Captain — Captain J. H. Robson

Company E:
Commander — Captain J. H. Robson
Captain — Captain J. H. Robson

Future plans of the Ames team for the past two weeks have been changed for the best — the Iowa athletic hopes. They presented a sight of the Northwes ters' game and Iowa won. Spor tive on by that achievement, the Un i versity of Sherbrooke Holmes decided to make the Iowa team as late yesterday afternoon as possible in accomplishing this feat.

The team will be received at a hotel, together and brought to the auditorium as soon as possible in accomplishing this feat.

A big platform will be put up at the armory, and enough to accommodate the biggest crowds will be provided. In every respect, a splendid team will have opportunity to do its best and will not be crowded out, but rather be honored in the army of the audience.

JINX IS FINALLY IN TOOLS OF MEDICINE

The Jinx has been captured. It is in the tools of the strong-armed threats of the medical school. To-night he will be produced at the Iowa meeting in the university auditorium and his fate determined.

Because of the immense crowds which are expected to gather to give the team its final send off at the Iowa meeting to-night, the toast will be served from the Natural Science Auditorium to the large accommodations at the university armory.

A big platform will be put up at the armory, and enough to accommodate the largest gathering will be provided. In every respect, a splendid team will have opportunity to do its best and will not be crowded out, but rather be honored in the army of the audience.

The speaker who will appear at the mass meeting tonight are as follows:

Professor Chase, W. O. East
President Hawthorne
The president of the university is also attending the convention.

FRESHMEN ENTERTAINED

Tuesday evening the Kappa Sigma fraternity entertained the Pan-Hill freshmen at a smoker at their house on Iowa Avenue. One upperclassman and all the freshmen from one of the fraternities were present. Refreshments were served during the course of the evening.

COMMERCIAL CLUB FORMED AT IOWA

Students of University Form Commercial Club to Investigate Business Methods

Pursuing a more definite knowledge of some of the business conditions in America today, a new club has just been formed at the State University of Iowa under the leadership of the Extension Department of the university, and students interested in commercial problems of today.

The club is known as the "Commercial Club of the State University of Iowa", and is headed by C. R. Towneend. It is planned, after the organization is well under way, to secure a number of able men among commercial men, to come to the university, give addresses on subjects of interest to the business world. These addresses will not only be of interest to the members of the club, but for the interested students as well.

The officers of the club in charge of the organization at the first meeting held this week are as follows:

President — C. R. Towneend
V-President — William Finch
Secretary — A. P. Rieffler

The National convention of the Catholic students association of the United States is in session this week at Champagné, Ill., Iowa City, national president of the Catholic students is attending the convention.

The C. C. U. and Newman societies of the university are much represented by delegates to this national convention. Miss Cecilia Collins, the delegate from C. C. U., and Weber Comfort is the delegate from Newman.

CONCLUSION COMMITTEE

The Sophomore Constitution committee will meet at the Iowa Union this evening at 3 p.m. Chairman.

THE HALL OF CHEMISTRY

Although not as building not as large as some of the greatones, the present building occupied by the department of chemistry and the college of pharmacy is greatly crowded. Those who planned it expected it to last only two years. It is in a classroom building by far i. e. the new building has proved more wonderful that expected, and the temporary quarters have now been arranged in a small building which the university owns on Iowa Avenue. Double-decking the building has greatly increased the enrollment in the chemistry department, and temporary quarters have been found. The hall has been in a great deal of use, and much hope is entertained that it will be a hall of chemistry in the future.

HAWKEYES EXPECT AMES TO PUT UP GREAT BATTLE NEXT SATURDAY

Hawkeyes and Kent see Victory if Iowa Exploits to Triumph Over Aggies Next Saturday

(Harold C. Plans)

The Hawkeyes went into their last hard work-out before the Ames game yesterday afternoon on Iowa Field. It was after dark when the men left the field and during the night the temperature of the air was so low as to cause the usual lights and smoke in the background for the players to follow the course of the play, and the usual warm-up was conducted in the work of the team over previous workouts.

The defensive signal practice will be handed out to the varsity this afternoon and will be thrown tomorrow afternoon at the University Stadium when the Aggies come.

