WANT BUSINESS TRAINING?
The department of economics has been receiving many inquiries regarding future work of the school of commerce. A number of students have been received from students who are at present attending eastern universities and many have signified their intention of coming to Iowa to complete their business training.

PARTICIPATE IN SHORT COURSE
Several universities now are taking part in the Iowa short course which is in session this week. President Thomas Micafield, Prof. E. B. Sherm and Dayton Bosier are on the faculty. The department of commerce will be open to the student body.

JIM THE PENMAN
"What is Iowa coming to?" demanded the owner of one of the city’s leading billiard halls. "It’s worse than the famous town. I believe the jolliest saloon in the city."

The owner missed the point. "The reason for the scarcity of trade was due to the mid-year exams which are held next week. The post and bellboys and bowling experts are busy cleaning up for exams and haven’t time to spend on three cushion shots and body English."

ILLEGITY STUDENTS TO MEET
All former students and graduates of the University of Illinois, now in the university here, will assemble in the liberal arts dining room at 10:30 Monday evening to meet Dean Thomas Atkins Clark of Illinois. There is a movement on foot to prevent the organization of the local alumni of the University of Illinois. More than a dozen students of that institution are now here either as professors and instructors, or as students.

DRESSING UP AT IOWA
The growing class in the home economics departments is working overtime these last few days. They are engaged in afternoon gowns and they must be finished by the end of the semester. The dresses were designed by the girls themselves and they are of unusual style and beauty.

PEARL NAYLOR TO TEACH
Miss Pearl Hayler, a graduate of the university, has been elected to teach Latin in the Mason City high school. "It is one of the few high schools in the state that have school the year round."

Theodore A. Warner, secretary of the university alumni association, is in the Masons in conference with Robert B. Hamster, president of the association.

A. J. Williams, assistant in the department of journalism, has been elected to the faculty at the University of Chicago, where his duties begin the second semester. Mr. Williams is a graduate of the University of Chicago, has taken his M. S. at Iowa and fulfilled his residence requirements for a doctor's degree.

The legislators at Alabama, California and Texas have debated bills to abolish fraternalism.

EXTREME VARIETY AND NEWNESS MARK OUR FIRST SHOWING OF SPRING TAILORED SUITS

For Spring

A showing that again emphasizes this store’s supremacy as a shopping center for women and its reputation of presenting the new things first.

Short jackets, wide full skirts, novelty collars and sleeves characteristic of the quietly elegant suit modes that will reign in the spring and these are deftly shown in our initial display.

We cordially invite the early inspection of every woman and miss in Iowa City and vicinity.

These handsome new 1916 garments are extra values at $29.75, $35.00, $45.00 and $55.00.

LAW AND MEDICS WIN

The medics took the second game of the afternoon from the Liberal arts gymnastie by 21 to 17. The Liberal arts medics were routed by some of the old team members. The medics were at the long shot mark and many of the baskets were thrown from the center of the floor.

The medics was at the long end of the 14 to 11 count at the end of the first half and the L. A.'s were unable to hold them down in the second period. Both teams resorted to short shooting and many of the baskets were thrown from the center of the floor.

The medics second period. Both teams resorted to short shooting and many of the baskets were thrown from the center of the floor.
