DR. NEWTON GIVES LECTURE ON NOYES

Also Some Selections From Poets' Writings May Be Read by University Talent

Dr. Joseph Newton of Cedar Rapids will lecture at the university Monday night, January 12, taking as his theme the English poet Alfred, who is to appear at Iowa City ten days later. The exact subject has not yet been announced, but his talk will deal with the personality of the poet as well as his works.

This will be a good opportunity for students and townspeople to learn of Mr. Noyes from a man who speaks not only from his knowledge of a poet, but also from a personal acquaintance with the poet. Dr. Newton had the opportunity of hearing Mr. Noyes at Cæsar Bynoe's last spring and speaks of high terms of his merits as both poet and man.

Mr. Noyes is known in Iowa City people on account of his frequent lectures and verse talks for many years. Three years ago he gave a lecture here in the armory and two years ago instead on Shakespeare. During the last summer session he gave a series of talks on modern authors and the greatest poets.

It is also planned to have selec-
tions from Mr. Noyes' poetry read by some of the students. Members of the public speaking in connection with the lecture by Dr. Newton. A combined program of this kind will give those who attend a better knowledge of both the man and his work.

The program will be held in the natural science auditorium at eight o'clock. There will be no charge for admission.

Dr. Joseph Newton, a University of Chicago graduate, has won wide recognition as a poet and scholar and has written extensively in French and English for many years. His poems and essays have been published in various magazines and he has taught at many universities. He is the author of several books on literature and poetry, and is a member of the American Academy of Arts and Sciences.

KELLOGG TO MINNEAPOLIS

Manager Kellogg will leave to-night for Minneapolis to make arrangements for the Minnesota base ball date for next season. A few days ago the Chicago papers gave the date of the Iowa-Minnesota contest as October 22 but this was not official just what will be done is not announced.

While in Minneapolis Mr. Kellogg will visit with his wife at Lake City where she is at the bedside of her mother who is very ill.

CORNELL TO PLAY HERE

Cornell will furnish the material for the third battle on the army floor when the National Guerilla of Illinois and the Guerilla of Iowa will meet tonight. This is the third of the series to be placed with schools of the state in season.

ENTERTAINMENT PLANS LAID BY IOWA UNION

PAPERS FROM EVERY COUNTY IN STATE ON FILE IN UNION FOR STUDENTS

Plan to Hold Party Every Other Fri-
day Night—Committees Are App-
rop.oted—To Vote Secretly in Secre-
tary and Treasurer of Union

Standing committees for the year were appointed at the business meeting of the union: chairman, Mr. Lauer, German instructor who speaks not only from his knowledge of the language but also from a personal acquaintance with the speaker. The second committee will consist of persons who are members of the order and who will be appointed by the union officers.

It was decided that as soon as things were well under way the union would hold a party every other Friday night, and alternate Friday nights a mixer in the union rooms. These functions would be for union members only.

It is believed that raising money in the rooms would prove a drawing card, and to this end the papers from each county in the state will be read regularly at the union.

There will be kept on file and it will be the privilege of each member to receive copies from home in the mail. The hours during which the rooms will be open will be changed from 8 till 9 till 9 till 10. The committee will endeavor to make the rooms the best for athletic purposes, and to the hall yet they man In his line are naturally more ad vanta-
gious than is commonly "arranged for.

Every light in the armory has been utilized to give the proper lighting effects to the half ball; they have even added a great many new lights, and a soft glow to the room is more than a "Cozy Island Dance." The committee began to decorate two weeks ago, and have made a large number of decorations for the usual formal party, yet up to a late hour last night the members were still on the armory floor ar-
ning to eat and catch a few minu-
tes of sleep in delays so that every-
thing might be in readiness by this
afternoon.

Programs were distributed early afternoon and indications pointed to filling the floor of the armory comfortably. The committee has arranged for a large crowd and made their preparations accordingly.

