APPLIED BOTH WAYS

There is a lot of merit in Donn's
Theater's maxim that faculty men
ought to take greater interest in ath-
letics and other activities which are
close to the heart of the student
body. The closer the interests of
faculty men are to those of their
students the better in a democratic
spirit of sympathy in their mutual
pursuit likely to flourish.

But the matter can not be un-
poped just as effectively. The
student body ought to cultivate an
interest in the activities of faculty
body. The student is in the university
for all the purposes of acquiring gen-
eral cultural or technical knowledge.
While he is expecting his instructors
to become enthusiastic over the day's
football practice and over the rivalry
between institutions he ought to ac-
knowledge the importance of his ac-
quiring some degree the same spirit
of interest in his subjects as the instruc-
tors possess.

The student ought to meet his
teacher on the ground of common in-

tellectual interests as readily as the
teacher should meet him on the basis
of mutual enthusiasm over athletics.

Just As Here — Wirthmor Waists Are Everywhere Meeting With A Wonderfully Successful Sale.

Wirthmor Waists, $1.00 worth More

It does concern us much that Wirthmor Waists are meeting with much admirable success everywhere; for as a result of this continually growing volume, the stand-by favorite of Wirthmor Waists, being continually missed. The remark is very frequently heard here, that the models in the new shipments, as they arrive, are even prettier and more appealing than any that have gone before, and many people have accustomed themselves to come in repeatedly, to see the new offerings, just as soon as they make their appearance in our store. The models that go on sale tomorrow are quite as pretty as any we have yet seen, and we know will sell most readily.

Wirthmor waists are sold here exclusively.

Orders for reservations have been received from all sections of the state and there will be a large number of Iowa students present to witness the good teams in action.

The year ticket reservations, which were made last week, are now being distributed at Woodward. They were very busy and Kelling declares that the general sale will be fully as large.