Professor Hearley and Kent are on their way to the Hawkeyes in the next few days. Coach Kent has been watching the Ames team for the past two weeks and states that they will be up so as to get the greatest benefit of their career when they face the Hawkeyes.

Carberry has developed a soreness from continually blocking men of much greater weight and size, but will be in the game Saturday. Carberry's absence is not expected to affect the Northwestern game and may not start against Ames Saturday.

A large number of Iowa students take the special train to Ames Saturday morning. The train was placed on sale Tuesday and the special train will take Iowa City Saturday morning (at 6:45 a.m.) and arrive in Ames about noon. A large number of students will be on hand to cheer their team and will be in the stands to cheer them on.
KU have been building up armies and nations, for hundreds of men's Professional League Tuesday read Kungenhagen stated that the nations entering the struggle.

"The team will have..."

The regular meeting of the Ba-colic Club will be held in the post office on Nov. 15 at 7:10. Professor H. W. Kuhns will read a paper concerning the United States Colored Investigation Camp in New Mexico.

"WHEN DREAMS COME TRUE" There are several exciting numbers in "When Dreams Come True." One of them is called by Frederic le Sage, the leading player of the company. Mr. further also dances in nearly all the dance numbers.

SIGMA DELTA CHI ENTERS BIG YEAR

NATIONAL JOURNALISTIC FRAKENITY CONVENTION TO BE HELD AT IOWA

Local Chapter of Sigma Delta Chi Opens New Year With Initiation of New Members Tuesday Evening

Twelve Taken In

Kappa chapter, the Iowa chapter of Sigma Delta Chi opened a busy year's work, to be confided with the entertainment of the national convention, when they held their first regular meeting here Tuesday night.

This will be a big year for Sigma Delta Chi at Iowa. Although provisions have only two years ago, the fraternity has already a strong place at the State University and has become one of the leading chapters in the national organization. This year it will entertain the national convention of the order, to be held at Iowa City next spring. This convention, through the delegations from the different colleges, will bring to Iowa City some of the most noted men of the universal newspaper and journalistial field.

The list of initiates who entered Sigma Delta Chi Tuesday night is as follows:

A. R. Rowland—Iowa City.
H. H. Dunbar—Iowa City.
E. B. Fairall—Iowa City.
T. F. Shee—Bartlettville, Oklahoma.
D. E. Kilgore—Iowa City.
A. W. Brown—Sinix City.
Harold Chamberlin—Iowa City.
John T. Frederick—Cushing.
A. E. Hilliard—Deaver, Colorado.
Ross H. Bell—Iowa City.
Lois Sturkey—Iowa City.
Frank E. Van Nest—Normal, Iowa.

MODERN AMUSEMENTS WASSAM'S SUBJECT

Professor Wassam Speaks at Y. M. C. A. Weekly Meeting Last Night

The ultimate effect upon body, mind, morals, and religion was the test which was accorded by Dr. C. W. Wassam last evening upon modern amusements in his lecture before the regular midweek meeting of the Y. M. C. A.

Dr. Wassam emphasized the fact that character development is determined very largely by the nature of the amusements which some people indulge in, so forms of amusement naturally become of great importance. "Modern Amusements," as the subject of the address proved to be a subject which Dr. Wassam was greeted by one of the largest crowds that have attended a meeting of the association this year. The speaker's forceful, straightforward, and convincing way of handling the subject brought the matter before the men, and the interest manifested showed the degree in which the lecture was appreciated.

DANCE WITH A STRANGER

A MATTER OF FINANCES

When you are in need of money you see one who is worth of your confidence, not one who has a spoiled record.

Experience in saving money is necessary. You naturally consider the man who understands the principles of short time loans.

We have money to loan and we are not spoilt, at

H. Tarnopol has loaned money for years. He is in the business and advertises himself as such you will get a square deal and a straight business proposition. When you are in need of money you are certain that your needs will be taken care of by H. Tarnopol and that all transactions will be absolutely confidential.

Confidence has been one of the secrets of his success in having many.

H. TARNOPOL, Prop.
