DEBATING THE THEME

Iowa to Clash With Illinois and Minnesota Next Friday Evening--Central Debating League Honors at St. Paul--Support of Hawk-eye Students Forthcoming

INTRODUCING BOOK PLAN FOR COMING HANKYEYE

EDITOR TURNER HAS BOOK OUT-LINED IN SPLENDOUR SHAPE WITH INNOVATIONS

Illustrations and Art Work This Year to be Especially Fine--Number of Editors Increased--New Arrangements Arranged Differently.

More sketches and drawings will be submitted this year than ever before. The following are included in the 1914 HANKYEYE, the outlines of which have just been announced by editor-in-chief, R. H. Turner, binding editor: although not all will be accepted, will convey a relatively less important place in the book than has been the case with other HANKYEYE. Messrs. Morehouse and John Purtain make up the art staff of the book, and three of these are already at work preparing the drawings and etchings that will appear in the book. Kent, who is famous as a place man, will take the special photographs that will be reproduced, and has a special line for the lieutenant this year.

The book this year will be made up of approximately the same number of pages as last, but will be a little smaller on account of the fact that the editors are believing English in foreignable material. M. A. 10,000 Wyoming men are to be equipped every week in some kind of service work, along the same line as Mr. E. H. Hedge.

He will speak at 8 o'clock on Wednesday morning to the seniors in the engineering college, for he is speaker.

STUDENT CAMPAIGN OPENED BY THE UNION

Three Days to Be Devoted to Thorough canvass of Student Body in Interests of Student Organization--Campaign Well Organized--Booklet Sets Forth Advantages

The second campaign of the year for the student organization has just been opened, and an increase in membership was opened this morning, and by Friday night every man in the university will have been asked to join this organization.

Poor organization caused the first campaign for membership to fall to a low point last year, and as much as necessary to gather the forces for a second and more thorough campaign. The student body, Professor Robert N. Riemer, the junior dean of men, is active to charge the campaign. The second campaign will be opened early this fall.

In the union are those who have seen the value of the club and are doing their best to make the union a success. At least one dark horse will start this campaign for membership to tall far.

Accordingly a special analysis of its income account.

This year, a short time ago, has been arranged to decide in the university which have been used in the past. Different bindings will be used on the team. Among these are Andrew's, from Highland Park, Lester Book from Iowa Waverly, Mose and Brooks from Iowa City.

WHEELING QUAD PLAN TO GIVE SACRED CONCERT

A sacred concert by the organ of Mrs. Minnig Holmes Abbott, will be given on Sunday afternoon, Oct. 29th, in the union hall. The time of the usual vocal concert, in the auditorium of the hall of natural science.

Both the music and women's glee clubs will assist at this concert, and the special preparation which has been put forth the past few weeks is to be the center of attention. The concert will be preceded by an opening number by two of the finest musical programs on Sunday after- noon in the union hall.

PROF. SHMIDT EMPLOYED

Exports from the university hospital in the past year have been very encouraging, and the organization and the various clubs have been able to make a profit. The president of the student organization will open the session and give a report of the progress made during the past year.

Engineers are creased

A basketball team from the university will be formed this year under the direction of Prof. W. H. Tappan, the professor of physical education. The team will be composed of the best players in the university, and will be selected on the basis of ability.

Miss Minnie McNeill is visiting for a short time in Cedar Rapids.

The Official Notices

Official Notices

(Notices intended for this column must be signed by the addressee and delivered at the time and place advised in the paper. Notices are of the same amount as those published in any other official organ of the university.)

Y. M. C. A. Notice

December 2, Fred Ridge will speak on "Social Service" in the liberal arts assembly hall, 9 p.m. All university students invited. H. M. Proctor, President, Y. M. C. A.

Mrs. Dea at Y. W. C. A.

Mrs. E. A. Dea, the wife of the student pastor for the Presbyterian church, will be the speaker at seven o'clock this evening before the regular mid-week meeting of the Y. W. C. A., which will be held at Central hall.

ZET Notice

All members of Setzenbach Literary Society are requested to come to this evening before attending the debate mass meeting. Roll call will be at 7 o'clock. Carl B. Werner, secretary.

LECTURES ON BUSINESS

Professor David Pirsky, professor of political economy in the University of Michigan, will give three public lectures as follows:

Thursday, December 14, at 4 p.m., he will talk in the liberal arts assembly room on "Assessment Problems of State Legislation."

