

THE DAILY IOWAN

VOLUME XV.

UNIVERSITY OF IOWA, IOWA CITY, IOWA, THURSDAY, OCTOBER 21, 1915.

No. 25.

The management of the Garden Theatre announces that he has been fortunate in booking Metro Pictures Service, the world's masterpieces in motion pictures, which will be shown in his theatre on Wednesday of each week, starting Nov. 3. These pictures are the same as are shown in the larger cities such as New York, Philadelphia and Chicago at prices ranging up to \$1.00 admission and bring before the people of Iowa City the World's most famous stage and picture stars in the best known plays books by the greatest authors of the present day. A partial list of plays and stars to be shown at the Garden Theatre follow: "The Heart of a Painted Woman", Mme. Petrova; "The High Road", Valli Valli; "The Shooting of Dan McGrew", Edmund Breese; "Her Own Way", Florence Reed; "My Best Girl", Lois Meredith; "Always in the Way", Mary Miles Minter; "Greater Love Hath No Man", Emmet Corrigan; "The Right of Way", Wm. Faversham; "Second in Command", Francis X. Bushman; "The Vampire", Mme. Petrova; "A Royal Family", Ann Murdock; "Dhen a Woman Loves", Emily Wehlen; "Her Great Match", Gall Kane; "Soul of a Woman", Emily Stevens. Mr. Hanlon of the Garden Theatre is to be congratulated in securing the Metro Pictures for this vicinity and there is no doubt that the people of Iowa City will respond and show their appreciation of the progressiveness of Manager Hanlon.

LAW'S ROOM SOON READY

NEW FURNITURE FOR LOUNGING PLACE COMING SOON

Mixer Will Be Held in Two Weeks to Get All Students of College Together

The work of refurbishing the rest room of the law students' association is about completed and the room should be ready for occupancy in a few days. The new leather seats will be here shortly. They are to be of the finest design and workmanship. A new matting will be placed on the floor and the walls will be cleaned. Chairs and tables of the latest pattern will be provided.

One hundred and fifty dollars of the expense is to be borne by the board of education and a like sum has been raised among the law students. The freshmen laws will also contribute an extra sum, and it is the intention to give an opportunity to each incoming class to contribute something additional for furniture.

Room in Basement.

The room which is number two in the basement of the law building will be a common meeting place for all law students both for study and social purposes. "We hope to make it a room of good fellowship, where all the law students may meet and mix", President Edward Adams said yesterday.

Besides maintaining the rest room, the association will endeavor to interest prospective students in the Iowa law school. Special advertising material will probably be sent out and the merits of the law school advertised to men expecting to take a law course. In general all interests of the law school will be boosted.

In about two weeks the association expects to hold a general mixer in the new rest room for the purpose of getting all the law students together and creating good fellowship in the department.

TAGS TODAY FOR BAND

The girls are going to send the band to Minneapolis. All day today they will sell you tags for any price your pocketbook and university spirit fix. The profits in the transaction will be used to defray the band expenses.

The girls have decided that the band "just will go". Six hundred dollars is the required sum and there is no doubt in the minds of the "salesmen" but that they can raise it easily.

If the sum is raised the band will leave Friday night early so they will be certain to arrive in time for the struggle.

LUNCH ROOM NEARLY ASSURED

Y. W. C. A. Needs Only Ten More Girls Back of Project to Make It Go

Only ten more need be added to the list of girls' names already handed in to insure establishment of the Y. W. C. A. lunch room. The girls are working vigorously to get this slight additional support, and it is expected that the list will be complete by the end of the week.

If the plan works, the lunch room promises exceptionally good food and pretty service. Plain polished or small mission tables with doilies, good silver, and dainty china will be used. A graduate lunchroom director with two cooks, a head cook, and a pastry cook, will be secured. The serving will be done by student girls.

SUES FOR DEATH OF ALUMNUS

Suit is being brought by the mother of Rae Snyder, B. E. '14, against the street railway company of Sioux City for damages on account of the death of her son who was killed when a street car hit the auto in which he was riding.

Dean W. G. Raymond left last night for Sioux City to testify in the case.

