OWNED AND CONTROLLED BY THE STUDENTS OF THE UNIVERSITY OF IOWA

NEW SERIES, VOLUME 1.

IOWA CITY, IOWA, SATURDAY, SEPTEMBER 30, 1916.

NUMBER 13

MANY PATIENTS ARE TREATED IN DENTAL CLINIC BY SENIORS

ESTIMATED THAT AT LEAST 125 COME DAILY WITH MORE ON SATURDAY

Fact That Many Diseases Start From Mouth is Expected to Increase Demand for Dental Students

Professors in the dental college estimate that the clinic is now serving at least 125 patients a day. On Saturdays 180 to 200 patients are often taken care of.

There are ninety chairs in the clinic and it is estimated that each is filled more than once. Less conservative estimates are that the daily average of each chair is between two and three.

Patients come from towns surrounding Iowa City within a radius of thirty to forty miles. Occasionally one comes from as far away as Des Moines. Many Cedar Rapids, Marengo, Riverside, West Liberty, and What Cheer people depend on the clinic for their service.

New clinical facilities which will be afforded in the new dental building which will make it possible to handle more people. Officials of the college look for more students to come to Iowa in spite of the lengthening of the course to four years. In place of ninety chairs there will be 260, with 135 in the main room for use of senior students, and possibly 130 in special clinic rooms. The chairs now in use will be employed again.

Bacteriological investigations have recently proved that many diseases start in the mouth. College officials expect this to increase the demand for experts on care of the teeth. The falling off in prestige of commercial schools and the fact that the field for dentists is not over-crowded also make the prospects for the college here most promising.

COSMOS CLUB MOVES.

The Cosmos club, organized two years ago, has moved into the house at 328 E. Brown street formerly occupied by the Phi Alpha Delta fraternity. The first year of the club's existence the rooms were on S. Clinton street. Last year the home of the club was on E. Jefferson street with a private family. The members have now furnished their own home.

IOWA CIVILIAN TEAM WILL GO TO FLORIDA

Capt. Morton C. Mumma has received notification from Adjutant General Guy E. Logan that Iowa will send a civilian team to Jacksonville, Fla., to compete in the national contest from the 20th to the 25th of October.

The team will be made up of twelve civilians and three officers. Try-outs for places started at the state range at Des Moines yesterday and will be continued today. The civilians will pay their own expenses to and from the try-outs but if they make the team the government will pay their transportation to the shoot. Tents, blankets, rifle, and cots will also be issued to them.

CROSS-COUNTRY TEAM OUTLOOK "JUST FAIR"

Prospects for the cross-country team this year as "just fair" according to the view of Jack Watson, coach. The team is now training, with Harold Schell as captain, taking a five mile work-out each night. Watson and Director Kellogg are trying to schedule a dual meet with Northwestern to be held at the same time with the Iowa-Northwestern game November 11.

CUPID TAKES POPULAR GIRL FROM UNIVERSITY

Lois D. Ickham of Garner is not in school this year. She is to be married sometime next spring to Mr. Dwight Smith also of Garner. She was a sophomore liberal arts last year, was president-elect of Alpha Delta Pi and a popular member of Whitby society and several other university organizations.

HEY! CAN YOU YELL?

If you can yell, get out to the pep meeting next Wednesday night and try out for the position of yell leader. All students in the university are eligible and at this time tryouts will be conducted for three yell masters to lead the pep meetings and yells at football and basketball games this year.

ART SCHOOL ENJOYS LARGE ATTENDANCE

DEPARTMENT OF GRAPHIC AND PLASTIC ARTS NOW WELL ORGANIZED

Although still handicapped by difficulties arising out of the change in administration, the department of graphic and plastic arts is enjoying increased interest and enrollment, according to Prof. C. A. Cumming.

When the college of fine arts was abolished a year ago, the graphic arts were recommended for a place as a department in the college of liberal arts. There was delay in getting recognition of the change, however and through most of last year graphic and plastic arts had no official standing. Students interested were told they might register for courses in art but were given no assurance that they would receive credit for their work.

