On account of what the Medico-Legal has been to our parliamentary affairs for the second week. The interdepartmental series has been good, but since the Bobcats have grown, many games as possible will be played next week. The Law and Medicine may cross paths Saturday through this date is not definitely arranged as yet.

It was announced yesterday that Jimmie McScrew, a former football quarterback, has been designated captain of one of the alumnus teams which will participate in the ball game on alumni day during commencement week. Mr. McScrew was quite a surprise in his own eyes. The even year team will play a male team from the former old year baseball players.

We do not rent old worn out and green with age, but every Cap and Gown that we rent are new -- they will be ready two weeks before the date and may be one week. Don't be misled by cheap prices.

WE HAVE TAKEN OVER 200 ORDERS FOR CAPS AND GOWNS BECAUSE

It is only too well the need of a new fund, and the backers of Lawrence, who know more than anyone else the absolute necessity of an endowment, are all offering enthusiastically to the fund, and might be expected of people who see things as they really are. But imagine the spirit of the American modist and a Morris chair, strumming a mandolin and registering everybody's dependableness and big--

The real student lives something like this: A room a little smaller than he would like; a few paintings and pictures and a "tango" or "Dance" signs collected in his freshman days; a table with honed-to-goods books that bear the marks of use; a green comforter in some cases a tweedor, a bed, a chair, a dresser. Three or nothing more. Where the dormitories are content to stay in the background of the university, said Mrs. ;'.