UNION GETS FRATERNITY MEN

The union campaign among the fraternities was very successful Tuesday evening. Twenty-five new members were added.

The fraternity campaign will be carried out Wednesday and Thursday evening as had been planned by the committee in charge. Leaders hope that at least a hundred new members can be secured in the three evenings' visits.

Y. W. WILL OPEN CAMPAIGN

The Y. W. C. A. membership campaign will open with Miss Adelia Dodge's meeting Oct. 27 at 7 o'clock, and continue until November 3. Miss Dodge is the national students' secretary of this field. Twenty girls will work on the membership committee.

CORRECT PROOFS

Proofs of the names and addresses of members of the instructional and administrative organization of the university which are to go into the official directory are now in the president's office. Instructions or other officers who have moved since handing in their names are requested by the president's secretary to call and make corrections.

GRINNELL MAN SPEAKS

DR. LOUIS D. HARTSON EXPLAINS PSYCHOLOGY OF TACT

Opens Year for Philosophical—Tells Way To Act in Tactful Manner

Dr. Louis D. Hartson of Grinnell college opened the year for the Philosophical club Tuesday evening with his lecture on "The Psychology of Tact". The paper was a survey of the field of social behavior.

"If the neurones are permitted to function, the mental state aroused is one of satisfaction," he said. "If they are not ready to function and are forced to do so, it arouses a condition of annoyance and dissatisfaction." The law was applied in the field of human behavior and a study made of the original nature of man and the chosen instincts which are most largely involved in social relationships.

Like Flattery.

"Because of the fact that one of the characteristics of our original nature is a tendency to be pleased when our personality is given recognition," Dr. Hartson said. "We are able to understand why it is tactful to express confidence in others, to use the polite form of address in giving orders, to call people and organizations by their proper names, or in any way to express our appreciation of another's personality, and, on the other hand why it is untactful to meddle with the affairs of others or to interfere with them in the expression of any legitimate interest."

Right Moment.

"In order to be tactful one needs to recognize the force of the dislike of monotony which is characteristic of a large group of society, and at the same time recognize the fact that innovations are displeasing to many persons."

"To be tactful, one must always be able to recognize the psychological moment for action after the way has been prepared in the mind of other individuals."

WORK FOR SPECIAL PULLMAN

A movement was started last night to get a special Pullman on the Rock Island from Iowa City Friday night for the benefit of the football enthusiasts going to Minneapolis. By the arrangement they would be able to leave from here at 9 o'clock instead of taking the interurban to Cedar Rapids and catching the northbound train there. If twenty-five men agree to go, the car can be obtained. Arrangements are in the hands of Dick Dryer of Luscombe's studio and Fred Racine.

MASS MEETING AT STATION

Everybody Gathers at 8:15 Tonight To Give Team Send-off for Minnesota

Iowa will speed her football warriors to Minneapolis tonight with the cheers of the student body ringing in their ears as the train pulls out. The mass meeting will be held at the Rock Island station instead of in the auditorium.

The speeches will begin at 8:15. Dr. Louis Pelzer, assistant professor of history, will preside. Dr. Pelzer is one of the most consistent supporters of the team among the faculty members. Frequently, after watching an evening's practice, Dr. Pelzer regales a faculty crowd at the dinner table with his praises of the team's progress.

Other speakers will be Theodore Wanerus, Secretary of the alumni bureau; Ellwood Davis, end; Sammy Gross, quarterback; and Morey Kent, coach.

There will be a celebration beforehand, too. The band will assemble early and march down to the station playing Iowa tunes. Music, yells, and other expressions of enthusiasm will feature from the beginning of the evening until after the squad has left.

WESTER BACONIAN SPEAKER

The regular meeting of Baconian club will be held in Physics hall on next Friday, Oct. 22, at 7:30 p. m. Mr. C. W. Wester of the department of mathematics will read a paper, "Mysticism in Modern Mathematics". The public is invited.

Lillian R. Matthews, '03 graduate, is now children's agent for the state board of control in California. Her salary of \$4,200 is reported to be the largest paid any woman in California's service.

TO GO OR NOT TO GO?