This year there is a department. Thirty hours credit are allowed in it, and a freshman major in the work is permitted. Thirty students are registered in freehand drawing, and there are fifty-three altogether in the regular graphic arts course. There is also an enrollment of seventy in the special courses for home economics students.

Professor Cumming is confident that when the standing of the kind of work done are more widely known the department will make even more rapid growth. The training given is like that of large art schools but necessarily less extensive.

SCANDINAVIANS INVITED

All Scandinavian students are invited to a social gathering at Close hall Saturday evening, at 8 o'clock.

INVITE MARRIED ONES

The Rev. and Mrs. L. F. Townsend have invited the married students of the Methodist church to come to their home tomorrow to a "get together and get acquainted" meeting.

MANY WANT TO PLAY IN THE ORCHESTRA

Orchestra try-outs have brought the following men and women into competition: Fred Garlock, W. K. Diddy, G. A. Gardiner, Anna Malden, Marie Agnew, J. D. Boyd, Erastine Lust, N. E. Swanson, L. A. Murphy, George Rehm, Helen Katz, Robert Aurner, H. Irwin, Mildred Buck, Miss Pinkham, Carl Fisher, Will Hotka, Louis Lyon, Herbert Pillars, R. C. Matheson, O. Fatland, Tom Suchomol, L. Randall, and R. C. Puckets.

Further trial will be held next Tuesday at 7:30 at the school of music. Director Van Doren is particularly anxious that any string bass players who wish places may be present. If necessary, the department can furnish the instrument.

BIG CROWD COMES TO SEE PUSHBALL

FEELING RUNS HIGH BETWEEN FRESHMEN AND SOPHS FOR ANNUAL CONTEST

"True to form and pre-season prophecy the sophomores went down in defeat in the 'steenth annual pushball contest yesterday afternoon on Iowa field. The freshmen outnumbered the sophomores two to one. Fresh men gave them their victory.

"The two teams, composed of twenty men each, lined up on opposite sides of the field, charging madly at the sound of Director Kellogg's gun. The impact of the young bodies on the 142 centimeter sphere was terrific, and they rebounded from its leather surface like rubber balls. Superior generalship by the sophomores proved too much for the inexperienced first year men and the end of the first twenty-minute period found the ball behind the freshman goal line. Score—freshmen 2; sophomores 1.

"With the sophomores forced to use practically the same men for the second scrimmage, while the freshmen had a complete new team, the half was all in favor of the new men. Score—freshmen 2; sophomores 1.

"The final rush made up of about 150 freshmen and 30 or so sophomores utterly spoiled the claims made by the latter to superiority. The freshmen rolled the ball around at will."

So the story might have been written, if it hadn't been for an important little incident that happened just before the time when the contest was scheduled to commence.

While it was being filled with air, the pushball ripped from end to end. It was beyond immediate repair. Admission fees were refunded at the gate and Director Kellogg announced that the contest would be held in the near future on a date which he could not set at once.

Rough usage given the ball in former seasons and at institutions where it has been used this year were held accountable for its collapse.

DENTS HAVE THE PEP

Students of the college of dentistry met Friday morning for a "pep" session. First they gave nine for Coach Jones, then nine for the team. The "Who-Wah-Wah" and the fight yell followed. Students in other buildings heard and knew that the dents were living up to their reputation for enthusiasm.

ALL STUDENTS MAY WATCH WEDNESDAYS

GATES OF IOWA FIELD WILL BE OPEN ONE AFTERNOON EACH WEEK

The gates to Iowa field will be opened on Wednesday afternoons, according to the announcement yesterday of Coach Howard Jones. On other days practice will be secret.

On the open days Jones will put on some good exhibitions to make amends to the team's loyal supporters for the restrictions of the other five days.

Jones has been heartily in favor of open practice if the student body could perfect some plan whereby the scouts from rival colleges could be kept out. The Hawkeye club is considering the matter, and may soon have a suggestion to offer. In the meantime, the secret practice rule will be enforced—with regret on the part of the authorities.

Agnes Hobbett, president; Ethel Meardon, vice-president; A. Johnson, secretary and treasurer; H. W. Bottger, campaign manager.

