PLATE OF SENIOR PLAY IS HIGHLY INTERESTING

"PILLARS OF SOCIETY" IS MOST POPULAR OF IDLENE'S WORKS IN ALL COUNTRIES

"Skeletron in the Closet" is Theme of Play—Great and Hypocrisy in a Society Exposed in Dramatic Fashion.

Daily rehearsals are now being held for "The Pillars of Society," the play to be presented by the senior class for the fifty-fifth commencement. Professor E. H. Lauer is in charge of the drama work.

This drama is the most popular of toben's plays. It has enjoyed this prominence of popularity, not only in the author's own country, but also in other European countries, as well as in the United States. Some departments, besides the English department, are sending representatives to the play, and throughout the theatre there is a spirit of interest, with discipline, and a certain atmosphere.

The play is strongly endorsed by the English Department, as well as the English Department of the university and has been recognized by the Iowa City Fine Arts association. Every one of the cast of this play has been provided with the necessary equipment, and the members of the Alpha Kappa Kappa have been of great assistance in the production of this play. Some students have already shown an interest in the play, and others have expressed a desire to see the play. The play is strongly endorsed by the English Department, and the university has been recognized by the Iowa City Fine Arts association.

GRADUATION TIME

Graduation is an event of worthy some token of remembrance. No time is more appropriate for a gift.

The more serious minded college senior will heartily appreciate a token in honor of the achievement.

Our Stock is particularly rich in the things that are most suitable GIFTS.

Paradise, Fans, Gloves, Kid and Silk, Neckwear, Hose, Bowties, Handbags, Collar Sets, Vanity Bags, Mesh Bags, Bracelet Watchets, Gold Filled and gun Metal Rings, Pendants, Belly Belts, Girdles, Neckwear, Ties, Men's Wear Apparel, Traveling Bags, Handkerchiefs, Toilet Articles and hundreds of other things appropriate for GIFTS. Come and See.

EASTERN STARS IN NEW TEMPLE FIRST

MORE THAN 200 ENJOY FIRST INSTANT IN MASONIC HOME

Dinner Given At 6:00 P.M.: Dedication Of Temple Not To Be Held Until Last Month, Many See Interior of the Building for First Time

As a special honor to Mrs. Lucile Crooks of Woonsocket, worthy grand ma- master of the Order of the Secretaries, The Iowa women secretaries under the jurisdiction of Iowa, the members of Jessamine chapter, No. 151, R. E. S. met in the new Masonic temple Saturday night, being the first meeting of any of the orders in the new building. Mrs. Crooks was accompanied by Mrs. Mamie Kever, grand consultant and inspector of district No. 14. It was because of the presence of these two distinguished ladies that the board of trustees of the temple decided to invite the stars to meet there before the dedication, which will probably occur the latter part of this month.

Over 200 were served a beautiful supper in the big dining room of the temple at 6 o'clock in the evening and at 8 o'clock the chapter was opened and the regular degrees conferred upon four initiates. Following this was a splendid address by the grand master, which had never been in the building. The entire company, showing that the limit of capacity for several occasions is very large. The beautiful new temple and its furnishings was such the subject much remark by all who saw it at the Saturday evening meeting, most of whom had never been in the building before that time.

ZETAGATHIAN CLOSURES

YEAR'S MEETINGS

Have Won Many Honors This Year

—Summer Session Presidents

In Favor of Rackers

The Zetagathian society of the university held their last meeting Saturday evening in Closed hall. Many honors have come to this society during the past year and with the new body of officers who were elected at the meeting a successful year is predicted. Among the special events which the members brought to their organization is the championship debate which they received their appointment of last winter. Among the other contests were one of the Oratorical, the Sophomore debate, and the Sophomore oral debate contest. The university N. O. L. representatives were chosen from their ranks and handed over to the Hamilton contingent. The past year in the Inter-collegiate debating circle has likewise marked a triumph for Zets. The team which

RIFLEMEN MAKE BIG MARK FOR THEMSELVES

IOWA WON THIRD PLACE IN CLASS B

Many Surprises Spring During Season—Ross (Eaton) Sets New Record— Possibly 200 Accomplished By Two Different Men

Although the indoor rifle shooting season of 1914 was productive of surprises in all of the different indoor leagues held under the auspices of the National Rifle association of America, there was none in which records were smashed so recklessly or in which the results were more surprising than in the intercollegiate matches. A new departure was made for the first time in classifying the entries according to the previous records of the teams so far as was obtainable. As there were thirty four entries, six more than participated in 1913, three classes were organized. The twelve clubs having made the best record in the 1913 matches were placed in Class A; the next twelve in Class B; and the new-comers in Class C. This method of procedure worked out very satisfactorily and showed with few exceptions that the teams were fairly well matched. The colleges and universities which competed according to classes are as follows:

Class A: Massachusetts Agricultural College, Amherst; Purdue university, West Lafayette, Indiana; North Carolina College, Durham; University of Minnesota, Minneapolis; University of Missouri, Columbia; State University of Iowa, Iowa City; University of Porto Rico, Ponce; The University of Wisconsin, Madison; University of Minnesota, Minneapolis; University of California, Berkeley; and Occidental College, Los Angeles.

The final result of the season's shooting shows the following changes. The university of Illinois which was in Class C jumps up into Class A; Washington State College, Cornell university, and the United States Naval Academy which were in Class B move up to Class A. The North Georgia Agricultural College, Princeton University, Massachusetts Institute of Technology, and Harvard University drop back from Class A to Class B.

By dividing the clubs into classes of twelve each, it made a series of eleven matches which began the week ending January 8th and ended the week ending March 10th. The college team record of 984 made by the West Virginia team in the 1913 matches was smashed by the Michigan "Aegirs" who put up a really remarkable score of 97. At the class of the matches, the win and lost standing of the teams in the different classes was as follows:

Class A: Won Lost Miss. Aegir College 11 0 Miss. Aggie College 10 1 IOWA State University 8 2 Minnesota University 9 7 West Virginia University 9 7 University of California 7 8

Class B: Won Lost Washington State College 11 0 Penn State University 10 1 U. S. Naval Academy 9 2 University of Wisconsin 8 8 University of M. State 7 4 Ohio Agric. & Mech. Col. 6 5

The individual shooting was by the highest order. The honor of leading the list of individuals making the best record of those who competed in all the matches goes to D. R. Reed of the Michigan "Aegirs", whose percentage of the possible score of all shooting was 98.84.

Philip E. R. Freeman of the Penn State team was next unless the possibility of holding out the possible 900 three times during the matches. R. P. Sullivan and A. P. Proctor of the Penn State team made the possible once. The making of the possible most of 100 on hand on a one-hand rifle is a feat difficult to accomplish. The making of the highest credit as an evidence of marksmanship skill.

Harry Hansen, '22, Secretary of the State Board of Pharmacy was in the city last evening.

1000 in September.
