CHOOSE PAN-HELLENIAN HEADS

The Pan-Hellenian council, consisting of eight national
fraternities of the university, completed their organi-
ization last afternoon. Two officers
are to be elected, commencing this
year, the president and the

Pan-Hellenian party. The officers
are elected each year by the grand chapter of the first year, and the second oldest lands the
grand presidency. Next year, the
fraternity that leads the grand
chapter this year will get the presidency.

Now another ruling gives the presi-
dent the power to appoint all the
other officers. The new officers are:
H. J. Gourley, Beta Theta Pi, presi-
dent; R. M. Connolly, Sigma Chi, vice
president; D. E. Parco, Phi Chi

UNION GOES AFTER “FRAT”

Membership Committee Undertakes
Work of Bringing Fraternity
Men Into Organization

A movement has been started by
the university president to
make every effort to bring every
men union to get every fraternity
back union of the university. Members of the
committee are calling this week at
the houses of every "rat" and
giving booster talks to the mem-
bers.

"You must simply have the support of the fraternity men, as it is those men who are best fitted to help," said Robert E. Bunion at a banquet held at the Iowa union last Friday when the committee met to discuss the possibility of a thousand members.

For this year are six
hundred man at Iowa who belong to fre-

aternity, as they are largely
men isolated from the other men in the
university it is impossible to form a

life fraternity organization such as the
unions should be.

The calls at the fraternities were
begun last evening. The union, it is
expected, will be reported to every fraternity house in the city be-

fore next Friday when the committee
will make its report.

A rough estimate of the union membership at this time places the

club at 400.

The university dramatic club will
initiate its new members Wednesday, Oct. 25 at the Beta house, 214 North
Clinton. By mistake Mr. Jervas Jef-

fries' name was omitted from the