An air of great gloom envelopes the campus. Money is at a premium when it isn't absent entirely and walking is out of the question. You are right, fair reader, it is not his studies that worry the student. That thoughtful attitude is occasioned by far greater and more vital things. The railroads say he is not live-stock, special trains are impossible, excursion rates are a myth, and the "open season" on river boats is over. Cannot something be done? Is his most cherished ambition to be blighted by the cold-blooded greed for money of a soulless corporation? No! a -- at least once -- No! If you can get to Grinnell, Robinson, the aviator, may want a mechanician.

GOPHERS RESPECT IOWA

EXPECT STIFFEST OPPOSITION YET FROM HAWKEYES

"Inside" Story from Iowan's Secret Service Representative Tells Minnesota Situation

Minneapolis, Oct. 19, Special—With the heavy end of their season before them the Minnesota football team Monday began preparations for the Iowa game Saturday. While confident of victory, the Gophers realize that the Iowa aggregation will furnish by far the stiffest opposition with which the team has had to contend thus far.

Iowa's showing in defeating the Northwestern team has brought a full realization of what can be expected Saturday and although no fears are entertained regarding the outcome it is entirely possible that Coach Williams will instruct his men to take no chances against the Hawkeyes.

Show Weak Spots.

In all previous games the Gophers have held back much of their strength. Last Saturday's game with the heavy South Dakota team showed many weak spots which the coaches this week have made a special effort to overcome. Although the rain was a big handicap the Gophers exhibited a listless interest in the game and flashes of form were few and far between. Several of the regulars were not in the game, however, which is said to account for a part of the poor playing.

Coach Williams has announced that all the varsity squad will be in condition to play in the game Saturday against Iowa. Solon, fullback, has shown a line-tearing ability in all games thus far that bids fair to put him among the leaders in the conference, Wyman evidences an almost uncanny certainty in directing forward passes, and Shorty Long in the quarterback position has proved himself a field general of unusual ability. In advancing the ball Long has been able to skirt all opposing ends with the exception of those of Ames where he encountered considerable difficulty.

Stars Come Back.

Frank Mayer, invalided since the first of the season, is scheduled for the line-up Saturday, as is Bierman. Mayer has proved himself a strong barrier in the tackle position and Bierman is one of the speediest half backs on the squad. Kleffman who received a wrenched knee in the South Dakota game it is thought will be in condition to play against the Hawkeyes.

Minnesota's line which, all during the season, has worried the coaches showed better form against the

(Continued on page 3)

THE DAILY IOWAN

A Newspaper for the Students of the University of Iowa.

Entered at Post Office Iowa City, Ia., as Second Class Matter.

FRANK BALDWIN, M. A. SMITH, PUBLISHERS.

The News and Editorial Matter Prepared by Students in the Course in Journalism.

WRITE A SONG

Is there not someone in the university with the ability and the inspiration to produce an Iowa song?

For several weeks now, the committee in charge of the Kuehne contest have been waiting patiently for manuscripts to be submitted. None has come. Neither the chance to do something worth while for Iowa, to create a song that will express Iowa spirit, nor the prize of fifteen dollars has spurred anyone into action.

Really, The Daily Iowan will be disappointed and chagrined if several songs are not entered in the contest. In the university there must be many students with both the musical and literary knowledge required for song writing.

There is yet time in which to get the signs in. The contest will not close until November 1. Manuscripts may be left at The Iowan office and they will be given to the committee.

NOTHING MAKES SOMETHING

They are talking about very subtle things in the psychology of religion class this week—judgments based on imperceptible impressions. You sum nothings and get something. Mr. Starbuck declared the other morning that you can get the intellectual weather of an institution in a very short time in this way.

We wonder if anyone could tell us just exactly what the spirit of this student body is. We are reminded that the Y. M. C. A. and the Iowa union, student activities, have announced excellent musical and literary programmes, that an unusually

large number of men and women "tried out" for the dramatic and glee clubs and the university orchestra within the past few weeks. And it comes to mind that classes in language, in reading and writing, for foreign-born citizens of Iowa City, who have not yet learned the language are being conducted by students of the university each week.

