WHERE QUALITY IS HIGH

AND MORE THAN THE PRICE.
A No mayor, for Students of the University of Iowa.

Enrolled at the Iowa City, 1o, or Second Class Matter.

WHY?

In the first place, few Iowa boys among whom the committee will be able to select Iowa's next President unless the university has no representative.

RELICS.

Brightly colored bubbles are radiant to pass upon as long as they last. But when they burst as they are wont to do, a little spot or pool of water on the floor marks the formerly common existence.

So everyone other bubble of life. They are beautiful to look upon. However, they are like the Roman Alps, a few flakes and other relics left of a large and prominent by the intake and travel and they blanks in its habitations. There was an empty bubble without foundation. So, if this college life, bubbly bills, blown, only to last because of the emptiness within. The slight to last is a bubble which when discovered, vanishes quickly. The flimsy substance of the community is the same. Because the self-importance because of college honors is another bubble which evaporates soon after graduation. When they burst, all along with the building of air castles is all right for a short while but pretty poor for a life's vacation.

ASK ALUMNI TO ASSIST

Athletic Board of Control Sending Out Letters Each Month to Former Iowans

As a step in the effort to better the athletic situation at Iowa has been the board in control of athletics in sending out some two hundred thousand letters to the alumni when they think it has formed in their welfare of university and particularly in athletics.

Many have been imprisoned by the showing of the various organizations. Not one of the letters from the board presents in this letter the information thereby so that the alumni may form an intelligent idea of the condition of the case the first letters. The members of the athletic board do not believe that every particular individual is to be specially informed, but that every individual is a member of those factors that should consider to promote the interests of the school. The most important of these is the control of athletics, but particularly the interest of athletics at Iowa is a close alliance with other, but still close with the board in control of athletics.

One result of the failure of hearty cooperation among all concerns is that the Iowa teams constantly meet on other side institutions on which many may (if exceptional talent is not born in the state of Iowa). As animating a fact, it may be noticed that this Little Chicago has three Iowa men on its team. Northwestern, three; Minnesota, four; while the one star of the Wisconsin team is a boy from Iowa. There has not been a success during the past ten years when there was not a full eleven of Iowa men playing on the thirty-two-man's competition. This is one of the problems to be solved until it is a thing that Iowa teams is becoming in their business to see that those more around them, these state university, the University of the Western hope to have anything but merchants found.

It is believed that all Iowa man's policy right, strong, clean, constant influence of Iowa, and in this belief we ask your advice and your help in securing the cooperation which we must have if we are to build up permanent athletics of the kind that it is right to expect at the University of Iowa.

COMING ANOTHER FRATERNITY

Plaisance is the name of a new fraternity which is being formed for the purpose of promoting, according to report, for a chapter of Delta Upsilon. Leaders in the organization are interested in the Debs and Leibig Ackerly and Harold Place. The organization will occupy the old South House on Front Street.

TWO DAYS - FRIDAY AND SATURDAY

December 17th and 18th

Arranged in 8 parts with 7500 people

ONE OF THE REALLY GREAT KLINE Attractions

with its unique record of many successful runs in America's Most Representative Playhouses—The Minneapolis Auditorium, Macon Theatre, Buffalo, and the Auditorium Theatre in Chicago, where its presentation with the Chicago Grand Opera Co.'s Orchestra of fifty pieces was hailed by local dramatic critics as photodrama's crowning triumph.

SPARTACUS IS A STORY OF ANCIENT ROME—of the bloody Cirena Maximus—of the history-starved slave uprising led by Spartacus—of the hand-to-hand conflict of two great armies on the lava-strewn sides of Vesuvius. Spartacus is rich in story and magnificent in spectacle.

READ WHAT THE CRITICS SAY:

"Quite the most elaborate and wonderfully presented photodrama Chicago ever saw."—Daily News.

"Spartacus takes its place as one of the truly great pictures. It is awe-inspiring, almost beyond description."—Bec-

one-Herald.

"Spartacus is a master production, conceived in a masterly way. Its presentation delighted Chicago picture fans."—Chicago Journal.
