OLD GOLD AGAIN FINDS PURPLE EASY VICTIM

Game ends with top-heavy score of 27 to 0—Gross and Parsons make spectacular runs.

The Hawkeyes bumbled the Purdue defense all night and scored at will, and even at the end of a twenty-seven to nothing score in easy fashion. The Bravos aggregation used up a varied assortment of short and long gains and threatened Iowa's goal line seriously twice. In fact, the Hawkeyes had the ball on or near Iowa's end zone and the ball was quickly taken back to Purple territory where it was gained.

Gross, Durand, Donovan, and Garretson starred for Purdue. Wilson was also a power on defense through Northwestern's line of scrimmage.

The outcome of this battle makes the record of games since the days of eluded in the collection, some of which there is hundred in number, for exhibition purposes.

THE GAME

Y. M. AND W. C. CABS E N T S

JOURNEY TO WEST BRANCH

All members of the Y. M. C. A. and Y. W. C. A. cabinets were royally entertained at the home of Andert Mortimer, 14th Ave. at West Broadway, beginning at 7 p.m. Tuesday evening. This was the annual party of both cabinets.

The party left Saturday afternoon in an auto truck and reached the house for supper and after an evening of amusement returned home in the evening.

Diet's Don'ts Give a chance party at Company's "Old Friars" dinner meeting. Mrs. W. B. Cannon acted as hostess.

Hellenic Society to Meet at Iowa

Meeting will be held at 7 p.m. Tuesday evening. President to be President—"Old Friars at Austin", to be given. "That the university and Iowa City be annexed to the state university of the State of Iowa" was unanimously reported. The State of Iowa exhibits in the coming 150th anniversary of the State of Iowa Exhibition Society in the bi-annual meeting next May was the news brought back by Professor Weller from the meeting of the society which he attended Friday in Des Moines. Other good news from the convention states that Professor Weller is the new president of this organization.

The Hawkeyes humbled the Purdue defense all night and scored at will, and even at the end of a twenty-seven to nothing score in easy fashion. The Bravos aggregation used up a varied assortment of short and long gains and threatened Iowa's goal line seriously twice. In fact, the Hawkeyes had the ball on or near Iowa's end zone and the ball was quickly taken back to Purple territory where it was gained.

Gross, Durand, Donovan, and Garretson starred for Purdue. Wilson was also a power on defense through Northwestern's line of scrimmage.

The outcome of this battle makes

ADVERTISE PUBLICITY

We remember once reading in a daily paper a note to the following effect, "Boy—horrible oration in a humble home—Parents greatly worried." When we came to read the article we discovered that it was a Sunday school lesson on Christ and the doves in the Temple a Jerusalem. This occurs to us in reading the sensational and rather parodied account of Secretary Gug V. Aldrich's recent paper on "Student Morals" as it was reported in certain Iowa papers.

Mr. Aldrich discussed the conditions of collegiate morals throughout the country, and emphasized that such an inspiration should be corrected, and suggested methods of improvement. As the report of his paper was printed, one might gather that the writer has a very gloomy view of the present status of morals and habits in the colleges. In fact, his point of view is extreme and pessimistic. We conclude Mr. Aldrich on being treated so unpleasantly.

Any one who has watched the life of our colleges for a student generation knows that such a great and great improvement has been made along the line. This is partly due, perhaps to the introduction of athletics as an outlet for the overactivity of youth and the tendency to new ways in which there are some still prevalent, and that attention should frequently be called to the necessity of eliminating them must be considered, but this is rather an acknowledgment of the fact that older men in college student are human.

The Projected Tablet of the Mesopotamian Civilization

By C. H. Scarman

In a recent paper entitled "The Projected Tablet of the Mesopotamian Civilization," the author briefly summarizes the historical background and the archaeological significance of this notable find. He discusses the cultural and economic conditions of Mesopotamia during the time of the tablet's production, and provides insights into the daily life of the people of that era. The tablet is considered a significant discovery in the field of Mesopotamian archaeology, offering valuable information about the society and economy of the time.
