TO OUR READERS
With this issue of the Daily Iowan, publication will be suspended until Monday, Thanksgiving day. This action was made as a welcome surprise to us as well as to the rest of the citizens of the University. We hope that Thanksgiving will bring to all the joyful "falling" of Iowa's harvest of the turkey.

Don't forget that Monday you will be node Thanksgiving day, with news of many excellent reunions of Hawkeye students. We wish to hear from you a few days real.

JOINT SOCIAL SUNDAY
O. M. and the T. W. C. A. announce a joint social for Saturday evening which is to be held at Close hall and in which all students who remain in the city during the Thanksgiving recess are especially invited. Committees have been appointed for refreshments and for entertainment and a jolly evening seems assured.

"ONE GIRL IN A MILLION"
All the girls in the world there is only "One Girl in a Million." She is going to pay us as vital an homage, bringing with her thirty-six associates led by Patsy Adler, the comedian who made love to "Our Girl in a Million," in the La Salle Opera House. Chicago, over three times and always she won; Eva Paullsen is the girl and Adler, otherwise "Richfield Avenue," the stiletto comedy crew, who will come to town and show how to break into the good graces of the girls with which she is associated.

JESUS AT DEN HOMME
Dr. W. A. Jones, the head of the department of education, was in Des Moines yesterday speaking before the public school teachers of that city in the form of a series of lectures which will be printed for them.

EX-CAPT. GUDERSON

"Gandy" was chosen for all-conference end by Chicago newspaper experts and named on the all-tow years. He made a sudden rise to fame two seasons ago, when he successfully broke up Wisconsin Inter- 
ctions and demolished the Badger back-
cap and time again before the loand e Homecoming crowd. He has always kept the place he won that day in the hearts of loyal fans, and he a

ane been a worthy leader for a worthy team.

MAX HOGHTON

Weary "Max" has played rings around every center to meet him this year, and excels in his handling and block- ontal, who named above him in the all-conference picks, or Gneumen, the much touted Nebraska center. It was the third time on the Iowa line where Houghton and he was the only con-
ter on the squad in any of the three years that could get away with the pass on the Iowa spread. Houghton made all-lowa center and should have made all-Wyan.

EARL W. DESNO

"Toby" came here from Cornell where he had played two years and helped down his old lama friends for-
ty winning stalk. The statement in the Register and Leader that 

Deen was outplayed by his oppo-
cent, Captain Rocker of Cornell, gave Iowa the best laugh of the season. Deen played great football in that and every other game of the season and we would like to have him back next fall.

ARCHIE KIRK

Marshalltown

"Boat" was all-conference tackle last year as Anchor's pick and led the Iowa spread. He also won a place upon the All-Iowa eleven. Kirk has made nearly as great a
time for himself at Iowa as did his brother several years ago. Accord-
ing to the Chicago Post, Kirk "has gained the reputation of the Iowa football player." According to opposing teams he had the ability as well and showed it in every game this year.

CHARLES PARSONS

Iowa City

"Foss" is through with football and basketball and Iowa will miss

due to inactivity eleven and merit-

of the distinction. He has played three years at the halfback position and has played a great defensive as well as offensive game.

"ONE GIRL IN A MILLION." Among the recent productions made by the Regal Producing company (Inc.) is the Burkhart, Cul- 

cine and Hall musical comedy, called 

"One Girl in a Million," which has been kept Iowa laughing for the last two months in the La Salle Opera House. Paul Ashton, the leading comedian, is "a serviços" at the prominent Chicago newspapers put

"The company is large and star-

taining including Eva Fulton and the best dressed actors that ever stepped out of the La Salle. "One Girl in a Million" is the season's most
