ATHLETIC BOARD MAKES
ANSWER TO THE PETITION
Every Charge Made By Alumni Considered By Board—Stand Firmly Back Of Kellogg—Thorough Investigation

The news concerning the petition presented against Manager N. A. Kellogg, which has been occupying the attention of the board, brought out the names of prominent alumni. Many of these led ones denied any connection with the matter for the whole affair is entirely a matter for the whole board, they said, and let the board do the talking and let the board do the signing. Mr. Kellogg, manager of athletics, the allegations, the press for the removal of Mr. Kellogg, said that he is keenly interested. The board, however, has never been conformed individually or officially by the persons who seek to change the present arrangements and who are making charges against the manager.

The charges made against Mr. Kellogg are to the effect that he has been excessive in his expenditure on equipment and physical welfare of students. The charges that are made against Mr. Kellogg, it is necessary to be said to those who seek to change the present arrangements and who are making charges against the manager.

WHY NOT THE BAND?
If the glee club can take a trip during vacation, why can the band not do the same. The purpose of sending the glee club for every mid-year vacation is to advertise the university. Would not a tour by the band fulfill the same purpose? To do so for the student body. The band has been faithful in its work during the past few years and is one of the best institutions in the Iowa Campus. The men turn out in full force for every parade, every game, every celebration and for every activity where a band can be utilized and all for the sake of being loyal to Iowa. Band of the state university of Iowa is carried by none in the state and the band is the most critical inspection. If this is true, the band boys will not just be fair to the band boys to give them a trip throughout a part of the state during the spring vacation.

EVEN CLOSE HALL PHONE 60

united by the glee club would add considerable value to the university. Thus the band will stand the most critical inspection. Band of the state university of Iowa is carried by none in the state and the band is the most critical inspection.

JUDGE NOT
When a man commits a crime in the United States, he is brought to trial but he is held innocent until proved guilty unless he confesses his guilt. No court in the land will render judgment against a man who has not been proved guilty by a jury of twelve honest disinterested men. Are we, the students of the State University of Iowa, better able to render judgment than the exponents of the law who are chosen by reason of their highmindedness and uprightness, that we can sit in judgment on the state board of education that has and yet has been brought to trial. It is true that to the casual observer it seems that an offense has been committed and an offense greater than that of the only punishment, but we do not know what are the ideas and intentions of the state board of education. And until we do know, let us withhold judgment. But whatever the outcome of the present struggle let us uphold our president and let us feel proud that we have had president who had the courage to live up to his convictions.

There is no one in the entire state of Iowa more vitally interested in the outcome of the present educational turmoil that besets Iowa, than is the student body, and no one has a better right to demand that justice be done. Let us therefore demand that a sweeping investigation be made and that the accused be brought to trial. It is our right, for a good share of the future success of the State University of Iowa, our own institution, the guiding hand in the formation of our lives, depends on the outcome of the present struggle. But let us withhold our judgment until the investigation is made and then speak forever hold our peace. H. F. M.

CATERED FOR FRATERNITY MEMBERS

THE PROFESSIONAL FRATERNITY
ORGANIZE LEAGUE

The professional fraternities of the university have organized a professional fraternity baseball league. The following offers have been elected:
President—Leo Dick
Vice-President—Ingham
Secretary and Treasurer—Marq. Gory
Following is the list of the fraternity's and their representatives:
Phi Alpha Delta—Patterson
Nu Sigma No—Ingham and Foster
Delta Sigma Delta—Hagen
Phi Delta Chi—MacGee
Omega Omicron—Krause
Phi Beta.

It is purposed to play a series of games to be played to determine the exclusive privileges of the boards.

To say that only alumni give loyal service to the university is indeed a reflection upon the many of the most notable and conspicuous faithful members of the Fraternity Board.

It should perhaps also be emphasized that by the Constitution of the Chicago Conference, Iowa can remain only as long as the faculty control is preserved. The loss of faculty means automatic withdrawal from the Conference.

The above statement is made by the Board in the belief that such a statement is, fair and just and to the end that the alumni and students should be informed of present conditions.

PEARSON REFUSES TO CONFIRM RESIGNATION

Head of State College Refuses to Discuss Rumored Resignation At Present

President Pearson of Ames refused to talk about the rumor that he would resign, in an interview by a Iowa reporter yesterday. He stated that he was here at the request of the board of education, which sends him here today, but gave no further reason for his presence.

He said that while he was not fit for his position, there is a need for a man big enough to take charge of the proposed clearing system, they offered John Mott a quarter of a million dollars for his place. He refused them all and accepts a member salary, less than many university professors receive, to hold his place as the international secretary of the association of student religious work. It’s a bigger job in a bigger way than any of the others he says.

Five times he has circled the globe in interests of his work. He has been a member of the Royal Geographical society, and hold an L. D. from the university of Edinburgh. He has made firsts in everything with which this great event involved. The Y. M. C. A. hopes to make this a great thing for Iowa. Great posters that no such interest ever had. The rumor of his resignation is expected to arouse the interest which they stated, with references to the rumored resignation of Dean Ansley, that he did not know, but believed that no such resignation is in the hands of the board. He declined to offer an opinion of the resignation of President Bowman. The building committee, of the board met last night at the Johnson Hotel, but had not adjourned when the Iowa went to press, so nothing definite could be obtained concerning their action at that time.

CONSPIRACY CLUB

A short business meeting, followed by social, will be held on Sunday, March 28, at 8 p.m. in Cliswell hall. All members are requested to be present.
