expression of the Union. It is the intention of the board of directors to lay out Brunswick billiard tables and bowling alleys and to assume the lease on the premises, opening the same to the Union members. This gives to the students an opportunity to have a proprietary interest in their Announcements.

The movement is of great interest to the Iowa students. The entertainment committee have provided many novel stunts for the evening's entertainment, beside the customary exercises and songs. Prof. D. D. Murphy, of the state board of education has assured the committee, that he will be present and will make an address to the student body, on the Union from the point of view of the man in active life.

OTHER COLLEGES

President will probably send Northwester's during their western swimming tour which has been authoritatively reported to take place sometime before April.

The disappearance of one of the patronizing men at Lawrence leaves many of the Iowa students without their treasure bagging at the knees.

Two students were expelled at Minnesota recently for passing forged checks.

We are a high grade special sales proposition, with the state of Iowa as open territory. We shall be pleased to meet a few experienced men, with a view to your seeing the proposition during the holiday vacation. Those of you who prove your ability to handle it successfully, shall want to sign up for summer work. This proposition will pay an average experienced man from ten to twenty-five dollars a month.

BASKETBALL SQUAD READY FOR OPENER
KENT WORKING HARD TO PUT MEN IN SHAPE FOR BY-LANDS BENCH
Prospects Appear Especially Good—Many Persons Favorable to Chicago Game—Many Men Trying for Places
Basketball prospects for the year appear more rosy at the practice season advances. Coach Kent, for the past ten days, has been passing out some strenuous work-outs to the candidates for the five in an effort to round his proteges into shape for the game with Lesder Clark which is scheduled for next Wednesday.
The team from the Toledo Institute has always proved a tough nut for Iowa and this year promises to be no exception to the general rule. Toledo's bunch has a faculty of putting up a fight from the first minute of play and it is with great determination to do or die that the Hawkeyes face them.

About thirty candidates have been trying out for positions but it is likely that Coach Kent will start with a clean sheet when the team faces Iowa. Entrepreneurs have been trying out for positions all week and very few players have stood out as good enough to be chosen for the varsity. One of the exceptions is Andy Baker, who is trying for the center position. Baker has been a good player for the varsity in the past and is likely to be chosen for the starting eleven.

Much basketball talent is present in this year's squad. Grebow, the old star, Rapid's high school star, gives evidence of being one of the best basketball players ever to appear in Iowa. His basket shooting is accurate and his fighting spirit will prove a big factor in the team play. Captain Joe Hammonds is playing the same aggressive game that was so pleasing to the fans last year. Von Luck, who is playing wing, is a real threat to the defense. Coach Kent is expected to start with at least two of the returning players.

The team is expected to do well in the coming season and will be a strong contender for the conference championship. The season opener is scheduled for November 15th, with games against the University of Chicago and the University of Iowa.

GOVERNOR CLARKE MAY ATTEND MILITARY BALL

HEAD OF STATE AND ADJUTANT GENERAL LOGAN AND STAFF INVITED BY COMMITTEE

Minor Plans Being Performed to Make Thirteen Affair Success-Increase in Regiment Thought to be Sign of Big Attendance

Governor George W. Clarke and Adjutant General G. E. Logan and staff of the state military department have been invited to attend the thirteenth annual military ball to be given on January 9. The military ball is one of the few big annual parties given by students of the university. The membership of the student regiment has almost doubled this year and upon this large increase the committee in charge is planning a huge affair for the first party of the holiday vacation. This is the only function in the university in which the committee in charge is not appoint ed, the committee being composed of the class and staff captains of the regiment. The many little details in working out the function are now occupying the attention of the committee. Although it is early yet to say definitely what will be done, several tentative steps have been taken looking toward the original feature for the party. Decorations, music, and programs will be definitely decided upon sometime this week.

The party is to be followed for the holiday vacation. Besides the governor and the adjutant general who have been invited there are many other out of town guests. It is the purpose of the committee to entertain all guests, and as soon as the committee succeeds in giving the proper entertainment, a general invitation will be sent out in the name of the university to everyone who is interested in military circles.

THE CHORUS LADY

Probably the greatest success of the dramatic productions in the country was made by Rose Inaulla in "The Chorus Lady." This attraction played to larger receipts in every town than any of a similar nature ever enjoyed. Arrangements have been made whereby Robert Sherman has secured it for the present season, and is In Inaulla's hands to the public for the first time at less than 11.50 prices. When one considers the advantage the public will have of seeing this great play presented in an equal manner to the original production, it should be the cause of gratification on the part of the citizens in any city where it may appear. It is booked for appearance at Sackett's Theatre for three days on December 15, 16 and 17th.
