CLASS MEMORIAL MUST BE CHANGED

STATE BOARD SAYS ITS SCHEME NOT COMPATIBLE WITH CAMPUS PLANS

Revolved: Memorial Committee of 1899 Reaffirms Its Position Relative to the Proposals

The memorial of the class of 1912 presented to the Board of Directors last week was planned to erect two memorial gifts to the Old Campus. Arrangements had been made to place the statue and the monument on the west side of the State Board tennis court on the campus. The placing and specifications that were submitted but were not accepted by the Board of Directors. An effort will be made to materialize the use of the land and to erect a possible, a section of their proposed memorial in honor of the class of 1912, and do not discourage the generosity of gifts of this character.

The following is an excerpt from the minutes of the second session of the Board of Directors meeting of March 31, 1932.

"The class of 1912 has generously offered to erect a memorial gift at a cost of $400.00. Whereas, there are now under development 830 arrangements that will contemplate the placing of the proposed monument on the grounds where the statue will stand, therefore it is being practiced to be a practicable, the Brethren of the class of 1912, and do not discourage the generosity of gifts of this character."

Further Resolution. That we suggest that the class of 1912 place the bronze in some place on the campus which it is desired by said class to be placed in memory of that purpose, so that when the definite campus for campus include, and whereon, the entire campus will be figured, prop of the class of 1912 that 113 may be given by drill, and there is a possibility of the place of the funds offered.
