IOWA QUINTET WINS FROM TEACHERS BY CLOSE SCORE

Raggeu Playing and Wild Throes Featured Game Throughout—Normalites Present Strong Team—First Half Tie Score

By the narrow margin of one point, Iowa managed to nose out a 21 to 20 victory over the state teacher's college, last night. Iowa was handicapped by the absence of Capt. Gardner, who is still suffering from a severe attack of rheumatism. At all times the Hawkeyes forced the turning of the game to their favor because they were more quickly wagged all through the Hawkeyes managed to neutralize their slight advantage.

Poor basket shooting on the part of the Iowa five must be held directly for the closeness of the score. Although the Normalites gained closely, the Iowans were given innumerable chances to ring up marks, and when they missed most of their opportunities. Throughout the exhibition was a razzed affair. Aside from the inability of the Normalites to meet at critical moments, there was much wild passing which had a tendency to slow the game. In the last five minutes of play, the Hawkeyes fighting with grit determined showed some flash of basket ball ability, but the form shown throughout the game was no indication of the real Hawkeye strength.

Trackman at running pains, Van Luykum at forward, received great applause for their splendid work. Van Luykum was the leading scorer for Iowa, raking the ball five times. Lomax and Clapper started for the teachers.

Upon the whole the showing of the Iowans was satisfactory. The local boys were all on their mettle, and were necessary because they were weak, but because their opponents were of unusual strength. From few to none the improvement can be looked for.

RATIONAL TYPESPIT ASSOCIATION

The Daily Iowan suggests that boys be taken by university authorities or by members of the Hawkeye club towards the erection of a similar table. Mr. J. A. Trickey whose recent death was a great loss to the university and to his many friends. Trickey was one of the greatest artists who ever lived for Old Gold and in addition was of superior type of manhood.

A tablet erected to his memory in the Natural Science building would be a source of inspiration to young artists who stood before and meditated upon the man who is commemorated.

The RED ROSE

One of the most notable musical events of the season will be the coming of John C. Fisher's great "The Red Rose" to the Emp- 0 tint, Jan. 15. It will be the first local appearance of this sensational musical comedy and with it will come the New York company with large chorus.

"The Red Rose" has to do with student life in the Latin quarter of Paris. The locale is suggestive of Paris and its magnificent history. Small stories deals with the love of a young biblical student for Aline, an exquisite model, toast of the national advantage and with the distinguished artists of the world. Although still a young woman, her voice has all the qualities of maturify. All her life every educational advantage has been placed at her disposal to develop the virtuous and noble gifts given her by nature. She is the daughter of a wealthy and distinguised artist and is the most eligible candidate of the college. She is also associated with the Chicago-Fred-erick Grand Opera Company. Her voice is well known in many American homes because of her singing for the Victor records. One night during the course of Jellet, the Adrian tenor singer, then singing Romeo, almost croaked her, but לט was his fault.

She is the fourth of the great opera stars to be heard in Iowa City for four consecutive years and full house is predicted for her.

Y. M. C. A. NOTICE

Tonight at thirty-six, many of the thirty-six men delegates to the Student Volunteer convention at Kansas City will report upon the biggest convention ever held in the world, at Cline Hall. Each man will have one and one half minutes to present his argument in favor of the convention. Roy Vankem will preside. Miss Gillie O. Pfeiffer will hold the candle of the auditorium delegates. The meeting will close promptly at 7:45 for the meeting of the large committee which meets from 1:15 to 8:00.

Four of Great Stars to Be Heard Here

An Australian prima donna, soprano, one of the leading principals of New York's Metropolitan Grand Opera company, and a singer of international fame, is the rec- ord of Miss Frances Alda, singer of Iowa City in Tuesday evening. Few have greater popularity than this young gifted artist who is blessed with beauty of feature and beauty of voice. Never since through the operatic world a few seasons ago has maintained her position with the distinguished artists of the world. Although still a young woman, her voice has all the qualities of maturify. All her life every educational advantage has been placed at her disposal to develop the virtuous and noble gifts given her by nature.
