S. U. I. Students Now Have Their Own Newspaper

Regular Publication of the Paper Is Announced

Opening Next Fall

Chiefs Named by Board

Iowa Daily News, new student paper, is formally launched at the University of Iowa. The paper has been carefully formulated, and with the opening of the new school year in September, everything will be in readiness to publish a regular weekly periodical.

The control of this publication will be in the hands of a board of five chosen by the students. The officers will be chosen by the senior class, and those chosen will serve as such until the end of their term.

COACH HOWARD JONES

Big Formal Ball Ends Years Events

Two Hundred Couples Enjoy Last Party of Winter-Dance Occurrences with Formal Skill, in Green and White

CHANGES ARE PROBABLE

This year is the first time in history that Iowa has had organized football practice. With the selection of Howard Jones as coach, February, the office was made an all-year job. Since his arrival Jones has been hard at work establishing a new organization in the University of Iowa. It is the hope that this organization will be an asset to the University of Iowa.

In comparison with other schools Iowa has been well shown by showing with spring practice. Amos, Purdue, and Minnesota schools have thirty to forty men out all the time while the average over the eleven years has been from twelve to fifteen. None of the regulars, however, have been engaged to compete for the gridiron.

Jones Says Nothing

As to the outcomes of the spring work, Coach Jones has been non-committal. Probably the only statements that have been made have been that not enough men have reported. (Continued on Page Five)

PRESIDENT MACBRIDE EXPRESSES HIS "HIGH EXPECTATIONS"

"What shall the new paper strive to do?" the editor asked of Thomas H. R. Macbride, president of the University. His answer was a carefully prepared statement, which he submitted herewith as the new announcement which shall govern hereafter the publication of this important journal.

New Arrivals among the faculty will be announced in the new paper.

FRESHMAN PLEDGES MUST PASS A YEAR

ACTION OF FRATERNITY COUNCIL
LAW ON NEW REGULATION ON INITIATION

IN EFFECT NEXT YEAR

To impose Scholarship of First Year Men as Conditions in Various Colleges

Freshmen cannot be initiated into any fraternity after September, 1916, if they have completed their first year's work and satisfactorily passed four-fifths of their regularly scheduled work. This regulation was passed by the Inter-Fraternity Council Thursday. It will affect chiefly the freshmen in liberal arts and engineering.

The adoption of this law was in keeping with the regulations of other colleges who can show average standing in all of their work in the University.

New Process. The purpose of this new system is to raise the scholarship of the first year men and not to allow their University affiliations to distract them from their work in the University. Last year the inter-fraternity council raised the standard for initiation into the Greek-letter societies by requiring that at least four-fifths of their scheduled work for the first semester. This rule proved unsatisfactory and the council amended it by requiring the pledges to complete four-fifths of their work for one year instead of for the first semester only.

The regulation as passed by the council is:

1. Beginning with September, 1916, no freshman may be initiated into any fraternity unless he shall have satisfactorily completed four-fifths of his regularly scheduled work.

Delta Epsilon Rho.

This regulation shall not apply to the college of dentistry until the whole four-course of study is put into effect.

2. In the case of professional fraternities requiring two years of liberal arts work and one semester of professional work, the two years of liberal arts work shall be considered as fulfilling the requirements of the above rule.

3. Students entering from other colleges with advanced standing will be considered to have met the above requirements, provided they are not admitted on probation or re-

THE TRACK SITUATION AS WHAT TO DO WITH IT

Fresno just closed a fairly successful season in baseball—but has failed to come close to the fashionable—and in track athletics.

The situation is to be found in Fred C. Watson's lack of suitable running. The state meet yielded a fine four, Minnesota came close with between and humbled us in our own ink—and we failed even to register in the conference.

One outbreak of the number of men were on track who should have been racing epically and running past day. This was proved in Pacific Bay. The attraction that a gold medal hold out then proved more than greater happiness than the opportunity to join Nevada bay had before.

No decision of value unless it often a question, and here is opportunity to say "then" to Prof. J. E. Dopp's judge as it appeared in the Fresno Citizen—"Tuskegee Institute" in the Yosemite Valley—"no" in the 7th District—"no" in the 15th. These may be rated as follows:

More persistent endeavor to enroll students from the high schools of the state.

A friendly criticism and not the vicious Red-finding that allows everything within the state and Georgia primarily to the outcropping state that does not exist.

The giving of all college publications in his high schools of the state.

FOOTBALL MEN TELL PLANS FOR SUMMER

CANDIDATES FOR NEXT YEAR'S TEAM TO KEEP IN THIN BY HARD WORK

TO USE FOOTBALLS
Breaking Dad and Brothers Passed by Majority—Laws to Demonstrate Automobiles

Physical spring out of the way football talk and speculation is already being indulged in by Iowa fans. Spring practice was brought to a close last week. Under the one season rule recently adopted an organized practice is allowed during the summer but candidates may take individual "work outs" on their own account. Here is what some of Iowa's football warriors will do during the vacation:

Jacobsen, tackle.—II am going to continue my studies at the University of Minnesota and work for an automobile firm at Akron, Ohio. I intend to keep up my tennis and swimming. I will also hear short talks on the game and other physical activities. A trial to show their swimming ability will be given in the second semester. The chosen will be taken out of doors in the spring and fall for tennis and track work.

