Mr. Olds is Member of Biological Survey—Will Lecture On Protection of Birds

Arrangements are being made by university professors interested for a return engagement of Henry Olds, who spoke here some time ago on "Bird Music" with such great success. Mr. Olds is a member of the Biological Survey and is thoroughly acquainted with the subject on which he speaks. While in the city this time he will lecture on the preservation of birds. The exact date of his coming has not yet been arranged, but it will be some time during the last week of March.

GUY VON ALDRICH

York Von Aldrich, who will succeed E. W. Tinker, as secretary of the Y. M. C. A. here after this academic year is ended, is a native of York, Pa. He graduated from the Yale college in 1897, then became associate secretary of the Y. M. C. A. of the university of Pennsylvania. After leaving Pennsylvania Mr. Aldrich was for two years traveling secretary of the student volunteer movement for foreign missions, visiting during that time, the colleges and universities of twenty-six states and of one Canadian province.

During the past three years, the coming Y. M. C. A. man has been the state student secretary of the state of Iowa, visiting twenty-five colleges and universities in the interest of the Y. M. C. A. Mr. Aldrich was one of the fifty delegates chosen to represent the North American student movement at the tenth biennial conference of the world's student Christian federation, which was held at Lake Geneva last June.

"BUNTY FILLS THE STRING"

It goes without saying that no minority of the last decade has created the same interest among theatre-goers as "Bunty." Almost unbelievable, it is true, to some holdouts in the country and immediately created a profound impression, so much so that Collier's Theatre in New York was crowded to its utmost capacity for over fifteen months. The secret of the play's success lies in the fact that it is so different from all plays that have gone before. It is all about a simple church-going folk in the Highlands of West Scotland, and bares to the home Scotch wit and moralism.

"Bunty" Higgin is her father's housekeeper. Her father, a prosperous crofter, is a pillar of the church. In his youth he desired his children to become crofters, and his daughter, who, where she finds him thirty years after, as he is about to be married to an old spinster against his will, "Bunty" comes to the rescue, little over a week, the union life membership roll has increased to 239. This includes applications, with promises to pay in the future. The object of this campaign is to offer a basis for requests for financial support from alumni. It is felt, that with a life membership roll of 240 or less, a far better appearance will be lent to a general campaign for funds among the alumni, as a real need for the proposed 1,000,000 structures will be apparent. The life membership fee is $50.00 payable in five yearly installments of $10.00 each.

Union Opera to Put On Play—To Have New Y. M. C. A. Building

Ann Arbor, March 2—Following a campaign of but little over a week, the union life membership roll has increased to 239. This includes applications, with promises to pay in the future. The object of this campaign is to offer a basis for requests for financial support from alumni. It is felt, that with a life membership roll of 240 or less, a far better appearance will be lent to a general campaign for funds among the alumni, as a real need for the proposed 1,000,000 structures will be apparent. GUY VON ALDRICH

With this remarkable record of

chrestmas activity during the past six years, Mr. Aldrich has well earned the right to take charge of the Y. M. C. A. work here at the state university of Iowa. A man vitally interested in student welfare and a man whose knowledge of students and student life the new secretary will take up his work with the coming of the student next fall. Wherever Mr. Aldrich has occasion to go he has made his work felt and appreciated.

ALUMNI LEAVES FOR THE FAR EAST

Rev. C. R. Zimmermann and Family of Massachusetts Will Sail for Japan Soon

C. R. Zimmermann, L. A. '88, formerly professor of the English language at Marburg will sail in a few days for Japan, by the way of San Francisco and Honolulu. He will take charge of a German school in Java. This school has 1460 students, of all races but mostly Chinese. The English language is the language one must know in China.

Mr. Zimmermann goes to the far east under the auspices of the Episcopal Church. For many years Mr. Zimmermann has been interested in his work, and this is the first favorable opportunity for him to get into the missionary field.

The town in white hides school is situated in a rich mining district. It is stated that every teacher is $12,000 for his work. The school for the missionary work is especially good, as the people are relatively quiet and live abiding by the missionary in his home.

Mr. Zimmermann will take with him, his wife and daughter and remain three years returning to the United States by the way of Egypt and the Palestine.

Y. M. C. A. CAMPAIGN TO HAVE NOTED LECTURERS

Two of Abbot of Modern Religious Spokesmen to Speak Local Campaign

When the Y. M. C. A. campaign begins on April 21, two of the ablest religious spokesmen of all time will appear on the program. John R. Mott and Osborn Burner have been secured by the local branch, and from previous indications the campaign will be a success in every way. It is far beyond the normal appeal for success depends on the ability of the speakers.

John R. Mott is without a question the leading religious statesman of the world. He is secretary to the World's Student Christian Federation and the leader of student Christian work in America. He has refused responsible positions offered to him by leading business organizations on the ground that he persists untiring his religious activities.

Miss Burner is the national secretary of the Y. W. C. A. and is an efficient and effective leader in her work. She has delivered several addresses before the Student Volunteer convention in Kansas City during the Christmas vacation, and is consequently known to at least a few Iowa students.
