A CRASH OF TRUMPETS BOLDLY SCARES FROM

DAVIS BACK ON VARSITY AFTER VISITING SCRABBS

FIRST TEAM WITH BARNES' PREVENSEN NEW MINISTER YESTERDAY

Jone Directs Varsity in Making andSweeping Interests; Covering for the Delta Himself—Soft Field Keeps Tows of Goaline.

Light work of the Iowa varsity was the order of the day yesterday after the Herkies had shown no sign of bettering themselves. Usually soft under because of the heavy drizzle during the day. Jones gave the first team short drill and a light sort of dummy scrimage up to 4:30, following a brief chat after which he explained the plan of the work of the day.

Apparentness of Davis in the varsity line was evidenced in the appointment of the afternoon. Following the ey

It seems evident that the best of the two teams is on hand. The first team has passed with the first few shots and on the basis of the day's work it seems probable that the varsity will work by the overhand for the probably very useful for the varsity yard for the day.

Last year Davis played on the varsity, last year he was regarded as a sure hope success in this position. As a freshman a year ago he had played halfback, and this season he has shown that he has been working on a halfback system in which man and man are worked on with two backs available, and it is to be hoped that he will do a dependable work by the day.

The successful candidates for the afternoon. With Davis, Mendenhall, Scott, and university glee clubs were announced for the day.

114 degrees which makes the firing of the stuff a simple matter.

HONOR MEN CHosen AMONG ENGINEERS

In the early part of the evening, the freshmen were presented to the faculty, after which they were given a program presented by G. H. Higbee.

Ceiling temporary, providing for the instruction of the嫩est students of applied sciences, welcoming the freshmen in behalf of that organization, and President W. W. Jones welcomed them to the university. Tally fol-

ubes of the class to

FREEDOM FOR PRESS

Basis—Suggested That Board Be Passed in December

The home of the Press at the University has brought together an important group of men to form themselves into a cooperative body of the press, which is to operate under the direction of the Press and Brooks Adams. It is a part of the most important social and academical problem of the day.

The Press has taken the return to its roots in nature. Mr. George Washington Lee, editor of the Press, has written a series on the University of the Philosopher of the State University of Iowa, taken a resonating tone on Iowa, and put there with both feet, leading coincidentally with unan-

It does this in a fresh, free and clear way, "The Physiology of Relaxation." The hall says, "During the first

PROF. G. W. PATERSON HAS POSTED HIS NEW BOOK

"The leisure which has been made to the student population of the university is an advantage which has not been anticipated by any rival class. It is a year without a book, and with the passing of the days and the existing problem of the press has been found to be far more

"I am sure that the who between the class is more desirable for the students in the line of instruction in the political press, and that no other educational body in the country is more successful in the promotion of the cause."

Twenty-five men reported Tuesday night for the first orchestra try-outs, and are expected to enter the contest during the remainder of the week.

Isabelle Jensen, a freshman in liberal arts last year, is taking sixth grade work at Iowa Falls.

Emma Byrthe, '15, will visit her sister, Ethel, at Currier hall this week end.

Virtus Miller, freshman in the university last year, is attending the Brevard Polytechnic Institution at Peoria, Ill., this year. Her work is in the horticultural department.

Miriam Miller, sophomore last year, is teaching school in her hometown, Waterloo, this year.

Both candidates of the Women's league will meet this afternoon at 4:30 in room 116, Ithylia art building.

Failures of the lights in the west wing of Currier hall Tuesday night cost many girls their study period. The effect was noticeable in their reactions next day.

Margaret Frejer, '10, who is teaching at Hipperer, will spend the week end in Iowa City.

Sally McTird, a sophomore of last year in teaching English and Latin in the high school at Staunton, and another girl, returned from Iowa City.

Dr. Eiting Thomas, of the dental faculty last year, visited the Omegas and other friends before.

But few of the girls who are required to take physical and mental examinations have done so, according to Mrs. Alice Wilkinson Bates.

SHERMAN in CIVIL SERVICE. Ralph A. Sherman of Oskaloosa, who was registered in the department of Chemistry in the University last year is now in the civil service of Washington, D.C. He passed the examinations while taking work in the university and left for his new field of work September first. He holds down the job of assistant in the bureau of weights and measures.

FOR RENT—Large room with all, cloth, four windows, conveniently located, 121 E. Johnson St. Phone 1011.

The new office research room in the laboratory building is almost completed. It will be used by Prof. J. W. Daniels in his study of physical chemistry. When completed, the room will be one of the best research offices in the building.

Pearl Sumner, an Iowa graduate, is taking work at Cumsock School of Oratory this year.

Clara Ross, who was graduated from Liberal arts last year is principal of the high school at Sprague this year.

Kirk Bobek, junior law last year, is finishing his work at Ana After this year.

Warren T. Spies, junior in law last year, dropped in Iowa City last week end to take examinations preparatory to entering Columbia University this year.

Sent the Iowan home.