"BATE THELL OUT O' 'EM" JIMMY TELLS THE MEN

Jimmy, director of Iowa field, was sitting in the shade of the fence when a reporter sought him out yesterday to get his view of the prospects of the Iowa team.

"Well," he 'lowed, "nobody kin tell what this here team will do. Nobody kin tell. The coach, he has good men owt and he kin pick a gude team. Yes, yes he kin."

Jimmy gazed a moment apprehensively at the fearful rays of sunshine. Understand, Jimmy suffered a sunstroke this summer, and he's carrying out to the letter the advice given him at that time to beware the sunshine. Then he resumed his "reminiscing."

"I don't feel very happy about Ames," he said. "I don't want to go up there. They broke our drum the last time I was up there and it cost them sixty dollars. I am gettin' too old to go up there, but I hope the boys pack up and bate thell out o' 'em."

THINKS CRIMINALS TO BE INCREASING

MICHIGAN PROFESSOR TALKS ON MENACE OF TRAMPS AND MENTAL DEFECTS

There will be an increasing number of criminals until those who are mentally deficient are made economically of value," said Dr. W. B. Pillsbury, professor of psychology in the University of Michigan in an address before the psychology classes of the University, Friday morning.

"This can be accomplished only by a series of tests which are something new in the field of psychology. You should attempt to understand man as you would a machine; his mental machine as well as his material machine. What individuals will do under certain circumstances is the problem of the psychologists in his tests of the mentally deficient that they may discover who is not capable of life in society."

Dr. Pillsbury discussed the problems of morons who are a menace to society, and through their mental defectiveness are morally and economically deficient. In this class belongs between thirty and sixty per cent of all tramps and criminals, who when left to themselves to mingle with the public, murder, steal, and rob at random. Provisions of a suitable place where these may be sent to prepare them to go back into society or a means of isolating them from their fellows presents a vital problem for the educators and psychologists of today.

ELECT STAFF AND NAME DATE OF FIRST ISSUE

Work has begun on the new edition of the Iowa Law Bulletin, published by faculty and students of the law college. The first number will appear in November.

Second and third year men elected to the staff are George Murray of Sheldon, John C. Eichorn of Remson, Stanley newell of Wapello, S. B. Charlton of Rolfe, and Ralph C. Stribe of Hartley. The senior men include Herbert E. Sitz of Davenport, Floyd Philbrick of Grundy Center, F. A. Walker of Iowa City, Charles H. Safely of Cedar Rapids, T. G. Garfield of Humboldt and F. C. Duncan of Mount Pleasant.

LUTHERAN CLASS HAS ELECTED OFFICERS

At a meeting of the student Sunday school class of the English Lutheran church, held last night at the home of Mr. and Mrs. J. O. Maruth, officers were elected for the ensuing year as follows:

SECONDS UNABLE TO STOP VARSITY OFFENSIVE PLAY

FIRST TEAM CRASHES THROUGH FOR TWO TOUCHDOWNS YESTERDAY AFTER NOON

Scrubs Take Ball but Are Unable to Gain, Regulars Holding Tight on Goal Line—Scrimmage Shows Team up Well

A scrimmage which indicated that the varsity has some punch and a little of the good old stuff pleased a large crowd of rooters on Iowa field yesterday afternoon on the occasion of the first open practice since Jones sent out his old edict to shut the gates. The workout was the best which the regulars have put on this year.

After the usual preliminary signal drill, the varsity and the scrubs were trotted onto the field in war gear. The first team received the kickoff and with Mendenhall starring on the offensive the ball was rushed rapidly up the field. Bannick was back in play, his injured knee having recovered somewhat, and Scott and Davis made up the rest of the backfield. After the regulars had made their touchdown the scrubs were given the ball and directed to take it over. After many minutes of hard work in which they repeatedly fumbled the ball, the seconds were still on the inside edge of the goal line, the varsity throwing back repeatedly the attacks which were made in close formation. Had it not been for the work of Berrien at halfback on the second string, the scrubs would almost have lost ground steadily.

