LITERARY SOCIETIES TO PRODUCE BIG FLOOR PLAY.

"The Passing of the Third Floor Back," here on the third floor.

"The Passing of the Third Floor Back" is the name of the play to be given by the literary societies of the university on March 6. It is the management made under the management of Manager Foley. Miss Harrison, former instructor in the department of public speaking, has been asked to produce the play. The literary societies that have helped in producing "The Passing of the Third Floor Back" are the Evanston, Phi Kappa Phi, and the Delta Tau. The average of a play under the auspices of the literary society is not in general made during the year. The literary society has been suggested to the literary society by Professor J. F. Yager, Grady Undergraduate. Its purpose is to be a feature of the literary society.

The annual Port Jefferson, held last evening, as customary, opened with the reading of some of the events which are to be staged during the present semester. To get well started in this semester, and with the beginning of the semester, every man and woman in the university knows just where they stand. The opening of the semester and the time to get a running jump on the semester's work is right now. The basketball season will end in a short time and the latter winter social events are about the only distractions for the student body, but with the beginning of the semester, everyone knows the disastrous effect of the "warm and balmy evenings!" Take warning and guard yourselves according to the lessons of experience.

"PRO O' MY HEART!" "Pog o' My Heart," J. Harriet Montgomery, is youths' toast, which will be the attraction at the Eighty Theatre very soon. This play has been the rage in New York for nearly two years, representing to the pleasure of the patrons of 641 consecutive performances at the Court theatre. Oliver Moore, who is the producer of "Holy Wani-er," "The Bird of Paridise," and other successes, is also responsible for the wonderful success of "Pog." This character is one of the most living and artistic imaginable. Pog is a dear little Irish girl, bright of wit, which flows from her lips like the crystal water from the spring.

BACONNONS ARIFFE
IN WAR DESTROYERS
(Continued from Page 1)

These wounds are of course due largely in the shrapnel shells. By the use of several pictures Professor Lambert described in detail the construction of these ships and the machinery of the great engines of war. The lecture was held Monday night in this house for any given load.

This has resulted in the load being lowered.

If you have no friend in town come and join us, and find out what sort of an eating place it is this is the one place in Iowa City where the best boiled meat is had and are served as they should be and at the cheapest possible rate.

21 MEALS FOR $4.00

If you are ever again in the city of Chicago, or anywhere where you can get your meals, let yourself be guided by this testimony. You will find that the menu is so arranged that the prices are moderate, and the food is of the highest quality. It is also a good place to stop for a few hours when you are going through the city.