But these things are somethings, and our psychology formula called for nothings. Still, perhaps it all goes to prove that the intellectual weather at this university is not so bad.

HOLD SERVICE CONFERENCES

Second Meeting of Miss McClenahan's and Dr. Haynes's Students Friday Night

The first meeting was held last Friday night of the new social service conference, composed of the students in the seminar of Bessie A. McClenahan of the extension department and Dr. Haynes's classes.

The next meeting will be Friday, October 22, at 7 o'clock, room 304 liberal arts building. Miss McClenahan will speak on flood relief work at Dayton. She served there as a Red Cross nurse in charge of one of the relief districts.

After Friday the meetings will be held every three weeks and anyone interested in the work is invited. Different people who have done social work or who are interested in that line will give papers and there will be open discussion of various social questions.

There will be no formal organization, and attendance on the meeting will be voluntary. The time from 7 to 8 is early enough not to interfere with other week-end activities.

REMEMBER THIS DATE—OCT. 26

Attend the October Festival to be given by the Daughters of Isabella at Majestic Hall Tuesday evening. Fun for all university men and women.

LIBRARIAN GETS OLD BOOKS

Three rare old volumes with the copyright date of 1634 have been added this week to the librarian's new books. In the quaint language of the fly leaf, these volumes are, "The Most Ancient and Famous History of the Renowned Prince Arthur, King of Britain, by Sir Thomas Malory, Knt, London, Printed by William Stansby, for Jacob Bloomer, 1634".

The books are two inches in width and five in length. The lettering is so small that the naked eye reads it with great difficulty. On its front

binding the price is given as "12 in Boards". On the whole the volumes are very well preserved.

KELLER AIDS INVESTIGATION

Prof. G. J. Keller of the engineering department was selected yesterday to examine the doors of the elevator shaft in the Jefferson hotel. The examination, which he made yesterday, was in connection with an investigation of the death of F. Huffman, a drayman, who was found dead at the bottom of the shaft Monday afternoon.

MINNESOTA RESPECTS IOWA
(Continued from page 1.)

South Dakotans than at any previous time and it is thought that by Saturday, with the aid of Mayer at tackle, Gerou at guard, and Hauser and Dunnigan filling other line positions the Iowa team will have considerable trouble withstanding the rush line.

Light work was given the squad Monday with a heavy scrimmage against the freshman aggregation Tuesday and this afternoon. Scouts have been watching the Iowa team work in its games thus far and it is likely that the Hawkeyes will find Minnesota in a high state of preparedness for Saturday's game.

HAWKEYES IN BAD CONDITION

Six Men among Cripples and Work Unsatisfactory as Team Leaves

With six regulars on the sidelines with more or less serious injuries and doubt expressed as to whether a portion of them will be able to enter Saturday's game, the Iowa varsity will leave Iowa City tonight at 8:55 for Minneapolis. They will arrive Friday morning and will spend most of their time resting up until the whistle blows Saturday afternoon. They will, however, go through a light signal practice at the Nicollet baseball park Friday afternoon.

Twenty-five men will make the trip, in addition to the coaches and trainers. They are:

Captain Barron, McKee, Davis, Jacobsen, Wilson, Bowlesby, Holmes, Gross, Kerwick, Laun, Garrettsen, Kriz, Blackstone, Tripplett, Fosdick, Grubb, Blackburne, Kelly, Wyland, O. Mendenhall, Scott, Leighton, L. Mendenhall, Bannick and Donnelly. In addition, Coaches Hawley and Kent, Director Kellogg, and Trainers Watson and Mann will accompany the squad. The team will make the trip in a special car.

The varsity continued to show poor form yesterday afternoon. At the conclusion of an hour of scrimmage drill against the freshmen Coach Hawley was in a particularly pessimistic mood and declared that the work of the Hawkeyes was still unsatisfactory.

ALUMNAE WILL HOLD BANQUET

Miss Mary Andersen announced yesterday that there would be a homecoming alumnae breakfast Saturday morning, November 13, at Close hall.

