Professor A. G. Smith Dies at 3:25 This Morning

The furnace, which is located in the basement of the Chemistry building and is used to heat the upper floors, was accidentally started by a contracting company's installer who was working on the upper floor.

The accident occurred when the installer failed to turn off the gas supply to the furnace, causing it to ignite. The fire quickly spread to the ceiling and walls, and within minutes the entire building was engulfed in flames.

Firefighters from the Iowa City Fire Department arrived on the scene within minutes of the call and began battling the fire, but the flames were too intense and the building was too unsafe to enter.

The cause of the fire is under investigation, but there are no reports of injuries or damage to nearby buildings.

UNIVERSITY HOSPITAL SPENDS $1,000 ON MEDICINE AND FOOD SAYS GRAMMAR

Providing 400 people with food three times a day, and with all the medicines needed in the treatment of their cases is expensive, according to Dr. Graham, superintendent of the University hospital.

The bill for potatoes and other vegetables used at the hospital averages about $2,000 a month. Besides this, the kitchen receives 215 boxes of bread, 221 pounds of coffee, 1,000 pounds of butter, and 440 dozen eggs, in one month.

The milk comes from a certified dairy in the country and is tested at 600 miles. This is being employed more sparingly now, owing to the rise in value since the beginning of the war. The cost of car- bonic acid has fluctuated from twenty cents to a dollar a half a pound. The recently established plant for making it synthetically have brought the cost down to about seventy cents, however.

Over 4,000 thioridate tablets are used in a year, and fifty gallons of alcohol are bought in a month. As far as possible, medicites are made in the home laboratory. All the lead, the green soap solution, an antiseptic solution very similar to Listerine, and the thorium halides are manufactured here.

The amount of gauze used at the hospital in one year would be sufficient, if joined, to reach a hundred miles.

BIG VAUDEVILLE SHOW

THAT has nothing at all to do with submarines—it's just a short way of saying that you want Varsity Fifty Five, and if you're a young man who wants plenty of reasons for doing a thing, here they are:

1. Hart Schaffner & Marx Fifty Five suits are designed by young men like yourself.
2. They are the smartest styles ever designed.
3. Expert tailors make them.
4. Nothing but all-wool fabrics are used.
5. The inner materials are the finest.
6. A fit is guaranteed.
7. The suit stays stylish after months of wear.
8. You have the choice of a number of variations.
9. You get the maximum suit value.
10. If you're not satisfied, you'll get your money back.

For many reasons, see the suits themselves, we're ready to show them.

Cash Taxi  
BEGINNING NOV. 1ST, 1916, OUR TAXI SERVICE WILL BE STRICTLY CASH TO EVERYONE

On close investigation we find that the cost of the clerical work necessary with so many small accounts, is greater than the total amount involved warrants. And also the higher cost of operation in general, demands reduced expenses. We have therefore decided to try to meet these conditions to some extent, by putting the TAXI business on a strictly cash basis to everyone, even those who may have other accounts with us. In order to accommodate those who care to take advantage of the opportunity, we have provided.

COUPON BOOKS  
$6 in Service for $5

These $6.00 books cost $6.00 cash, but you save $1.00 on each book, for it contains $6.00 worth of coupons, giving TWENTY-FOUR regular 25¢ rides or the equivalent thereof.

We thank our many customers for their past liberal patronage, and will endeavor to give better service in the future, and ask your cooperation.

A WORD TO THE WISE ABOUT COAL

"With the advent of any weld, it is practically certain that the whole economy will be caught in the clutches of a coal famine more serious than any in its previous history." the family already prevails in New York and has worked for years in Ohio. It is expected to strike Chicago and it’s suburbs within a month.

So says Mr. Henry M. Harms, in the Chicago Tribune of November 1st. A present stock is abundant. We shall probably have ample supply in quantity, but we advise against delay. Success says it is a little more than you think. Absolutely necessary.

Concerning the way you vote next Tuesday

Every University voter expects to do his duty on election day; to his county, to his state; to his home, and to his university. If you would make Iowa strong, proud and everlasting representative of your Alma Mater—those whom she has sent out into the world and who have made a success. These men deserve the vote and the support of every proud son of Old Gold. They stand ready to serve our country and our school.
