PHILADELPHIA. (Special to the Daily Iowan) — Philadelphia libraries, being the means of making their books known to the public, are free to behold. These libraries are entirely inadequate. If the public of Philadelphia is not interested in the library, it is not the fault of the library. The public has no interest in the library because the library is not interested in them. The public wants to read books, not be read to.

Dr. Kramer had charge of the work on respiratory metabolism in experimental diabetes in the physiological laboratory.

Dr. J. F. Donelan, a graduate of the College of dentistry last year, visited friends at the dental clinic Saturday evening. Dr. Kramer and his family lived in Hamilton for several years.

Mrs. Lulu Carpenter and her husband are spending the year doing research work at the department of zoology at the University of Chicago.