With the seconds definitely repelled, the regulars again took the offensive in the middle of the field and put the ball over again to make a good job of it.

Davis injured his leg and went out of scrimmage, but the hurt is not a serious one. When the scrimmage came to an end Duncan and Nugent were in the backfield at halfbacks. Nugent is a new man who has showed up well in practice and of whom Coach Jones has considerable hopes.

LITERARY SOCIETIES IN JOINT MIXER FOR FROSH

Nearly five hundred students wended their ways toward the Armory last night and assisted in making the annual mixer of the S. U. I. literary societies a real success. Long before eight o'clock a large crowd had gathered and the well-planned forms of entertainment for the evening swung into full activity soon after that hour. The freshmen lost no time in mixing with the upper class literary society members, and were aided in making friends by a previously arranged system of birthday dates. The plan consisted of all the students dividing themselves into sections designated by the date of their birth written on cards which they tied to themselves. Thus, the assembly was divided into smaller groups and acquaintances more easily made.

After selections by "Mac" Harlan's orchestra a short program was given, the numbers being as follows:

"Interests of Inter-collegiate Debate", Virgil Hancher.

Reading, Margaret Mussetter.

"Inter-collegiate Oratory Activities", Benjamin Mather.

Remarks, Prof. Shambaugh.

Prof. Merry presided over the program. At the close of the entertainment delicious refreshments were served. The party was concluded soon after ten o'clock, sending the freshmen home with a vague hint of that "early to bed" axiom.

SPECIALIZE

Many of the freshman are having the time of their young lives joining one of the Christian associations, literary societies, glee clubs, and doing athletic work. In a short time more some of them will, in addition, be enrolled in politics. Later they will join a dramatic club, perhaps. With all this to keep them busy during the week they will undertake "fussing" on the side and laboriously and systematically spend their evenings in the company of the other sex.

After a few weeks they will be consulting with Dean Klingenhagen or Dean Rienow about their work. Some of them will go home.

The day has passed when the world has any time for the man who knew how to do everything and yet could not earn a living at anything. It is the man who specializes in some

activity or in some business who makes the most of life.

At the university it is the same way. The man who chooses wisely the things in which he wishes to interest himself and then centers his interest and his ability in these things is the man who will make the biggest impression in university circles. If you like debating and literary work, then join a literary society and develop your talent. If you can sing, then the glee club is your place. If you have athletic ability, the university needs you on its football team or on its track team.

It is not the shotgun and buckshot that brings down the big game, but the small, high powered rifle with the single bullet.

Dr. D. E. Sydel, 1914 graduate in dentistry, visited the dental clinic Thursday. He is now practicing in Deep River, Iowa.

John Arp, freshman in civil engineering, has returned to his home in Shelby. He will return next year to take up his studies.

Dr. Henry Albert attended a meeting of the state board of health in Des Moines yesterday to help in the revision of its rules and regulations.

F. C. Bingham of Chariton and C. C. Ryan of Maquoketa entered the freshman class yesterday. They had been delayed by illness.

Seniors in the college of dentistry held a meeting in the dental building Friday night. They will hold another Monday night.

MARSHALL LAW MIXER

Between forty and fifty members of the Marshall Law society met in their room in the law building Thursday night for a mixer. Speeches were made by Professors Ralph Otto, L. M. Perkins, and H. C. Horack. O. W. Harris, a law student, was another speaker. Refreshments were served.

Alpha Xi Delta announce the pledging of Madeline Coonan of Emmetsburg. Miss Coonan entered the liberal arts college this fall as a sophomore, her first year of college work having been taken at Mount St. Joseph's college in Dubuque.

Prof. G. C. Brown of the State Agricultural College of South Dakota, Brookings, who is lecturing at the County Teachers' institute now in session, is a guest of Prof. G. N. Merry.

Dr. L. N. Lee, graduate of the class of 1914 visited friends in Iowa City yesterday. He is practicing at Eldora.

George Thomas White Patrick, professor of philosophy spent his summer vacation in the western states. He was in the Black Hills for several weeks, then went on to Wyoming and Colorado. He attended the summer session of the University of Colorado at Boulder and returned to Iowa about the middle of July.

