SHORT RELAY DECIDES BIG MEET FOR DAVENPORT TEAM

West Des Moines High Puts up Spectacular Fight to Oust Davenport-Broad Jump Record Broken

Featured by a spectacular score between Davenport and West Des Moines high school, the never-acquainted track and field teams met in football field on gold-yesterday afternoon. Davenport won the meet with a score of 45 points against West Des Moines, which followed congenially close with 41 points. It took the half-hour delay to decide the official of the old-fashioned coin toss. But Rock Island and Iowa City won the game in three and two points against respective visiting teams, giving Davenport and West Des Moines rubber matches giving the meet to Davenport.

Blindly, of course, Des Moines was the in front in the meet made of 10 events. This was due to the break when he leaped 21 feet 2 1/2 inches, taking the record from 28 feet 1 1/2 inches, Davenport that he leaped 23 feet at 5 feet 6 inches. A large crowd, made up of visitors from the high schools, students and their friends was present.

The day was ideal and, with the exception of a somewhat soft track, which perhaps made the time a little slow the event was a success.

The most immediate point of the day was one of the most expected from West Des Moines.

There were no individuals rated for the all-state team, which was expected.

DONT BE A CLAM

Did you ever see a clam on his native heath? Have you noticed how he slams his shell shut when anything approaches, whether it be good or bad?

Some people are like clams. They clap together the shells of their don't-care-tive-ness, and--whiz!--the best of good things go by, and they never know it.

Poor things!
