ASK FIFTH AT MEETING
LAST NIGHT

New and Hilliard Speak at Programs Held in the Natural Science Auditorium—$2000 Mist Be Submitted by Students

Enthusiasm marked the opening of the Y. M. C. A. campaign for membership and financial support at the first meeting held last evening in the natural science auditorium. President Prof. E. T. Colton presided at the meeting and introduced the speakers, Prof. E. T. Colton, C. V. Hibbard, and A. J. Elliott. Mr. Elliott made the final appeal for the support of the association, the other two speakers emphasizing the importance of the organization in the foreign field.

All university students are to be called on in the next few days to support the Y. M. C. A. and they will be asked to become members as well as to give their financial support to the work of the association. It is going to be necessary to raise $1400 among the students in order to maintain the work at the university in a proper manner.

Only from thirty-five men in the organization and the board, which was made up of the librarian of the music society and the dean of the college, have subscriptions varying in size from $100 to $20 and $4. Much the same spirit prevailed at the meeting as did at the big meeting last night, and a wonderful feeling of enthusiasm and loyalty to the Y. M. C. A. was manifested.

Splendid speeches at last night's meeting by E. T. Colton and C. V. Hibbard helped to swell the section and aided materially in the securing of subscriptions.

Mr. Hibbard spoke on the students of Tokyo and their influence on public life in Japan.

At the noon luncheon A. J. Elliott presided and talks were given by Mr. Hibbard and Mr. Colton. About 40 men began a canvass of the student body this morning, and committees will canvass the different colleges in a thorough and complete manner. The following men have been appointed chairman of the different colleges:

A. E. Wilcox-Law.

W. R. Kinzer-Dental.

Everett Allen-Engineering.

A. E. Wilcox-Liberal Arts and Sciences.

The public speaking department has received an invitation to coach before the national council of English teachers which will be held in Chicago on the three days following Thanksgiving. The session will be held in English in the public schools.

Word from George G. Gilks has been received here saying that he is leaving the Carnegie school of science and literature. Mr. Gilks reports that he is beginning what he believes to be a pleasant year.
