SAD BLOW TO ALL IOWA STUDENTS

MUSIC SCHOOL HAS BIG REGISTRATION

W. F. Hayes in Reading School Plans Year—Many New and Promising Events Planned This Year

With a new man at the head of the school of music, Professor William F. Hayes, and with the cooperation, of three of last year's members there will be an entirely new faculty.

The school has received a large number of registrations already and intends to have a big boom this year which will last for the entire year. The school is now being carried on as a factor in building up the school as a factor in building the school and it is hoped that many former students will return to the school activities.

One of the saddest deaths that have occurred within the interests of the school as a whole was that of Mr. O. S. Jellett. Mr. Jellett was one of the leaders of the school last year. The school is now being carried on as a factor in building up the school as a factor in building the school and it is hoped that many former students will return to the school activities.

By Professor R. H. Starbuck.

The Mystery of the Trunk

If you happen to be in the war zone, or any other foreign country, and have a trunk to be opened, you, all, have to do is to label it with coupons, and it will come direct to Iowa City and be delivered.

The trunk stands by the presence of a trunk which was landed on the front porch at 120 E. 4th Street, near 4th Avenue.

The trunk was found by a man who lives near the school and who was on the premises at the time. The man who found the trunk was on the premises at the time. MONDAY EVENING TO BE BIG GET-TOGETHER RIGHT FOR ALL MEN

Annual Stag of Y. M. C. A. Erection
Which Every Man in University is Invited—Program of "Prey" Tasks Will Be Given

All university men are invited by the Y. M. C. A. to attend the annual stag mixer in honor of the freshmen, which is to be held on Monday evening at eight o'clock at the arms. It is especially urged upon the first year men that they come out to this, the first big one of the year, and get acquainted with the upper classes, and with the Iowa way and spirit.

In years past there have been many men who have received their first real glimpse of Iowa spirit and friendship at the Y. M. C. A. stag mixer. It is the aim of this year's selection to make the event a bigger success than ever, and to this end they have arranged a program of stunts, athletic contests and speeches which will acquaint the new men with the many university activities, and at the same time present a program which will provide a splendid evening's entertainment. Arrangements have also been made for a grand feast.

Both faculty and undergraduate men will speak during the evening representing the different university activities to which they are most deeply interested. It is almost positively assured that President Macbride will address the men and welcome them to the campus. Football will come in for its full share of discussion, and Captain A. H. Gunder sen will speak in the interests of Hawkeye's hopes. President E. A. Adams, who assumes his duties this fall as the head of the Iowa Union, will tell the new and the old men of the plans of the all-university men's club. John Frederick, a prominent inter-society editor, will acquaint the men with the situation in foremo lenses. Prof. Robert N. Shotwell, the assistant dean of men, will speak, and Guy V. Aldrich, the new secretary of the Y. M. C. A., has the year's plans of that organization to extend to the university men. H. Y. Williams, secret for the last four years, is expected to be present and will appear in the city if he is in the city.

H. H. Preston, Y. M. C. A. president for the year, will preside.

Shouts of various kinds, the exact nature of which is shrouded in mystery, will be pulled off throughout the evening, and athletic contests, wrestling, and probably boxing contests will make up a part of this division of the program. Banquets and Gras are scheduled for a short bout on the mat.

Music during the evening will be furnished by a well-known and popular local orchestra, which will have an assortment of the latest hits. But the big fee and the best part is the food. It is guaranteed that there will be plenty to eat, and good eats at that. University men in all departments are urged to be present to help fry off the lit of school festivities.

NEW BUILDINGS ARE ADDED TO CAMPUS

BUILDINGS ARE NEARING COMPLETION AND WILL SOON BE READY

See WING to Gymnasium to Cost $75,000—New Nurses' Home a Great Help to Hospital Situation—New Women's Gym Coming

While some changes have been made in the university, even greater changes are being made on the outside, that is on the campus. Several new buildings are under construction. The new Women's gymnasium is opened, and the new wing to the hospital is practically completed.

Among the buildings under construction, the one perhaps of most interest to the student body is the new wing to the gymnasium. This new building is in cool $7,450 and is being erected at the north end of the armory, on the site of the university tennis courts. The new addition will be about the size of the present armory, and will be thoroughly modern. Director Schrader will supervise the building and installation of the equipment and apparatus.

The new swimming pool, so long under way, will be constructed in the new wing of the gymnasium. The new nurses' home, now well under way, will be beautiful, as well as a convenient home for the women of the university. It is situated at the corner of Iowa Avenue and Gilbert streets. The Hesper for the present, are living in the home previously held by the Army on the same street across the court. However, before the nurses will be able to get into their new home, the old nurses will have expired. The university is providing accommodations for the new wing of the hospital to temporarily house the young women until their home is complete.

The new wing to the hospital is an eight-story structure. This new addition becomes necessary in order to meet the increase in surgical and medical cases. The current hospital will be able to house the patients of the new wing to the hospital. The new wing to the hospital is an eight-story structure. THE YEAR TICKETS

Manager Kellogg has launched his campaign for the sale of year tickets. They are on sale and it now behooves the students to take advantage of his opportunity to buy one without delay.

The year ticket is a matter of finance, but one of the best investments that a student can make. By getting a year ticket the prizes can be saved in four football games. This in itself should be an incentive for those who care anything about schedules to get the year ticket right away.

Home schedules in the various sports promise to be the best for several years. Manager Kellogg has secured the best football schedule that Iowa has had for a long time. He is now in Chicago and probably has the basketball schedule all arranged. It is practically assured that this schedule will be better than ever.

Wrestling has had a decided growth during the past two years and

Those who took part in the ceremonies were: Dick and Penningroth. We did not get the names of the Moginnis, but the names were there is plenty of room for them to be congratulated upon.

Football practice does not begin until Monday evening, when at least sixty men are expected by Coach Hawley. There is a great deal of work to be done right away in order to fill up the terrible hole in the backfield, made by the graduation of Motzola, Cock and Frankenberger. There is considerable material in the second, but just how good it must be determined.

The work of Monday evening will not be arduous and consists of getting the team lined up, with probably a lecture from the coach. MANY MEN ASSEMBLE TO KICK BALL FOR FIRST TIME IN THE SEASON

Coach Hawley Expecting More Than Sixty Men on Iowa Field Monday Evening. When First Practice of Season Will Be Held.

The metamorphosis is complete. Iowa field has turned into a gridiron once more. For the first time this season it yesterday afternoon the football ball was seen on the gridiron. Yesterday afternoon marked the first assembly of the football team. More than thirty-five men donned football suits, given out from Manager Kohlberg's office, then went down on the field to try out their legs and their arms.

Although all the members of the board of directors of the Iowa Union, with their return and in a special session Friday immediately after the lunch hour, the resignation of J. C. Ferguson, manager of the Union, was considered and accepted, and the matter of filling the vacancy, thus made was taken up. H. O. Miller, the assistant manager, was proposed as the man to fill the place open, but owing to the absence of a number of the directors, the action was not decided upon.

Manager Kellogg stated today that he hardly knew what he would do, but that the year ticket holders would be the first to be taken care of.

Manager Kellogg, left Friday evening for Chicago where he met with managers of the "Big Nine" conference, to arrange the basketball schedule. Four or five conference games will probably be scheduled, which means that Hawki- ers will have an opportunity to see some excellent games this winter.