SOCIETIES TO BEGIN EARLY

Debates Feature in Programmes Announced for Men's Organizations.

All meetings of the men's literary societies will begin at 8 o'clock Friday evening as there will be no mass meeting. Each society has an exceptionally good offering. The public is invited.

Zetagathian will give the following programme: optional by Emslie Hutcheon; debate, affirmed by Leonard Racker and Ralph Griffin, denied by Harold Place and Walter Barnes; chalk talk by Orange Judy, optional by Virgil Hancher.

Irving's programme is: music, reading by Ralph Fritz, music, "The Mexican Border Trouble" by Frank E. Van Nostrand; debate, "Resolved that the granting of equal rights of suffrage to the women of Iowa is justifiable", affirmative, Alvin Farrior and W. Keith Hamill, negative, Simon Skeels and Melville Miller.

The Philo programme is: speech by Lester Austin, optional by John S. Shimanek; debate, "Resolved that the State University of Iowa should have a cooperative book store," affirmative, Clarence N. Hildebrand and Louis Chiesa, negative, George M. LaFollette and Bryan Martin; music by Ralph Colvin, optional by Benjamin Mather, speech by E. Raymond Tipton.

Philomathean will have its initiation.

FIRST ROUND IS COMPLETED

The following are the results in the first round of the tennis singles: H. W. Anderson defeated E. A. Hellman 5-7, 6-1, 8-6; J. Van der Zee defeated N. A. Kellogg 3-6, 6-3, 6-3; H. Larsen defeated J. A. Nye 6-2, 6-0; E. F. Piper defeated S. D. Marquis 4-6, 6-0, 6-1.

BOYD INVESTIGATES DISEASE

Mark F. Boyd, state epidemiologist, returned last night from Clarance, where he was called to investigate an epidemic of diphtheria. In search for infected cases he secured some 200 cultures from the throats of school children to be investigated in the laboratory of the state board of health.

IOWANS ATTENDING COLUMBIA

Vern Foley in Dramatic School—Professor Ensign Guest of Former Students

Vern Foley is attending the school of dramatic art at the University of Columbia, in New York City. Mr. Foley will be remembered by the students of Iowa as a man of dramatic ability who took part in many of the shows given last year by the literary societies and the dramatic clubs. He will be best remembered in the roll of the man of mysterious ways in the play, "The Passing of the Third Floor Back", which was given by the dramatic club.

There are a number of former Iowa students attending the New York school. Adrian Foley, brother of Vern, is in the law college there, as well as are three or four other Iowa men.

Prof. Forest C. Ensign, dean of men last year, who is now at Columbia, was given a reception by the Iowa men there one evening of last week.

GIVES ZOOLOGY TWO YEARS

Prof. C. C. Nutting announces a new course in zoology this year, which carries on, in a second year's work, a course which was started previously. This is the first course in zoology which has ever been carried for two full years.

The work last year was comparative zoology of invertebrate animals, and the second year work is comparative zoology of vertebrates. Room 19 in the natural science building has been fitted up as a laboratory for the work, and Professor Nutting, assisted by Mr. Stoner, teaches the course.

STUDY STUDENTS' ABSENCES

Investigate Percentage and Causes of Grammar School Absences in State

Ernest J. Ashbaugh, the director of the school survey of Iowa, and instructor in education, is now making an investigation into the percentage and causes of absences of pupils in the grammar schools of the state.

WILL TALK TO METHODISTS

The Wesley Guild will meet as usual Thursday evening at the home of Rev. Townsend, 130 North Madison street. A talk will be given by Mr. R. C. Kelly, who has spent some years teaching in the Philippines. Mr. Kelly's subject will be "Making Over the Philippines". The guild begins at 7 o'clock, and all Methodist students and friends are cordially invited to attend.

The Octave Thanet society, with freshman guests, were entertained Tuesday night at the home of Marjorie Pickering.

Dorothy Dondore has returned from a trip to Colfax and Des Moines, where she attended the annual meeting of the Iowa librarians and visited with friends.

The Alpha Chi Omega sorority will entertain at a reception Friday afternoon at the chapter house.

Established in Cedar Rapids 20 Years.
