MISS BUDGWIN WINS THE FORENSIC PRIZE

EXTRAVAGANT CONTEST IS HELD TUESDAY EVENING BY WOMAN'S COUNCIL

Now More Events Under Anguage of Council Scheduled For This Season—Several Important Prizes Are Offered—Interests Among Women

Miss Julia Budgwin, of the Forensics, debated a sociology and a sophomore in the university successful Thursday evening in winning the first prize in the extraneous oratorical contest, under the auspices of the Woman's Forensic Council. Budgwin took for her subject, "What is Morality?" and, after going over the attitudes of the American society and discussing various opinions given by those who have written within her personal occupation. Though her subject was the question of morality and what it constitutes, she had many, many bright points in her argument, and the person person was not neutral. One of her illustrations, to the effect that a man who resides plasticly and solely abstractly is absolutely a neutralist, which in his statement that he did not care about the English or the Irish, in his oration, was accepted by all the people. Miss Budgwin, also of the Forensic society was awarded second place in the contest, for her subject, "The Two Americans."

Curtis Ring, speaking on the "Prance Observation," was granted third place. Miss Budge won the Whitby literary society.

"From a Classroom Life" was chosen by the four women, each of whom the subject of particular interest and the most important of the great spirit of education which was the main point in the presentation, and a number of new places in the character of the people. The young women who gave their views on the subject of the Wharton, Misses Helen Purtill, Miss Julia Budgwin, Misses Hattie and Miss Sarah Hans.

Harriet Hock, of October, talked an interesting talk on the subject, "What is Morality?"

The Women's Forensic Council is greatly pleased with the success of the contest and are already making arrangements for the rest of it. The guests which are to be held this session are:

On March 12 the contest will be held in Artic Reading room. This event will not be accompanied by any other event. This event will only be accompanied by some lines to program. The Debating contest will be held on April 26. This contest takes place in the Drawing room and is the annual spring event of the women's oratory society. The junior women of the women's literary society will hold an oration on the subject of the contest. This would be the very next event.

The following list will be the final list.

NORTICITIES AND DOPE IS BACONIAN SUBJECT

The Department of Forensics at the University of Iowa is now in full swing in connection with the annual oratorical contest, which will be held in the Natural Science auditorium. The judges of the committee are all members of the Forensic Council.

The first session of the Iowa Forensic society's convention was held at 1:26. Dean W. J. Tuck, president of the organization, opened the formalities of the session. (Continued on Page Three)

ENGINEERS ARE IN DILEMMA OVER SHOULDER

Have Not Yet Secured Place to Stage Annual Events On Moon Day

The engineers are finding themselves in a dilemma this year in the matter of presenting their annual show, according to current reports. The show is always given in the auditorium, but the present year it may have to be given at the College of Arts and Sciences, because of the possibility of a recent public demonstration that the position of the lights is such as to make the auditorium an impossible place for meaningful discussion. The engineers are looking for a place in the auditorium where they can play their usual role. The engineers have been trying to find a place that is large enough to accommodate the large audience that they expect to have. The engineers are working with the administration to find a suitable location for their annual show. (Continued on Page Three)

COMMERCIAL MEN OF STATE IN CONFERENCE

SECRETARIES OF COMMERCIAL CLUBS MEET TO PLAN FUTURE OF UNIVERSITY

Big Banquet Held Last Evening at Jefferson Hotel Given by Iowa City Commercial Club—Good Program Scheduled for Today

The discussions of this problem regarding the social, economic and administrative life of cities and communities is the purpose of the secretaries of commercial club secretaries, which are represented here tonight under an address of economic department of the university.

"The Function of the Commercial Club" was the subject of the opening round table discussion, held by Dr. F. W. Harless of the University of Iowa. At this time, he said, the commercial club will be held in the Paley Lecture Hall, 1:17 and 1:30 in the morning.

WELLER PRAISES COMING LECTURE

Believes That Every Student in University Will Enjoy Miss Helen Todd

Pro-F. W. Harless, head of the department of Greek and Architectural History of the university has words of praise for the lecture on "Monasteries in the Air," which is to be given by Miss Florence A. Hoare, Friday evening in the Liberal arts auditorium. A Remington-Made Typewriter

For Every Time
For Every Need
For Every Purpose

There never has been such a typewriter line. For completeness and comprehensiveness, it is hard to see how this line can ever have a rival.

WHATEVER the need of the typewriter user, whatever the purpose for which he intends to use the machine, whatever his preference for one form of operation over another, there is bound to be some typewriter line in the great Remington line that will suit his purpose—his every purpose—better than any other machine. It matters not what purpose—whether straight writing or any variety of special work, including writing, adding and subtracting—there is always a Remington-made machine that exactly fits the need. Variety endures, but only one standard of quality—THE BEST.
