Full Program Ready

Earnings given details of homecoming plans.

Dramatic and Newspaper Men Will Have Constant Grind of Enter-

tainment.

Theodore Herndon, secretary of the University of Iowa association of journalists, yesterday outlined the proposed program of the fourth annual meeting to be held at Iowa City October 21 and 22.

In connection with the homecoming program there will be the first annual conference of Iowa newspaper men, under the auspices of the University of Iowa. Advance reports from

IOWANS GENERALLY WERE STUNNED BY COACHES OR PHILS MATERNAL AND THE RESIDENTS THEREOF.

some of the material, and the resident where there is. However, Iowans did not offer the northern limit of the distribution of certain trees and
cart the places with a view of introducing that tree into his state.

After a look at the northern limit of the peaches, and the southern limit of the white pine, it is also the richest territory in the state in plant life.

PREDECESSOR BACK FROM EAST.

President and Mrs. Thomas H. Raymond returned yesterday from their trip to England, France, and Belgium.

In connection with the inauguration of John H. Cracroft as president of Lafayette college, President MacCracken's brother is president at Vassar.

At Albany the president attended a conversation of the University of the State of New York, at which Professor Elsworth Blue was given the honorary degree of doctor of science.

RAYSINGTON WRITES FOR BOOK.

Dean W. R. Raymond has contributed a sketch of the book which he has written exclusively on plants, birds, and butterflies, has returned home, after a visit to Iowa. He hopes to

ent. It is evident that the student body does not feel satisfied over the result of the Iowa-Minnesota game.

The Daily Iowan has heard more than one complaint that the national advices of Minnesota is football material will not account for so great a margin of points, as that under which Iowa was buried.

More than one student supporter has asked "Why?". If the student body generally is asking the question, it is still in an exasperation. Perhaps some of the team followers who saw the game Saturday night give it. If they will. The Daily Iowan will be glad to serve as the medium for entertainment. Con- ments should be signed, but the names will not be used if writers desire that they be withheld.

**SECTIONS**

**GARDEN THEATRE**

**COMPLETE PROGRAMME READY**

(Continued from page 4.)

2:20 p.m. — "Dandy" football game.

The Iowa City Free Press association continues for the second celebration of its members the "guyer ball" by Mr. Burrows Hubbard, of Stenton, on the evening of October 26 in national science auditories.

Those who heard Mr. Hubbard last spring, when he appeared under the auspices of the Iowa state federation of students' clubs, will recall that his interpretations were unique and admirable. On this second visit to Iowa City, Mr. Hubbard will present, in his characteristic way, Wagner's "Liebestod," a musical legend grown out of the Greek myth of Cupid and Psyche, powerfully revted by the great German composer.

**GRIMSEL MATCHBOOK**

The Grimsel has returned from a trip to the territory north and west of Des Moines, where he has been making a study of the numbers of the Red oak group of trees. He has been doing extensive field work this fall, being his third long trip besides a number of shorter ones. His first trip took him to Winnebago and Alamosa counties, and the second to Cerro Gordo and Winneshiek.

**STUDIES: ECOLOGY OF COUNTY**

With continuation of non-favorable weather, Instructor S. B. Brumfield will make great progress in his survey of the natural ecology of Johnson county. Mr. Brumfield gave a preliminary report of this survey last fall. The full amount of the results recorded are to be published by the department of biology.
