In a game that was fast and furious from start to finish, the Hawkeye basketball team lost to the Buckeyes five to two in the first 10 minutes. The great difference in the score does not indicate the closeness of the game. The remarkable accuracy of the purple and white men in throwing baskets is the real identify of the score.

With the game at Evanston, loot the basketball season for the Hawkeyes ended. The ticket will return sometime today.

THE GYMNASIUM JOURNEY

Iowa spirit was at its height last night and helped the Iowa gymnastic team to win the first tournament of the kind ever held here. The winning of this meet is a distinct honor to the university. For several years there has been a growing interest in this branch of athletics. This growing interest brought into existence yesterday a new organization called "The Iowa State Gymnastic Association." The new association received a great boost last night from the students of this university. We believe that every person who witnessed the exhibition was more than pleased with the results. Gymnastic work is one of the clearest branches of athletics. There is absolutely no opportunity for unfair play and the success or failure depends entirely upon the athlete.

Here is hoping that this new organization will meet sitting but success to its future activities.

IOWA UNION EXPENSES

Although the Iowa union is in its infancy and has undertaken many big moves which are certain to develop into one of the strongest student unions of this kind in the country, the future of this organization are in fair good conditions. The union dances have proven to be a great success, not only as a money maker but as an advertising agent. While the deficit on the cabinet dinner left the treasury a little low it certainly was not a failure.

Following is the report of the finance committee submitted at the last meeting of the board of directors:

To account of the Iowa union dance held Saturday night.

TEN ARE CHOSEN AS PHI BETA KAPPA

Distinct Honor to University Students-Representatives Scholastic Work

Ten persons were chosen from this year's senior class of the university, Friday evening, to become members of Phi Beta Kappa, the honorary scholastic society. According to the constitution of the state university of Iowa chapter of the Phi Beta Kappa society only those graduates who have a specified amount of credit in Greek and Latin only, are eligible for membership. Of the number who are thus eligible only that one-fourth whose standings are highest can be elected, providing their standing does not fall below the average of 85.

This year there are 170 graduates in the college of liberal arts. Of these, forty have the required credit in Greek and Latin or in Latin only. Those forty include five men and thirty-five women. Only ten of the forty having the required amount of ancient classical languages could be elected, viz., the ten whose average during the university career are highest, providing this average should not be less than 85. Of this basic two and eight women were elected last evening to membership in the local chapter.

It is of interest to note in this connection that in the case of last year's Phi Beta Kappa class the proportion of eligible women elected was exactly the same as the proportion of eligible men elected.

The following were elected: John W. Brooks, Hedarlik; Uda L. Hamren, Kansas City, Mo.; Jada Handley, Tipton; Annan Hobbs, Winfield; Buda C. Kilner; Wilder; Kathryn E. Montgomery, Washington; Esther Paulus, Corner Streets, Iowa City; Eva L. Rhyno, Winterset; Allen B. Shopp, Harlan; and Mrs. Whitehead, Winterset.

Mr. and Mrs. Wickham were the chaperones of Company I last night. The Delta Chi fraternity gave a dance Friday evening at Burgess' Mr. and Mrs. Lewis were the chaperones.