Jannick.—I will take a job in a law office or on the farm and track work will keep me in good shape.

Mendenhall.—Captain Wrenn and I are going to spend the summer at Des Moines. We'll have a football and tennis game and have a good time.

Hinman.—I shall be in the Harlan Country contests. I shall be in the amateur boxing matches and shall handle a football on the side.

Sieg.—I will take a job in the spring and fall for tennis and track work.

TO HEAR OF MORE SHOOTING

Five Expected To Enter State Tournament at Des Moines—Powers.

Lyon Medal Man Last Year

Five university amateur golf players will take part in the state tournament to be held in Des Moines June 24 to July 1. Among those who have announced their intention to compete are the following:

Newman, Des.—representing the Des Moines Country club; Baker, representing the St. Paul Country club; Powers, and representing the Des Moines Country club and Carry, representing the Des Moines Country club.

All of the men mentioned have had experience and are good golfers.

Jubilee, in particular, has won success by his work with the club, leading the low qualifying man at the state tournament at Cedar Rapids in 1915.

Considerable interest has been awakened and it is possible that a team may represent the University at the annual intercollegiate meet next fall in Chicago. Iowa is the only team from the west to take part.

MORE SHOOTING FOR CADETS

Monday morning at 7:15 and 9:00 at 12:15 men who have not finished their work on the range will have an opportunity to shoot. For 9:00 the charge will be 50 cents and for the hundred shot it will be 100 cents.
A REAL STUDENT PAPER

With the publication of the issue of The Iowa Daily News a new era in student publishing has been opened at Iowa. For the first time in the history of the university it is possible for the students to read a newspaper published by their fellow students and staff.

The Iowa Daily News is published by the direct effort of the students themselves, and with the unreserved co-operation of the student body. It is to be published on the premises of the Student Union, under the direction of the students, and, with the approval of the Board of Trustees, the returns will be put into the bettering of the paper.

The editor of The Iowa Daily News has made a special effort to obtain all the news of interest to students, and to present it in a clear and interesting manner. The price has been placed 11 cents per issue, or one dollar per year.

The subscription price is $2.00, regularly, with a premium of $.50 for each. The price has been placed at this amount in order that every student may have a copy every morning in the week, except Monday. The editorial staff will not be chosen by the editor-in-chief until after school begins in the fall in order that the student may have an opportunity to demonstrate his or her ability, which is equally essential to the success of our new paper.

SCHOOL SESSIONS

Nearly four hundred students, most of them freshmen, will be graduated next week from the University. This state is the result of the publication of the number of students, and to some women to work among its people, is now the result of a far more brain, and more vigorous than of the more than two million inhabitants of Iowa. This is the result of the publication of the number of students, and to some women to work among its people, is now the result of a far more brain, and more vigorous than of the more than two million inhabitants of Iowa.

SUMMER SCHOOL SESSIONS

The Sessions will be held Daily in the rooms of the Irish Business College, 205 1-2 Washington Street, over Commercial Bank, from 9 A.M. to 12 M, during the same period for students of chemistry, physics, and English, who have not been able to take the examinations for the degrees of Bachelor of Science and Bachelor of Arts.

REGISTRATION

Will begin Monday, June 1916.
GRIDERON OUTLOOK PUZZLE TO DOFESTERS (Continued from Page One)

new scenes fairly well satisfied and I already planning his campaign for next year.

Magogas Back.

Of the regulars from last season, Holmen, Pawlik, Jacobson, Davis, McCree, Grubb and Dwayne will be back to try for places in the line. Holmen, who is an outstanding athlete and is especially reserved for a Sunday evening, the service continuance of A. D. W. C. A. will finish. Iowa’s most famous, will deliver. She has come from recent, the service correspondence free following days will program outlined else-

in the bookfield. Captain-elect. Lane is the only regular left from the ranks depleted by the recent tournament and insufficiency and an entire new quarter-time will have to be manufactured. However Dossin, Scott, Back, Emch, Bensen, L. Niswender, and the few men of the freshman class are showing speed.

TO Visist Quarterback.

The loss of Captain “Stitch” Barron and of shifty Sammy Gross will be keenly felt. O. Mendenhall, who had been counted as being a strong contender for the quarterback position, also does not expect to enroll next fall. The absence of so many regulars behind the line and the new coaching staff will no doubt result in an almost entirely new team. Some of the outsiders may be pulled back to play the backfield positions. None of the freshmen may receive the preference over others.

CHANGE IN PLACES.

Two changes have been made in the announcements for commencement exercises. The exercises, as given by the Bandone Players at the city park Tuesday at 8 o’clock, will be staged instead on the campus immediately in front of the natural science building. Likewise the Alumni baseball game will not be held at the park but on the Iowa field at 2 o’clock of the same day.

