FRESHMAN PLAYS WORK

FIRST YEAR TEAM GAINS USING NONCONVENTIONAL TACTICS

Varsity Comes Back When Seven Ball-Cochrane Double-Up To Start Saturday.

Using a midnight play, the freshman made substantial progress in the varsity’s performance in the first big game.

Not until the latter part of the contest did the varsity realize the importance of its play in the forward positions, which Coach Brackner has been studying in the observation of his players.

The change back to the regulars had, however, no effect.

A few changes in play and tactics were made in the second round of the contest, but these proved to be the last acts of the evening.

Athletic Representative "Terry" McGovern

NEW TICKET FIELD

Contest develops at last hour in sophomore class.

Selections today will decide class leaders and members of "next year's Hawkeyes.'

Advent of a new ticket in the sophomore class was the big development in the campaign yesterday.

Until yesterday afternoon there had been no new ticket in the field. Now comes the代表着 sophomore ticket, opposed to the "Ladies" ticket, and plans are in the making for this Hawkeyes position by Powers, Carlisle E. Hatcher, and Dargis, and for class president Howard McCloskey. The other names found on the ballot were Jean Redig, Frances Wyland, Lindsley Barrilleaux, Powell, Sisler, and John Powers.

No Hard Feeling.

Absence of any hard feeling on the part of his opponents was the report of the campaign, which is considered a success.

Some of the candidates placed their tickets and potatoes.

Every university ticket was past. The conducting of a new ticket is a new ticket, and the selection of its candidates.

Do you realize what you want is fair and impartial representation?
Do you not want officers that represent the class as a whole; officers that represent every department and who will pledge themselves to a square deal?

Look over the list well and find out who they are. They are willing to stand on their merits.

What We Will Do

Our aim is representation and achievement. Every ticket should represent the class which elects it. The following speaks for itself:

1. The 1918 Hawkeye, representing a constantly growing and broadening institution, shall be fittingly appropriate for the greatness of our university. The editorial staff next year will be selected to represent the entire student body—not any certain class or organizations. The book will be issued by men of thorough experience and tested ability along journalistic, artistic and business lines, who are well fitted to produce an annual that is truly representative of the State University of Iowa.

2. All appointments for the Sophomore Cotillion will be made with regard to a similar policy. It will follow the watchword of this ticket—to represent and achieve.

3. All matters of administration will be decided by vote of the class—not by the officers.