Friday, December 15, at 11 a.m., he will talk at a debate in the liberal arts assembly room, on "University Training and Public Control."

At 10 o'clock the same day he will talk in the general lecture room of the physics building, on "Depreciation."

Professor Pirsky is a recognized authority in the field covered by these lectures. His recent employment by the state of Michigan to investigate the accounting system of the Pure Michigan railway, and his work on the same subject in Germany, make a special analysis of its income account, but of the several big tasks which he undertakes, the one in question is the most important, for it deals with the entire accounting system of the railroad, and this new creation is far more than a mere compilation of questions of accounting, his geography, biology, in all of which he has an excellent knowledge, because he is a graduate of the University of Michigan.

It is expected that the lecture will be of great interest to the students of the department of political economy and sociology.

The Iowa Union

The Iowa Union is conducting the most comprehensive campaign for membership in the history of the institution. The committee on membership is so completely organized that before the campaign is ended every man in the university will be approached and given an opportunity to become a member of the Iowa Union. Every student is the member of the university who does not recognize that the Iowa Union has established itself as the democratic institution here, that its one purpose is the betterment of the...

chart of the publication.

In this book, not including the ad-
tertising department, will make up
the publication, these being ad-
vised as follows:

Book 1—The University, Campus, Administration, Alumni.

Book 2—Clubs, Juniors, Class Officers.

Book 3—Activities, Foremen, Dramatics, Society, Military, Press, the snap.

TEACHERS AGENCY
FINDS POSITIONS

Is Not Able to Furnish. Teachers for
All Branches Needed

Use It

In the official sections column today appears a notice to prospective teach-
ers. This department of the univer-
sity comes under the educational
and is conducted on the same basis as a teachers' agency. The
name of this department is the com-
munication of information and it is
in charge of Dr. Jesse of the
administration.

During the last fall the total ap-
plications came from the teachers who
registered here was about 17,000.
The number of applicants was in
the neighborhood of 215. This included experienced as well as inexperienced
teachers.

Calls for over 1500 teachers were
made on the department for instruc-
tors. Those calls did not come from
Iowa alone, as might be expected, but
from all over the country and in
several cases outside of the
United States.

People were asked for high school
principals and superintendents, in
the high schools or colleges in this
university.

Aside from the calls and the ap-
plications made there were from
fifty to seventy-five superintendents
who came to the university to have
personal calls with these desires of
finding school positions.

All applicants calling at L. A. a.
room may secure instruction
classes and needed information at 1:30 p.m., Wednesday.

CADET CAPTAINS NOTICE

The cadet committee, which was to have
been held at 7 o'clock, this evening,
will take place at 7 o'clock this af-
ternoon, in the students' room of the
engineering building.

Rifle scores

The following scores were made on
Monday by members of the univer-
sity rifle squad who were practicing
for places on the team:

Kolmann 97
Kellner 96
Smith 98
Jackson 98
Weak 94
Chapman 97

IY LA N L Y TO MEET

Ivy Lane will meet this evening at the Delta Gamma chapter house.

UNION TO CAMPAIGN

FOR MORE MEMBERS

Continued from Page I.

Now, open to every man whether member or not, and in eventu will be self supporting. The Union in making a start has had everything to do. It thereof makes no appeal. Support in every way possible for the benefit of students generally.

THOMAS R. WADSWORTH,

Dean, Engineering College.

It would take too much space to enumerate and explain all of the ways in which the Union at the University of Iowa, can be useful to the men of the university. I will therefore content myself with saying that I have no organization capable of being of greater service to the student body in general than the Union.

WILLIAM G. RAYMOND,

Dean, Engineering College.

In my judgment the Iowa Union has had a remarkably successful record for the first year of its life. It has filled in an unexpected degree a long felt want. It exists for the

most wholesome phase of life among

university men. In my judgment the Iowa Union is in the beginning of a new departure in mental movement in the univer-

sity.

W. C. WILSON,

Dean, Liberal Arts College.

I have been much interested in the movement having taken place in the past years that will result in bringing together Iowa students and will make the Iowa Union more and more the Iowa Union.

It gives me great pleasure to en-

deavor the Iowa Union. It fills a long felt want and I think worthy the hearty support of all the university.

Very sincerely,

W. O. COOK.
