SENATE TURNS DOWN $200,000 HOSPITAL

APPROPRIATIONS BILL FOR ESTABLISHMENT OF NEW HOSPITAL AT UNIVERSITY

The last immediate possibility of a hospital at the state university for the slightest hint of willingness from Miss Boston appears when the session, according to the Governor and Leader, turned down the Kitshill bill calling for the establishment of a medical hospital at the university for the study of medical diseases.

The measure calls for $100,000. The Senate has a rule that no measures asking for appropriations shall be considered after March 15. When Senator Kitshill offered the bill, Senator Smoot immediately called the question on a motion to proceed to the consideration of the bill forthwith.

The state board of control has been instructed for a number of years to have a hospital established at the state university where women students in the first stages of maternity may be sent for study and observation.

The bill is proposed to become a law if the action is confirmed and to provide instead an appropriation of $250,000.

The Senate committee on the bill of control Monday morning was empowered to pass a bill providing for an appropriation of $250,000 for the obvious purpose of carrying into effect the decision of the board of control. The appropriation raised against the bill is the object of a defeat amendment. The same bill is now in the House of Representatives at least $250,000 less than the number received by the executive committee of the Board of Control from $3,500 to $2,500.

AN I.H.O. PROGRAM

Governeur Schuyler will give an I.H.O. Program Wednesday evening in their hall. The following program will be presented.

Paul R. Rockwood, The Flirt Czar Judah, The Fools of Fortune Ralph Pettis, A Call for Women's Lanter

APPEALS COME NEXT PRESENT "STOP THIEF"

APRIL 21 IS THE DATE SET FOR FUNNY PARODY AT THE ENGLISH THEATRE

Frank Spoffolt Has Been Wonderfully Interpreted in His Impersonation

The university lecture association of Chicago, is just having its opening annual series of Dickens' readings in this state, a reading of the "Dickens Recital," Thursday evening.

Further information about these readings will be announced later. Dr. Nasmyth, one of the directors of the World Peace Movement, who will be here Thursday and Friday of this week, will have a dinner at the Iowa Union at 6:30 Thursday evening. On Friday, dinner at 6:30 he will deliver a lecture on one of the following subjects: "American and the New World State," or "The Constitution of Peace." The place where this meeting will be held is to be announced later. Dr. Nasmyth will be glad to meet all university students and to discuss the problems in his plans.

He recently returned from Europe, where he has spent several months studying the war in England and Germany and for this reason, will be able to convey first hand information. He has to return early visited every country now involved in the war and knows many of the principles that are leading up to the great conflict. In connection with the International Student Movement he has been in Leningrad, Berlin, Brussels, France, Germany, Austria-Hungary, Greece, Russia, Turkey, Belgium, and Russia, speaking on the various aspects of the international problem and organizing business of the International Student Movement. His recent articles which have been published in the Outlook, the Independent, the Sphere, and other widely read magazines have attracted much attention.

The interest which those who heard Dr. Mrs. who speaks was seen some time ago, can be especially interesting, because both the war and the other work that Dr. Nasmyth will take up the international problem in all the phase and be interested in is considered a matter of worth. The subject of war and peace to come is that widely discussed at this time and especially important to students of all sections.

Mrs. Nasmyth, who has been the subject of much attention, tells the students who are interested in this subject that the time is now to consider what the future will be. The outbreak of war and peace to come is that widely discussed at this time and especially important to students of all sections.

HARVAT & STACH
In the various, business matters, and correspondence, the University is not represented. Among those appearing on those programs are Professor Robert D. B. Stearns, dean of the department of German, who addresses the College enrollment section on "The Career Life of Sociology."  

The Northwest Iowa teachers' association will hold its 21st annual session in Clinton on Thursday, Friday and Saturday, April 1st, 2nd, and 3rd. President Thomas H. Mac- bride is to give the principal address on Friday evening. The subject being: "The Success of the Public Schools."  

In addition to those on the University staff of instructors who have programs on the program are many who have not. Among them are the following: J. Hilliard, L. A. U., 

Mr. Beadle, a 1912 graduate, now in the most advanced work of the College of Education, who has been assisting the students in their degree work, and who has been teaching in the schools of the state for over ten years. His work is especially in the field of the social studies, and he has been very successful in this line. 

He is a member of the staff at the present time, and will be in attendance at the College of Education conference.