LAWS TAKE RAB RHAMS

The thirty-third annual session of the law school will have many applications to be attended to in the law school building on June 20 and 22.

OTHER MORE TO COME.

The charter roll consists of:

E. A. Adams.
Scott Anderson.
Irving J. Barron.
Clinton Brain.
Ray Cleveland.
C. A. Exley.
H. B. Greenwald.
H. W. Hartman.
Tom E. Martin.
Malcolm MacKay.
John Mohan.
Ralph E. Turner.

The announcement of the A. F. L. will be worked into the program of the various classes of the University.

TUESDAY, JUNE 13

9:00 a.m. University band concert (Campanile).
12:00 m. Alumni dinner (Women’s Gymnasium).
4:00 p.m. President’s reception (President’s House).

SENIORES ORGANIZE HONORARY SOCIETY

(Continued from Page One)

other men to complete the society. The charter roll consists of:

E. A. Adams.
Scott Anderson.
Irving J. Barron.
Clinton Brain.
Ray Cleveland.
C. A. Exley.
H. B. Greenwald.
H. W. Hartman.
Tom E. Martin.
Malcolm MacKay.
John Mohan.
Ralph E. Turner.

The announcement of the A. F. L. will be worked into the program of the various classes of the University. It is hoped that the entire roll of representatives from the junior class of the different colleges will perpetuate a unit that will work toward this end. All men who have been prominent in University activities are eligible for election.

The members of the class of 1917 who have been elected for the present year are:

Park Bannock.
Lawrence DeDe.
F. C. DeNose.
Wayne Dyer.
A. H. Gundersen.
Arthur Hargraves.
Russell Longley.
Leonard Banger.
Fred Bisel.
Cecil Brown.
F. E. Van Vechten.

It is thereby that in the near future the power to elect the junior numbers will be conferred upon the three upper classes of all the colleges of the University.

STUDENTS LEAVING HITS CITY BUSINESS
CAFES, CHAPEL STORES, BARBER SHOPS, APARTMENT ROOMS
WILL BE CLEARED

NO LOSS TO THE BANKS

Reporters Get Information On What Shuttling Off Ability of Some Student's Money

Departure of the University students for the summer months will mean a change in Iowa City business conditions. It will be evident in such enterprises as the cafes, chapel stores, barber shops, pool rooms, moving picture theaters, and other similar enterprises. Other little boys and girls, who have banked their money, will not cash it as much, for, according to one merchant, "they are not dependent to a last extent upon student support."

Although Iowa City banks carry $1,440,000 around in cash they will not offer any pecuniary help during the summer months. The student's local bankers are much more trouble to them than work, but they are careful because of the possibility that there is a University være over the state.

C. B. Brown County.

"The average student is indifferent about keeping his balance statements straight ahead to much trouble," one banker said. "There is so much drawing of a great many small checks, which requires so much detail and record keeping."

This situation of the students is much more special of the accountants and book keepers as it is a different one from any others in the books. It is a one man job and they are not dependent to a last extent upon student support." The National Bank, for instance, has told its student account managers to Johnson County bank about $2,700 and the Citizens bank and consumer

"At the most office, department for one, I am not essentially happy with the student for a forwarding clerk," said Professor Max Mayer. "Of course there is a slight difference in the student service, but the manager of the store owes $10,000 to $11,000."

ASIAN TABLETS BROUGHT HERE
TELL STORIES OF ABRAHAM

Regents of the University of Iowa have found a collection of two thousand tablets, some of which contain ancient Chinese characters, which is now in the possession of a local store. The tablets, which are of ancient Chinese characters, are of the monarch, Nebuchadnezzar II, and the tablets have been written from 625 B.C. to 526 B.C.

The tablets were found in an old house in New York City, and the tablets were found in the possession of a local store.

Young Men About to Graduate

This is an important occasion to you and your friends. You want to make a striking appearance when you stand up with your class to receive your diploma. Everyone will notice your appearance. You owe it to yourself to be well dressed.

Come in today and let us show them to you. You will be delighted with them. You will find them just what you are looking for. We have a great many to select from, and will be glad to help you choose the right suit. We also want to show you 'Cool Cloth' suits and appropriate furnishings to go with them. The prices will interest you. Will you see us today?

BRISCO TALKS TO CLERKS
Fred. N. A. Brisco of the political economy and sociology department and C. F. Kirts of the extension department attended the banquet of employees of the Denver department last at Cedar Rapids Wednesday evening. Both made talks.

"Check" Larr will spend his summer working at a garage in his home town, Charles City, demonstrating Chasms. Next to football, the Chasms is his greatest hobby. "Check" declares that he is going to kick several footballs to keep his feet warm during his spare moments this summer.

The use of E. OOD FABRIC outside and inside effects a saving of a large part of the lumber and at the same time gives you the basis of what is practically a monolithic concrete house. Look it at your yard.
