Old Splendid Work in Dolls and Apparatus Work—Shaded Value of System

The Sokol association of Cedar Rapids gave a splendid exhibition last evening at the armory under the auspices of the physical training of the university. In the drills which were given there were about twenty men and twenty-five women, and the men also gave many exhibits on the apparatus. The Cedar Rapids association has some of the most skilled of this in the country, and they certainly showed up well in their work last evening. They are athletes from the world over every one of them, and they assert their movements with a zeal, a precision, and a smoothness that would be accom­plished by nothing but hard, constant, and prolonged training.

Four years ago this team won the A. 0. U. gymnastic competition in New York, and two of the teams held the same position on the national, and the A. 0. U. but of the abilities as well.

The exhibition was arranged for the purpose of giving the students and their friends a chance to ac­quaint themselves with the Sokol system of physical culture which not only includes gymnastics, but athletics as well.

The program as rendered last evening was as follows:

3. Parade (a) horizontal line (b) parallel line (c) odd numbers.
4. Polka (a gymnastic dance) women.
5. Parallel line, 1 team.
6. French Calisthenics, 1 team.
7. Mazurka (a gymnastic dance) women.
8. High jump, 1 team.
9. Omaha Calisthenics, all men.

The military department has done its best to keep the band and make the drill compulsory on the part of the students, it can safely be said it will be in part in part, and that all the men will turn out and after­noon to show their respect for the exercises, living and dead who fought in the war of the rebellion.

HAWKEYE WRESTLERS WILL ENGAGE COACH

Westward of World Fame May Lead Wrestlers To Victory

Iowa is promised a great wrestling team for next year. At a meeting of the wrestling club held Wednesday afternoon, yesterday, the officials of the club were elected and plans discussed for the coming season.

The past year has been one of suc­cess for the Hawkeye wrestling squad. In the match with Nebraska and the University of Iowa, the former lost in both contests. They are hoping to engage the University for two more games, and if this is successful, they will have a star of many famous men and hopes in the place of Van der Zee. The appearance of him at the wrestling world here next year.

At the last meeting of the "F "club the advisability of granting A's to members of the wrestling world was discussed. At that time nothing definite was done but it is reported that something of this nature will be brought up at a later meeting.

The exhibition was arranged for the purpose of giving the students and their friends a chance to ac­quaint themselves with the Sokol system of physical culture which not only includes gymnastics, but athletics as well.

TENNIS FINALS TO BE PLAYED

Eligibilities.

SCHROEDER and VAN DER ZEES TO CHALLENGE FOR CHAMPIONSHIP OF UNIVERSITY

University tennis is rapidly draw­ing to a close. The semi-finals have been played, having Schroeder and Van der Zee in the arena for the championship of the university.

The semi-finals were played between Hoffman and Schroeder, and Van der Zee. The game between these men was a very close one.

Heisman and Schroeder was one worthily of the game. The first set of this set won by Van der Zee, the latter set won by Schroeder. The second set of this set was one of the most exciting that has been played on the university tennis courts this season. The championship game will be played between Schroeder and Van der Zee within the next few days.

MEETINGS TO BE HELD ON FRIDAY

DENTS AND LAWS TO CLASH—IF DENTS WIN GAME FRIDAY—WILL DIVIDE Second Place Monday Afternoon.

The inter-department baseball is at an end for this year, the last games to be played next Monday. The present standing of the teams is in a rather peculiar situation. The yells of Iowa have won the only game played against these affiliates, and upon this game depends a great deal. If the dentist beat the laws they will claim the championship of the yells. On the other hand, the laws will win the match and they will be a star of fame among dental faculty and the dental arts. Monday afternoon is the day when a glorious sweep is looked forward to.

If the dentist wins the game Friday afternoon, they will immediately be declared the University champions of the state university of Iowa and then it will be another fine open battle between the faculty and the dental arts Monday afternoon for second honors.

The Phœnixes have played every game of the season, as scheduled, while several of the other teams (Continued on page four.)

FACULTY DOWNS ENGINEER TEAM

Teachers Win From Engineers. By Low Score of 7 to 0—Close Game Throughout

Monday afternoon Kellogg's facul­ty supporters downed the engineers seven to three on Iowa field. The faculty art was short and at three to two some even after two were out in the final contest. Thomas started a rally by blunting safety, but Van der Zee, running to his game, found it a little too late to cope his own game with another safety scoring two. Schroeder played a drive into the footpath backers, and there was a slip over on the down that made the sweeplook end to.

The rally noticed this run and an­other jump in percentages for the faculty.

DEMAND DAY

Next Saturday, the nation will pay
homage to the soldiers of the civil
war. The advance of years has
thinned the ranks of the veterans of
the bloody battlefield of the south,
and in our youthful zeal dreamed of
the Union forever. But who has
listened in breathless wonder to the
story of those who have not
lived to see the glorious dreams of
1861 to 1866. There is not one
surviving veteran but who has
unselfishly given his best to the
cause in which he believed. He is the
main guy of the day. These few that are to
march have a right to be proud of the sons of
veterans in so great a service. If the soldiers
were called to-day that many of the sons whose
names are feebly written in the annals of
history have been asked to participate. This
request is not in comparison with the
sentiment toward this and dead, who marched to the south.

The baseball Reporter
Baseball is the only business whose press agents are paid to be
successful. The Monitor has responded isn't in comparison with the
sentiment toward this and dead, who marched to the south.

"Professor"

A "professor" is a polypod. He is a learned scientist—or a whip-crack er—in a one-ring circus. He is a distinguished scholar—or a burlesque performer—of polish medicine. He is a leader of the nation—or a blowhard—of the side show piano. He is a magnificent dreamer—or an end man in a freak show comedy. He is a champion of Idas—or a fiddler at a country side street. He is an idealist, the minister of a coming generation—or a charming master. Everyone is a "professional" Americana. None is too high and none too low, to enter.

THE POWER

"O woe that some power the glibbe give us To see ourselves as others see us!"

—Shakespeare

In reference to calling for the view of the Old Capitol offered by your distinguished and self-appointed suggestion for the name of the Capitol ("The Power"), may I get a splendid view of the Old Capitol every day on my way to the Law College. Let Ebenezer have it, or Else.

But if you want to do somebody a favor, kindly pass the following excellent phrase (used by 17 year old freshmen, and other half-baked people) in 3 ½ in your new "Highboy" Consey—"Hello Men. Yours etc.,"

"The prediction made years ago that some day moving pictures would be raised to such a high a level as the so-called legitimate drama has come to pass. "Antony and Cleopatra" is the crowning achievement of high-class motion-picture productions represented.

Saturday will be spent in getting three first-depart ment games out of the way. To Farrar trimmed the series to 0-0.

The baseball season is in a state of 11 to 1, the engineers all the same thing to the Hawkeyes in a rain of 10 to 7, and last but not least comes the faculty game. The game was made up with a win for the faculty and 1-0 in favor of inter-society athletic. If the teams forget the facts and features of the game, it is certain the faculty will. The game was nothing for the fans. The enthusiasm was being sung in the song.
