SERIAL ENGINEERS OUT LOOKING OVER INDUSTRIAL WORLD

ENTERTAINED AS THEY WANDER ON INSPECTION TRIP

First Stop at Keokuk Where They Visit Large Companies—Next Goes to Canton—Next Goes to Rock Island—Will Tour the Northwest in a Few Days.

Reports from the first part of the inspection trip being made by the members of the serial engineers, under the direction of Professors E. N. Hugel and C. J. Chafee, it is said they found the cities as having a great time and gained a great deal of valuable information.

The party arrived in Keokuk Monday morning. They visit the large industrial plants of the city such as Keokuk Steel and Wheel Company, Standard Oil Company of Iowa, Keokuk Manufacturing Company and others. From there the next place on the program was Canton, Ill. The tour was continued by the inspection trip to Rock Island, Ill. The day was spent in the city of Rock Island, visiting the large factories such as the Republic Steel and Iron Company, and the Rock Island Steel Company. The last part of the tour was to Rock Island, Ill. The day was spent in the city of Rock Island, visiting the large factories such as the Republic Steel and Iron Company, and the Rock Island Steel Company.

Followers of the serial engineers are looking forward to a great deal of valuable information from the inspection trip. The party will endeavor to include those members which have not been included in the past, and so far as possible they will send you a report next week.

Dr. Mark F. Boyd, state epidemiologist, has returned from two trips to the state in an effort to investigate the epidemic. The first trip was to Missouri where there is an epidemic of diphtheria, and the second was to Wisconsin to investigate the recent case.

our fresh array of Autumn Clothes proves it. The proper turn of the wrist line, the proper set of the collar, all those tiny little shadows and distinctions that make truly fashionable clothes.

For the young man flannels will be very popular. We are showing flannels in blue, dark green and brown. All with bolted backs, some single and others double-breasted, priced from $15 to $30.

For elderly men the styles are more dignified, bearing evidences of the most careful workmanship. Many of the suits are silk lined.

You will be agreeably surprised when you see these good looking suits, in many very interesting patterns.

if you want a becoming suit you want to be coming to us.

The New Welworth Blouses are Here—Good News for a Lot of Thrifty Women

These Welworth Blouses are always on sale here — the same day that they first make their appearance in the Style Centers of the Country.

One of the new models is made of silk of an excellent quality, the other of a silk-Shantung in natural color—prettily trimmed with taffeta of contrasting shades. With the prices of silks as high as they are, much scoring higher all the time—these are really the best values.

JUST A LIMITED NUMBER — AND NO MORE OF THESE SAME MODELS WILL BE OBTAINABLE

The Midland Schools Teachers' Agency of Des Moines, Iowa, during the last ten years has filled thousands of the best teaching positions west of the Mississippi river. Its terms are the most liberal offered, and through the confidence and respect of the employing officers, it is able to guarantee satisfactory service. Write today for plans.

Service in Clothes-Selling
YOUR clothes have so much to do with the way you feel about yourself; with the impression you make on other people; with your financial welfare that the clothing man has really quite an important duty to perform. It seems so to us.

Hart Schaffner & Marx

Clothes

We choose these because they are made with the interests of the wearer in mind. Any man who buys them has an unquestionable assurance of satisfaction; that means colors, all wool fabrics; fit and all.

Any man who wears these clothes is well dressed; he knows it and everybody else knows it. At our prices we're rendering a service of economy; good clothes at low prices; we believe you'd rather have them good than too low priced.

Suits at $18 and up; at $25 special values.
