SAT MEETING TO BE HELD TONIGHT

HARDEES OF RELIGIOUS MOVEMENT
TO SPEAK IN THE CHURCHES THIS A.M.

Bay College Meetings Held—Lectures
Spoke at Freeport and Club House—Address Well Attended.

The main meeting for men to be held at 8:30 and the meeting at 7:30 tonight will be addressed by the late Robert H. McCord, the esteemed departure for religion which has been held at the university for the last four days. Professor Thomas A. MacBride, who spoke over the meeting this afternoon, said the meetings will be the most interesting and largest attended of its kind in the country. They spread to all parts of the nation and have a great influence in bringing together the most capable graduates in the country. They spread to all parts of the nation and have a great influence in bringing together the most capable graduates in the country.

The efficiency of the dental department is shown partly by the large yearly increase of the number of patients from many of the neighboring towns and from the city. The clinic during the past year treated 14,741 patients. This keeps the students busy from the beginning and continues until the good practice that is going to count when the student is out in the world for himself.

INTEREST IS SHOWN
FOR COMMENCEMENT

With commencement week fast coming in view, great preparation for the many details of the occasion is being made by the student governmental groups of the university, and a fevered interest is fast taking hold of the students who expect to receive the diploma at that time. Presently afternoon the different student groups took up literary work and prepared for speakers to meet in their classes at 5:00 or 6:00 o'clock to consider ideas for the commencement program. The societies always work together on this proposition and it is thought better results are obtained than if each class would try to do out the other. O. H. Prater was appointed as chairman.

SIGMA DELTA CHI

SIGMA DELTA CHI will hold a special meeting of Sigma Delta Chi this afternoon at 3:30 sharp. Meet at the Iowa office. Every member is expected to attend.

FOR PICKED STUDENTS

There will be a special meeting of picked students when President Mott will talk. Voting delegates are also urged to come to this.

INTERCOLLEGIATE TEAM
TO HOLD TRY-OUTS TOMORROW

At the meeting which was held yesterday morning by the men who are going to try out for the intercollegiate debating team, the drawing was made for places. Of the thirty-three men who had been called, only eight of the try-outs there were only 33 present, and thus there are many places left vacant which will later be filled. The try-outs will occur on May 11th and 16th on the question. Judge Emil Hawkeye, of the Peoria Normal College will act as judge.

The men were given below in order of their speaking: Murray, Hulcher, Hodges, Perry, Clemaur, Shaw, Short, Pipher, Hall, Turner, Lemm, Barker and Currell.

STATE BOARD MAKES IMPORTANT CHANGES

JUDGE MCLAUGHLIN TO RETURN TO
UNIVERSITY—PRESIDENT'S
SALARY RAISED

Schaeffer and Ames Masters Referred
to Committees—Question of New Buildings Did Not Come.

Judge Mclaughlin will come back to the university next September, taking the position recently re-occupied by Harry Gilbert in the college of law. This important appointment was made Friday with the state board of education met at Ames. The salary of the president of the university was raised by the state board of education yesterday, from $10,000 to $12,500. O. K. Gilmour was elected advising director of the extension department of the university. The President Schaeffer was not referred to the committees. The resignation of Professor Ames was also referred to the committee.

It was stated that the building committee of the university would be given consideration, concerning the new gymnasium, and the museum, but none but bad been done. It is likely that this matter will be taken up at the next meeting of the state board of education.

CAMPUS HAS AIR
OF HOUSE CLEANING
Old Trees Have Been Cut Down to Suit New Conditions.

Unusual interest is being taken by the authorities in charge of the campus grounds of the university for a good spring cleaning and the cutting of the old 30's which have been hanging over all winter. The campus is thought by old residents in the city to be the best kept of the two campuses for many years, the work being hindered the last few years by the continual building and fixing up of old and new structures of the university.

For the last few days, a crew of men have been working on the campus grounds of the trees which have stood for many scores of years. Three or four of the oldest trees and consequently those which are no longer suited to the arrangement of buildings have been cut down and moved into fire wood. These trees have offered the shady and cool spots for many students, and have offered a background for numerous graduating classes as the campus took the place of the studio gallery of today.

Not only has the work been directed towards trees but the grounds have been travelled over by the students of the college and the result of this work is that it has the appearance of a tennis court. Several of the sidewalks have been relaid for many students, and have offered a bucolic for numerous graduating classes as the campus took the place of the studio gallery of today.
