MRS. AMOS COEUR FLOATS COLORS OF ALLIES OVER HOME

WHOM OF FOREIGN LIBERAL ARTS GETS TO BE TOPPER OF ENTIRE TEN

Friends help He Kuit Sachs, Matro- nes and other students for Allies in Their Homes and on the Battle-field.

Alleged coup notulfill bitted when Blemington street meets Clinton, nor has the birth house whose state will the allies ever be taken in the name of Mrs. George Foreman, or Carole Minor.

But there has been another act, a secret sympathy in the cause of the Allies. Mrs. Anne Minor, widow of the late dean of the liberal arts college, the allies perhaps have more support in the city with the birth house whose state will the allies even be taken in the name of Mrs. George Foreman.

Dems demanded in "Wherever—just for a few minutes, I haven’t time to stay long, so was the birth house whose state will the allies ever be taken in the name of Mrs. George Foreman.

"Well, my way over there and don’t take time with the rest, no or get out" and that stick against the allies were the birth house whose state will the allies ever be taken in the name of Mrs. George Foreman.

This left without making any serious.

DOES REGESTER HAVE YOUR ADDRESS?

EXTENSION DIVISION SAYS THEY ARE ALSO SPENDING IT IN IOWA

Iowa people have more money than ever before, according to a report presented to Mr. Kurtz and Mr. Benedict of the extension division of the university. Not only do the people in the state have more money, but they are spending it in Iowa rather than sending it out.

Mr. Kurtz and Mr. Benedict spent the weekend in the northeast part of the state, gathering data for a state survey of trade resources. All indications are that the commercial industrial and agricultural conditions in this part of the state are very good.

The towns have shown exceptional progress in the field of merchandising. The extension division of the university has always been an exceedingly busy department. Last year 91,000 calls were received which could not be filled. This year the director, George B. Kellogg, hopes to be able to give still better service.

FIRST Y. W. LECTURE DELIVERED BY KRACHER

Professor Kracher gave the first of his series of lectures on prayer at the beginning of the spring session. A meeting yesterday under the title "Face to Face with God" was attended by Mr. Kracher and the students. The latter gave a personal account of how knowledge is gained through prayer.

The speaker urged the students to pray and to read the Bible with the aim of becoming a better Christian.

PHYSICAL TRAINING STARTS IN EARLY FALL

Athletic work in the department of physical training began yesterday afternoon. Mr. Franson, and the men will be given a thorough physical examination as soon as the weather permits.

Director Franson reports that over 150 kernels have been given and that he expects the locker room to be filled in the near future.

Mr. H. B. Stover, a vocal solo and an invitation was tendered to all present to become members of the Y. W. C. A.

HENDERSON STUDYING ANIMALS

Mr. R. W. Henderson, graduate assistant in animal history, has taken up the problem of the lymphatic system of the ground squirrel. Mr. Henderson has found, however, that due to the proximity of this state, the little creatures were in too good condition for use in the laboratory. In order that they might reduce Mr. Henderson set some loose in the class room one day. He had hopes that the sight of some of the students might serve to scare them thin. However, the matter was overdone, and now the little animals are shut up in a cage recuperating from the bad effects produced upon them in the class room.

NOTED MEN ON LECTURE COURSE

PUBLIC PROGRAMS TO BE GIVEN BY PHILOSOPHICAL CLUB ON TUESDAY EVENING

Several men in science and art will address the public on the second semester course of public lectures by which the Philosophical club will give this year on Mondays Tuesday evening, beginning Oct. 14.

The aim of the lectures this year is to awaken interest in art, in musical appreciation, in the inner and outer embellishment of the university, and in art and architecture in the decoration of the rooms. All the lectures will have to do with the practical applications of aesthetic principles.

The program follows:

October 14—"Art and the Social Mind," Prof. Edward P. Verrill.
October 21—"Poetry and Philosophy," Prof. G. F. T. Purtiz.
November 1—The Environment Beautiful," Prof. William Miller.
November 8—"The Industry Beautiful," Prof. R. D. Barrock.
Some of the lectures will be elegantly illustrated with lantern slides. These lectures will be given on Tuesday evenings at 8 o'clock in the liberal arts lecture room. They will be open to the public.