**SCHEDULE IS NOW COMPLETE**

Basket Ball Schedule Complete for Year—Thirteen Games Yet to be Played

Manager Kellogg has made the final arrangements for the present basket ball season with but one exception. The date of the Iowa game will be either the thirteenth or the thirteenth of Jan. Six games still remain to be played on the memory floor and seven outside, making a total of thirteen, usually an unlucky number. In this case, however, it is believed by those who know that the number will lose its usual reputation for the Iowa aggregations have been shooting both speed and skill.

Of the thirteen contest yet to be staged, six will be with conference squads and six with schools in the state. The remaining game will be pushed off at Northfield, Minnesota, with Carlton college on the opposing side.

The schedule follows:

Jan. 19—Minneapolis, here.
Jan. 23—Grinnell, here.
Jan. 26 or 31—Ames, here.
Feb. 11—Normal at Cedar Falls.
Feb. 12—Minnesota at Minneapolis.
Feb. 13—Carlton at Northfield, Minnesota.
Feb. 17—Chicago, at Chicago.
Feb. 21—Northwestern, here.
Feb. 27—Grinnell, at Grinnell.
March 5—Northwestern, at Evanston.

**SPEAKS TO CHEMICAL SEMINAR**

On Tuesday Walter M. Cavin, a graduate from the college in chemistry, spoke to the chemical seminar in post-graduation experiences in the rubber industry. Immediately after graduation Mr. Cavin, through the recommendation of the Department of Chemistry, through the recommendation of the department of chemistry, was appointed to a position with the United States Rubber Co. This company which operates 23 factories in different parts of the country has incorporated a system of training promising young men from a few of the leading technical colleges, starting them for a year in the factory in order that they may learn the methods used there, then promoting them to the main laboratory where the chemical work is carried on. From that time promotion is made only by their abilities. Mr. Cavin is one of the few selected last year. He is the present in Indianapolis.

Entertainment plans laid by Iowa union

The day, and quiet places will also be provided where the men may hold quiet dances. Arrangements will be made to furnish entertainment for the women at the meeting. It is believed that since the success of the union's activities, they must devote a great deal of their time and energy to the proper charges of their duties that they should receive pay the same as a secretary of a Commercial club or a similar organization. Orliva Harris was elected to assist the present secretary, Louis Schurp.

Following are the committees named:
- President—Robert Cornelius, Bok H interviewer, Ralph Teems
- Board—Ed Feeney, Louis Freshman, Robert Penhirt, Charles Talbot, Clarence Hecner, Patric—Lloyd Darling, L. N. Hildebrand, Lawrence Fehr.
- Directors—Sue Supp, Hildbrand, Lawrence Fehr.

These committees are requested to meet with the board of directors on Sunday afternoon at 2:15.

Tango may be danced IF DONE PROPERLY

The tango may be included in the program of the university if it is done properly and is free from the objectionable characteristics which sometimes feature it. Such is the decision of the board of directors at the recent meeting, and their interpretation of the ruling passed earlier in the year in regard to the much-discussed dance will be found almost as quoted in this paper. The board states that its previous mandate was not directed specifically against the tango but was to specify that the ban upon all dances of an objectionable and improper sort. The dance is included in the schedule with the devotion of Tupper, and the objection will be made to tango, the hesitation, casta walk, etc., if they are done in a proper manner.

The ruling of the university officials, following closely as it does upon a similar ruling taken by the Nebraska university board, criticizes clearly that the attitude toward the dance has changed greatly in the past two or three months. The new steps, when danced properly are sometimes objectionable which has caused the very name "tango" to be taboo.

Following this decision, comes the announcement that university students will be given the opportunity of being initiated into the mysteries of the tango add in in by capable instructors. Miss Ella Searle and Misses Clifford Hakes and Nelson McColland have organized a class for Saturday afternoons which will be held in St. Paul auditorium during this week. Those who saw Miss Searle and Mr. McColland in the Variety Vaudeville this fall know how proficient they were at Davenport last summer and have perfected his study along these lines with some of the best dancing partners in Chicago during the Christmas season. A class is also being started by these people among faculty members and own people to meet Monday at 10 o'clock.}
