The Daily Iowan is the official organ of the University of Iowa. Founded at Post Office Iowa City, in 1869 by Second Class Matter. MAINE BALDWIN, M. A. SMITH, Publishers.

It's Good Medicine.
It has come to the notice of The Daily Iowan that the report which wrote the story expressing student views of the Minnesota game has been subjected to the resentment or adverse criticism of the part which has been published. The students who voiced the sentiments expressed in the article may prove to be rather valuable. It may cause coaches to work harder, members of the team to avoid giving away opportunities for criticism, and the student body, thoroughly awakened to the needs of the situation, to give more intelligent, more sympathetic support.

UNION WILL REPORT MEMBERS
The final report of the Iowa union's campaign for membership will appear this week.

WASHING N MADE HERE?
ERROR!

An awful error has been detected in the physics building.
The clock in Section 6, known for its accuracy,
has been losing time. At the last
Date of correction, according to
Washington and astronomical time,
the clock was approximately five
seconds behind, or, more exactly, 4.6
seconds fast. The other has, indeed,
had a hard race to get ahead of time.

It has consumed just six months to
gain these four seconds on Father
Time's count. Its chances of doing
this again the next six months are ex-
tremely poor as it has been hand-
capped to the extent of its error by
O. H. Truman, and is now held back
ahead with time as it should be.
