We
Launder Your Negligee Shirts
in a way that makes both look much better than is possible when they are sent to a washer-woman, or done at home.

You will find that we make them cleaner and whiter. If mineral, we wash them thoroughly, but so careful that the color stays bright.

We starch the shirts just right, so the buttons stay in place and the collars hold their proper pattern.

We handle the ruffles as their look as nice as your collar.

If woolen demands that your negligee shirts be sent, we have our own special process for this.
