REGIMENTAL MEETINGS AS RELIGIOUS WORKERS

During the last few years a constantly increasing number of Iowa men have responded to the call to serve their fellows in a larger way, and have entered some line of distinctively religious work. The following is a partial list of names of the more recent ones.

Herbert Allman, secretary of the Student Student youth at the University of California.

Earl Smith, B. E. '12, M. D., is on the faculty of China, hospital work.

George T. Hemmingson, A. B. '14, T. M. C. A. Secretary for the war.

The mornings of the conference are given over to Bible study, exercises and addresses by men of note from all over the world. Among the speakers this year were Joseph Carroll, Joan Timothy Ross, Dr. Paul Hurttines of Anoka, R. C. Carter of India and Bishop Henderson.

The afternoons are taken up with different forms of recreation: tennis, boating, track swimming, boating, golf and walking. These sports are all organized so that a man can play with a team or by himself. Parker at Iowa was the individual star in athletic events at Geneva last year.

George offers to the student the opportunity of a balanced ex-

pense. Out of Geneva come the men who help to set a higher stand-

ard in the religious life of the college and universities of the section of the country. Every man who is present for himself a great in-

terest should plan to attend the conference some time during the college course.

University Gospel Teams Do Effective Evangelistic Work

The story of the Gospel team movement forms a new and interesting chapter in the religious life of America. Through a phase of religious work of comparatively recent development, it has had a remarkable growth and has been productive of some very important results both in the lives of the students taking part in the work and also in the communities to which the teams have gone.

The spread of the Gospel team movement has been very rapid. Just where the idea originated is not definitely known. Both the Illinois State university and College and the Iowa State university gave out the original part in this work, and Iowa State university and Gallaudet college are the only two who have given out organized Gospel teams this year. The Iowa State university has two teams going to the missions this year, and the school annually sends out one team.

The first Gospel team people were organized in Iowa colleges about ten years ago and for a number of years this state has led the rest in this phase of religious activity. About twenty Iowa colleges have definitely organized Gospel team work and about forty-five teams are annually sent out from these schools. A state Gospel team training Conference is held each year for the instruction and help of teams who are trying to lead these denominations.

No state in the Union has felt behind the other schools of the state in this work. During the last ten years the Y. M. C. A. has organized and sent out 14 teams for special campaigns to any number of small communities where the denominations have not been very large. This work has almost everywhere been successful in getting these groups to stay in the churches for a greater number of years.

Experience has shown that Gospel team work is a very effective branch of religious effort. The communities visited are usually those which are too small to support a worthwhile service of any other type.

LOVE IN A COTTAGE

Well, do you think of that? A two-room cottage as attractive as this one. Of course you don't get palatial quarters but Great Scott! what do you expect? Rooms are light and airy, ceilings high, two porches, pantry, and closet thrown into the bargain. Just get our price list.

No COTTAGE is complete without a proper Geeseless Cream. Try LanFox for Geeseless Cream, and you will, in time, be convinced that nothing removes the need for souring flour to give a cream objectionable.

There's no part of the country that this smooth, bland Geeseless Cream won't reach. It is in some of that part of the world where the smoothness of LanFox Geeseless Cream will be discovered, and it will entirely reverse all traces of wearing, roughness, and all common forms of abuse. Money back if you are not pleased.
