METHODISTS MEET

IOWA TOWOMORROW

One Only Campaign for Membership, Finance and Mennonite Fund This Year

Seal tickets will go to the polls this afternoon to receive the final decision of the student body.

In every class the campaign has been at its fever heat for the past week. In the student field two tickets, representing the concert and theatre, and such propaganda as winning election will await the vote this afternoon.

The Junior women, in color, during the past few days, have waged a battle such as was never before witnessed in the Liberal arts campaigns. The manner in which these political parties for both these parties are likewise both expected to carry the election, and express at least conditions in the support of their class.

In the sophomore election, the new three-editor plan for Hayworth management has received a great response and the ticket has entered the campaign for the election day without a single opponent.

The front field of politics, though usually a comparatively dry one, this year has been the basis of one of the most active struggles recorded in the annals of the college. The present editor of the college paper has entered the campaign, and this morning neither side is able to prophecy a definite victory.

The sophomore election will be held in room 113 of the liberal arts building from 2:30 to 5. The fresh men will be located in room 11 of the same building, and the same hours will be observed.

An agreement has been reached whereby the junior and senior representatives, Square Deal ticket, headed by Davis, and the Representative ticket headed by Cleo Card, are this morning going the final battle of the campaign, and this morning neither side is able to prophecy a definite victory.

The junior election will be held in room 202, L. A. building. The seniors will see posters for the announcement of where their election will be held.

THETA PHI INITIATE

The Phi Beta Kappa society held an initiation last night at the home of Mr. and Mrs. W. H. Schilling. The initiates were initiated in Sigma Theta Chi.
Attention Juniors

Today is election day. Probably you are interested, probably not, but you ought to be. You ought to vote. You owe it to yourself. You owe it to your class. There are two tickets in the field. Compare them. Undoubtedly you have your choice. Won't you register a vote for that choice at the polls today?

The members of this ticket do not favor political promises which mean nothing. They believe that any intelligent freshman can see through pledges and detect the shallowness of such freely made promises.

The members of this ticket condescend to make this race only upon the earnest solicitation of their friends, who felt that they would represent their Class, honestly and sincerely.

Freshmen! The integrity of each and every member of this ticket can not be denied, and with such officers, PROMISES are not necessary to insure fair play and square dealing in all Freshman Enterprises of this greatest Freshman class ever enrolled at S. U.

All appointments to the Sophomore cotillion will be made solely for the best interests of the class regardless of any personal affiliations.

In the coming administration all matters will be dealt with according to the wishes of the student body of the class of 1917.

Last Year the Class of 1917 Had Only One Ticket in the Field. This Year is the Class of 1917 to be Dominated by the Same Few Politicians?

Therefore Another Ticket Has Been Formed:-

For Vice-President, Dorothy Yetter
For Recording Secretary, Marion Hossfeld
For Treasurer, Walter Barton
For Corresponding Sec'y, John Lonsdale
For Class Delegate, Janette Mac Gowan
For Hawkeye Editors, Wilbur Cannon

We believe there is a need of two Sophomore Tickets in the field, that the election should be fought at the polls, that compromises should not be made before elections, that the class should choose their representatives in the election, that a choice should not be made impossible by the schemeings of a few.

We believe that in the past "Iowa" has been justly proud of its "Hawkeye." That its annual has been superior to that of the average University. That its success has been due to the system under which it has been operated. Therefore this ticket is naturally opposed to changing the system under which the "Hawkeye" has been so successfully conducted.

WE BELIEVE FURTHERMORE THAT THE ABOVE TICKET IS A TRULY REPRESENTATIVE ONE
