GABRIEL IS WINNER OF ORATORICAL MEET

BEN. G. SWAB SECOND AND FRANK J. HICHSTADT WON THIRD PLACE

Every Ornament Demonstrated Careful Work of Orators—Gabriel a Regulator—Swab, a党史学习er—Hichstadt a Hamilton Representative

John H. Gabriel, Sophonathan, was the winner of the university oratorical contest held last evening and will represent the university at the N. C. L. which will be held at Wisconsin on May 1. Benjamin G. Swab, Sophomore, took second place, and Frank J. Hichstadt was accorded third. Mr. Swab will be the speaker for the SAVE the Substance Committee of Hamilton Club once which he held at Chicago April 11, and Mr. Hichstadt becomes first of his name.

The contest was exceptionally good from every standpoint. The orations displayed careful preparation regarding the subject matter and were delivered in a forceful manner, each leaving a powerful impression upon the audience.

Mr. Gabriel took as his subject: "The New Patriotism," and showed how the spirit of sacrifice and love had entered into the life of man. Mr. Swab traced the development of the beginning, when life was but a survival of the fittest, amongst the lower animals and among men. Although the new spirit of patriotism and the broader sympathy he said, America would lead the world, but even she was already the model and the guiding spirit of the nations of this hemisphere and many of those of the old world. In winning the contest Mr. Gabriel not only surpassed his opponent in the point from which he traced the developments, but his efforts were accorded the utmost praise by the judges of the three colleges and numerous of the old world. three and proved that if the United States was to hold her present position and leave to the world a model of economic industry she should build up the fourth pillar which would support her temple solidly. Mr. Rockefeller, in speaking on "The Revision of Our National Constitution," asserted that the constitution as drawn up in 1787 did not fully provide day needs and that revision of the backbone of our government was needed in order to make it possible for some of the laws, now inferior unconstitutional, which are necessary for the progress of the country, to become placed upon the statute books.

Local hawkers, president of the Presbyterian league, presided. The judges for the evening were Prof. A. Thomas, Prof. F. G. Kep, Prof. E. S. Stimson, H. V. Williamson, and R. E. Johnson. Below is the list of speakers in the order in which they appeared on the program:

2. "Our Chinese Policy"—J. S. Lewis.
