COACH HAWLEY RETURNS TO HAWKEYE GRIDIRON

WILL THAT BUSINESS PERMIT HIM TO COACH IOWA?

Team Next Fall

Mark Doubt Cleared Up By Letter—Athletic Board Meets Tonight—Contract Will Be Signed Soon—Smith Optimistic

Jess B. Hawley will return to coach the 1914 crew. Although the contract is not signed, Prof. A. D. Smith, chairman of the board in control of athletics, yesterday morning received a letter from Hawley in which he states that the business relations would permit football teaching next fall.

Back to Board At the meeting of the athletic board this evening it is expected that a committee will be appointed to work with Hawley in entering into negotiations with Coach Hawley immediately.

"It is probable that the contract will be completed at a very early date," said Professor Smith yesterday evening.

Hawley in Business It became known at the close of the football season that Coach Hawley was considering an attractive business offer in Colleges which would provide the coaching of the Iowa team in 1914. At that time it was said almost impossible that the Davenport youth could return to the university.

Reports were sent out that they would coach the 1914 team, but the letter yesterday morning brought a different story and the athletic board are delighted with the news.

ATHLETICS DISCUSSED AT BUCYHIMEEETIN

Nelson A. Kelling read an interesting paper before the meeting of the Buchyhime, held at the home of Professor and Mrs. C. E. Walling, Monday evening. His subject was "Athletics, Ancient and Modern."

He compared the ancient and modern systems of sports with those of the day and concluded that there was not really much difference between old Greek athletics and those of the day.

He showed that they had practically the same kind of sports, except some of the modern games, such as football, which caused the same difficulties in handling centers.

In an interesting manner he traced the rise of professionalism to athletics, taking up the evolution of the "tenpenny" athletes.

NEW PICTORIAL BALLERY ISSUED BY JOEY WELLER

"On the Campus" is the title of an unusually attractive booklet of photographs taken from the campus. In it is the latest of the university bulletin series issued by Professor C. M. Webster, the university editor.

Copies of this booklet and the campus survey nearly the whole of the publication, the best (about two pages of it). At the beginning of the book is an address for showing a boy's eye view of the entire university. The engravings are done in two shades of tone and many of them appear for the first time. Under each picture a short description and history of the building is given.

Copies of the booklet will be distributed throughout the university to the registrar's office. It is desired that the students going home take copies and give them to their friends.

These booklet are also issued as souvenirs for the delegates to the national convention of the Los Angeles club which meets December 24-29.

IN ALL READINESS FOR UNION MIXER

COMMITTEES FOR THE MIXER HAVE COMPLETED ALL PREPARATIONS FOR TOMORROW NIGHT

Specials will be Made—Tickets to Have Permanent Room or Program—Boating Matches to Be Staged—Begin About Eight

Final preparations have been made for the big Iowa Union mixer to be held tomorrow night. The mixer will be held in the rooms recently leased by the organization.

The committees have worked hard the past week getting everything in readiness so to aid that a good time will be given every man who attends.

The mixer will be open to all the men of the university. This does not, according to reports, so that men who are not members might learn of the things which the mixer will try to do and offer to the men of the university.

Program Arranged

The program for the mixer has been arranged. It includes speeches, box matches and other forms of entertainment.

The meeting will be opened by a short talk by the Hon. D. B. Murphy of Eldora. Mr. Murphy is chairman of the state board of education, and provided the committee the same time that he would be present at the first mixer if possible.

President McChesney of the First National Bank of Moline, Ill., will be a part of the program. His talk will deal with material things and will discuss ways and means for a modern club house for the organization.

Music for the mixer will be furnished by several people. The university orchestra has promised to be present and should prove a drawing card, say the committee. Plans, both the classical and the realistic kind will be kept. "Concerts and Ford have promised to put on a small entertainment.

Another big drawing card has been arranged. It is reported that two or three rings are in the air and present and will put on the glows. These boxing matches have proved very popular at former mixers and will be continued by the mixer by the men of the university.

The mixer will begin sometime between 7:30 and 8 o'clock tomorrow evening in the rooms of the union of the Browne mansion.

Organizers to Work for County Reunions

One thousand Students Present—Math Enthusiasm Showing—Numerous Schools of Graduates—Counties Will Organize

One thousand students assembled at the natural science auditorium yesterday morning to attend the County Club Rally. Nearly all the counties in the state were represented by students from those districts. Students from some counties failed to appear and some recorded perfect attendance. Johnson county organized the largest crowd and far out distanced any other community.

Everyone present at the rally enjoyed hearty co-operation with the plans suggested by the university of Iowa association. Signs of paper were passed out to the students giving suggestions and presenting ideas. These papers told how to organize county clubs and gave ideas of constitution for the same.

Stoumburg in Charge

Professor R. F. Ponnichard had charge of the subscription. In a few words he told of the purpose of the meeting and the things that should be accomplished during the holidays. Other speakers were Robert Minnig and Charles Morin. Each had ideas which were presented to those present, on the movement.

Music was furnished by the glee club. They sang a selection of selections and were called back twice. At the close of the meeting the names of the university and its activities were thrown on a screen. The rally adjourned after singing "Old Gold.

Organizers at Work

Students from several of the counties held reunions and 'reasoned during the holidays. Some of the moves are obtained at Dec. 17-Leander Clark at Iowa City.

The Organizers

Below follows a list of counties in Iowa with the student organizers named for the counties. The name of the organizer follows the name of the county.

Captains Work Hard for Military Ball

(Continued from page one)
tention will be paid to the gallery, as the decorations will be arranged to give those viewing the party from the higher strain an unobstructed view of the entire floor. The rail around the running track will be completely covered with cloth as will the gun lockers below, and around the wall under-traits innumerable flags will be hung. Various small features in the way of punch booths, rest rooms, etc., will be arranged, and the whole scheme should work into a most admirable decoration.

Chairman Hanna of the committee plans to have all the preliminaries out of the way before selection in order to start the actual work of the decoration immediately after the reopening of school.

Although word has not been received as yet from Governor Clark, it is hoped that the Chief Executive will be in attendance at the party. The committee has invited him and hopes to have his answer within the week. Several officers stationed at the Rock Island Arsenal have been invited and it is probable that some of them will attend the function. It is the idea of the committee to make this party a real military ball, and it is their desire to get as many distin-
