DORCEL DANCE TONIGHT
Former Iowa City boy comes from New York City to give program of song.

Unusually interesting to Iowa city people is the concert to be given tonight in the natural science auditorium by George Gilch, the noted belter of America. Mr. Macbride was formerly an Iowa City boy and this is the first concert he will give before his own people. He is a singer who comes as recognized not only in his own country, but in Italy, where he has studied. During his dozen or more years absence from Iowa City he has perfected a voice which has received favorable comment from those who have seen or heard him.

While this is his first public concert in his home town, he sang concerts about two years ago. Shippin, into the old club house, but he has sung as a boy, to sing an "Ave Maria" which demonstrated the rich area of his well trained voice.

One day in the late autumn of last year, a stripping big cow-puncher rode up in her father's ranch and asked to see the foreman. It took a short time to arrange details for the job and a few minutes later Tom Hardy turned his pony into the ranch corral, threw his "war-bag" into the bunkhouse and was ready for work.

DR. SATO SAYS THAT JAPAN IS STILL FRIENDLY

DECLARIES THAT HIS COUNTRY OWES MUCH TO THE UNITED STATES.

Also Trips of Wonderful Development of the Oriental Country Within the Past Fifty Years—Will Lecture To­day.

"We shall always look for peace and friendship from the western world, and especially from America. We wish to see the two great nations work to maintain and cultivate the historical peace and friendship between the United States and the empire of Japan," said Dr. Sato, who has devoted his life to the study of China and Japan, and both the Orient and the Occident, for instance.

"We have our own imperialism based upon the historical evolution of fanaticism and militarism abroad and upon the cordial friendship of the East and the West, which has its roots in the ancient exchange professor, a new visitor of the world.

"Dr. Sato pulled out his habitu­ally well-dressed manner and touched upon the historical evolution of Chinese civilization, which is the foundation of the new imperialism. In fact, the light of civilization and human­ity have shone in the Orient's commerce as in the Orient's world."

"It is the greatest day of the world," said Dr. Sato, "and we are invited to be a sort of world to the Orient's world." The meeting will be a sort of world to the Oriental world.

"If we work for the welfare of all the states of Iowa, we will have our own imperialism. Imagination, a new day, is the day of the world."