Beth Brainerd, Y. W. C. A. secretary at Cedar Rapids and a former student in the University, spent yesterday in the city.

ATTEND CHURCH MEETING

Bessie McClenahan and O. E. Klingaman of the extension division left yesterday morning for Toledo to attend the state conference of the United Brethren church. Miss McClenahan addresses the convention in the afternoon on "Organizing the Social Forces of the Church," while Mr. Klingaman spoke on "State Agencies that Can Assist the Churches in Towns and Rural Communities." This morning Miss McClenahan will speak on "Social Service in Iowa." Mr. Klingaman will speak again this afternoon.

COMES FROM AFRICA

Dr. Frank R. Senska, M. D. '14, was in Iowa City yesterday. He has been acting as a missionary with the Germans in East Africa. When the German territory was captured by Anglo-French forces he left the position.

FRATS HAVE DANCES

Several fraternities are giving dancing parties as week end events. Last night Sigma Chi danced at the chapter house with Dr. and Mrs. Titzell and Dean and Mrs. McGovney as chaperones. Phi Kappa danced at Company A. armory and Dr. and Mrs. D. S. Fitzpatrick chaperoned. Sigma Alpha Epsilon entertained at a dancing party at Sueppel's auditorium. Tonight Theta Xi will give a dance at the chapter house. Mr. and Mrs. Keller will be the chaperones.

G. S. Dick, freshman dental student, returned home yesterday.

116 E. Washington Street,

Vera Whinery, who was graduated last year from the college of dentistry is practicing now at Eldora. He was a member of Xi Psi Phi fraternity.

Stanley Lewis, 1916 graduate in dentistry, was in Iowa City a few days ago to visit his sister Gail Lewis, sophomore in liberal arts. Mr. Lewis is practicing at Lowden.

Dr. C. E. Tice of Sioux Rapids and Dr. A. Fee of Toledo, graduates of the homeopathic college of medicine were visitors at the Homeopathic hospital yesterday.

FOR SALE—Drill suit—Height 5' 6". Phone Black 145. 11-6

Jessie Van Orsdal, freshman in the college of liberal arts, will spend the week end in Cedar Rapids.

Latest reports from Dean W. C. Wilcox, who has been ill at his home since late last spring, are to the effect that his condition remains practically unchanged.

L. A. Kennell, who registered as a senior in the college of medicine this year, left for Philadelphia Friday to finish his work there.

Dr. C. H. McMahon, B. A. 1908, State Center, has taken up practice with Dr. J. P. Mullin.

Delta Delta Delta announces the pledging of two freshman girls, Florence Sears of Seattle, Wash., and Corinne Hamill of Iowa City.

Charmine Holbert and Marion Metcalf will spend the week end at the home of the former at Greeley.

Blanche Birkett, a sophomore of Currier Hall, is spending the week end at her home in West Liberty. Adele Kimm is at Blairstown, Lucile Matyk is at Cedar Rapids, and Mary Shuell is at Parnell.

Phyllis Patterson of the Alpha Delta Pi house will spend the week end at her home in Waterloo.

Owen Meredith of the Sigma Alpha Epsilon house has gone to his home in Des Moines for the week end. He will drive his Ford (an automobile) back on returning.

Marguerite Skeels left for Sioux City Thursday. She will spend the winter there. Miss Skeels had expected to take up work in the University but found it necessary to change her plans.

Florence McCook is visiting Lillian Flean at the Alpha Delta Pi house this week end. Miss McCook was in the University last year. While here she will attend the wedding of Eloise Brainerd.

Carl Kirkpatrick, a University graduate, has been appointed secretary for the Y. M. C. A. state boys work of Michigan. Mr. Kirkpatrick has just finished a year of study at Columbus university and will leave New York immediately to take up his work.

Overcoat Economy

THERE isn't any harm in being economical. In fact, we like the economical spirit. It shows a

long head.

However, purchasing common looking clothes and paying a low price is not practicing economy. The man who really practices economy is the one who purchases a Fashion Park overcoat, for in this style lies the truest satisfaction.
