OFFICERS ELECTED FOR COSMOPOLITAN CLUB.

Year's Work Closed Last Saturday;

When Annual Picnic Was Held

At Black Springs.

The year's work for the Cosmopolitan club was closed last Saturday, when the annual picnic and election of officers was held at Black Springs. Contrary to the usual custom both these events were run off at the same meeting. As a feature of the meeting, two sessions and thus leaving room for another gathering of a social nature. About twenty-five of the members gathered out at the springs for the afternoon and even- ing and had their headquarters in the chosen campus and tents on the knob. Because of the fact that it was Saturday afternoon the entire membership was not able to be present but those that were there enjoyed one of the most delightful sights of the year.

The officers who were elected for the following year are as follows:

President—Payne H. Tang.

Vice-President—Grace Turner.

Secretary—E. W. Wade.

Treasurer—Rollin Oldaker.

Collar Comfort
The strictly hand-turned collars you get from the New Process are the most com- fortable collars you ever wear. We feel certain of this. They are turned just right by old, ex- perienced hands, that make them as smooth as polished pewter. That soft, velvety feel to the neck is appreciated by men who wear stiff collars.

The freshmen class is going to bring a new feature in the running of its financial business this year by driving a freshmen police and doing extra holiday afternoon and evening at the City park. The money from the freshmen party last fall will be turned over for this party by the class and will presumably be free to all the members of the freshmen class. This is the first year in the history of the university where the left over from all parties of the like was not taken by the members in charge of the affair. Every fresh man police and for this event and show the university what sort of a class they have to contend with.

Sophomore Pleading for Sororities in Future

DES MOINES—Only Five Bluebonnets Allowed at Single Mixed Party—New Rule to Start Next Semester

Whirl while nothing is designed in regard to the future handling of the registered women of sorority ranking yet it has been fully resolved that sororophors pleading will be in vogue the next school year. This has been a question on the mind of the ruling body of the local sororities for some time and has consequently left this year's ranking in a somewhat uncer- tain condition.

The pledging will start according to the recent resolutions drawn up by the Pan-Hellenic council last fall. It will begin the following week and will continue to the end of the semester. There will be no limit to the number of parties given by the sororities yet a ban has been placed on the number of rushings at a party. There will only be five rushers to each party, which is quite a change over the old plan when as many as a dozen were present at a single house for a party.

TROPHY FOR GYM TEAM
A splendid trophy for the champion gymnasium team has arrived at the university where it will be mounted. The trophy is in the form of a black shield with a brown figure of the Wapello Victory of that famous center. On either side of the central figure is a small seal of the university and beneath it is a bronze tablet on which the names of the winning teams will be inscribed sometime during the summer. The shield will not be delivered to the school at present, but the Wolf brothers of Clark D. Patten, Henry Houck, Carl Jordan, Harry Gott- haar, and C. H. Herman.

LAWYERS WILL COME TO STATE BAR MEET

Annual Address To Be Made By Pro-

fessor Roger F. Pound of Harvard. Meeting To Be June 25 to 29

Lawyers all over the state are taking a very great interest in the announcement, that the annual ad-

dress before the Iowa City Bar As-

sociation at the annual meeting, to be held in the city on June 25 and 26, is to be given by Professor R.

o Round of Harvard. No man in the profession is more in the public eye today than Pro-

fessor Pound. He is perhaps best known for the work he has done and articles he has written up-

on what has been called the social-

ization of the law, that is, that the

welfare of society rather than the single individual is the end of jus-

tice, and he has written much show-

ing this to be the present tendency

in the law and the court.

He is not a radical reformer but

one of the greatest leaders of

thought in America today, who is

earning an earnest and intelligent

respect in both main and liberal

circles, and is well fitted to wipe out the causes of the pres-

cent day criticisms by the public

and the bar and the lawyers.

The Iowa Bar Association is very in-

trigued to secure Professor Pound at

this time as he has written a

treatise on divorce addresses to

meetings of bar, lawyers and sociologists all over the

country.

Professor Pound is a western man, and is one of the greatest

literary and practical lawyers in

the profession, having, at the

Law School Law of our state, and he is rec-

ognized as one of the greatest legal

scholars of the present day.

The officers of the Bar Associ-
