CLOSED COVENANT MEETING

ThURSDAY NIGHT IN ARMORY

There will be a closed covenant meeting on Thursday night in the armory. This meeting will be open only to students who have been admitted to the university.
You should worry

THE ATHLETIC BOARD

There has been some question as to the interpretation of the last clause of the amendment to the articles of incorporation of the Athletic Board. This clause reads as follows: "A student of said university elected by the Iowa Union or such organization as the board may designate." One interpretation has been that all students in the university were entitled to vote in electing the student member to the Athletic Board, and that the Iowa Union was to act as manager of the election. The other interpretation was that only members of the Iowa Union were entitled to vote. This last interpretation is correct.

The Iowa Union has designated as the student organization which is to elect the student member to the Athletic Board because the Union is the sole organization to which all male students of the university have an opportunity to become a member. For this reason it has been the organization which was chosen to elect this member to the board.

This arrangement, however, is unsatisfactory; and if it does not prove satisfactory all holders of the year ticket may be given this privilege to elect this member to the Athletic Board, but at present the student member to the Athletic Board is to be elected by the members of the Iowa Union.

THE NEWSPAPER

One of the most interesting places in the world is a newspaper office. Here is set the seashore "kettle" of far-off lands; here is whispered the secrets of the world's rulers; here is discussed the great political problems of the age; here is prophesied the future; here is shaped the destiny of nations and men; here is in the palm of the world's throbbing, burning with a power that cannot be stayed; here is where public opinion is molded; here is where great ideas materialize; here is where in the greatest good can be accomplished.

The click of the typewriter, the flash of the pen, the grinding of wheels, and the buzz of the press, is followed by the coming of the world for the latest edition. Satisfied for a moment, then the ceaseless cry of millions for the latest news.
