BASKET-BALL MEN LEAVE FOR CHICAGO

Next Madison's on Their Floor Tonight

Beat Players Twice Bigger Than Those Of Notre Dame

Chico "B" loses, but all is not lost when the game is played. The Chico "B" team left for Chicago last night, but next Monday night Chico "B" will meet Notre Dame on the Chico floor tonight. Theoretically, any player who can make a basket is a good one. At the last game Notre Dame had the edge, but Chico "B" is making such headway that the Chico "B" team will be a force to be reckoned with.

Warren E. de Forest, who coached the Notre Dame "B" team, left for Chicago last night and should arrive there tonight. The game will be at 8:30, and the visitors will be especially welcomed.

The game will be played for the benefit of the Student Health Service. A ticket for the game costs 50 cents. The game will be at 8:30.

Mary Kinnavey Wins Contest That Will Go To New Year's Eve Ball

Mary Kinnavey wins the contest that will go to the New Year's Eve Ball. The contest was held last week in the Armory, and Mary Kinnavey was the winner. The contest was open to all students.

Mary Kinnavey, a sophomore, was the winner of the $2 prize in the annual armory competition. The competition was held under the auspices of the Women's Pacifica League, and Miss Kinnavey was chosen for her ability as speaker.

The competition was open to all students, and the judges were selected from the faculty. The judges were selected from the faculty. The judges were selected from the faculty.

GOV. HANLY TALKS ON LIQUOR PROBLEM

Organizer of Petition Squad Speaks on Prohibition

Eulah Jones-Whalen—National Prohibition Faut to Congress 20 States Day

Placing special emphasis on the statement that "the habit and fundamental laws of the day is the liquor problem and the relation of the government to it," Ex-Gov. Hanley of Indiana praised the small recent presentation made by the Anti-Liquor Wednesday evening that there was no small portion of the contention but what was simply supported by proof of the most convincing kind.

Drawing from a rich personal experience that is world-wide in its scope, using illustration after illustration to point out that of the conviction for certain 15,000 of them can be traced directly to the door of the saloon and that does not include the lost statistics who are annually paying the price of author's wrong-doing. "Liquor judice is the twin sister of poverty," said Mr. Hanley, "and in a mental, physical and economic way. "Speaking of the enforcement of our laws, under-nilling the enforcement and weakening of all equal enforcement measures, destroying the homes of many of our countrymen, and it has succeeded in feeling expression among those high in office to say that federal legislation would be useless as it would be impossible to enforce the laws even after they were on our statute books.

Making special reference to the situation here in Iowa, he said "It is no small task you people of the state have undertaken and it will take honor and effort on your part to accomplish the step you have taken. You may work hard and honestly hope for success if you let the people of the state help you in this affair. The opportunity is yours this year to do just this thing and I cannot feel that there is a man in the state who will refuse to put the one additional: public voice to the flying banner of the women who is the mother of his children with whom she may do battle with this greatest enemy of the home.

In concluding Mr. Hanley pointed out that there are now 18 dry states, that ten more are expected to join them at the end of the year and with seven more the following year he saw visions of national prohibition to prevail in the interest of the federal constitutional principles. Contributions to the support of the "flying banner" of which Mr. Hanley was the organizer were received at the close of the meeting.

Invitations have been received in Iowa City in the marriage of Norma Field Harrison, Secretary of the Democratic public speaking at Street Office 100, Washington Street, January 21, at 3 o'clock in the evening.

MUSEUM COURSE INTERESTS

Professor Dill Has More Applications For Students Than He Can Fill

There is one department in the university where there are more applications for students than can be filled. It is always a waiting list. This is the department of zoology where Honer Dill trains young men for museum work. Mr. Dill addressed the meeting of the Association for the Advancement of Science which was held at Columbus Ohio during the holidays. On the evening of Dec. 19, Prof. Dill addressed the Ornithological division of the convention. After his main address he gave a brief talk on his work in training students for museum work and as a result of his discussions, inquiries from those different institutions have already been received relative to securing next to work in their museums.

NEWS OF HAWKEYE ATHLETICS
WOMAN'S GYM, LIVELY PLACE

Registration for extension and elective work, beauty apparatus, dance, and gym makes the offer of the women's gymnasium a very
large one this week. Miss Dean was not prepared to give any statistics promptly, but the number of interested
students includes the following: Minnie Hagel and Miss Hahn, who have ar-
greed, will do our office work.

The gymnasium reception room has been
taken on a very homely basis with its rocks and comfortable chairs. Later on there are to be a number of desks and writing-tables as well as a small vanity for the ladies.
