SATURDAY NIGHT-TICKETS POSTPONED

Drawing for reserved seats for the Iowa-Nebraska game at homecoming will be postponed Saturday night at 9 o'clock at the Whiteman drug store and will be held at the same hour each week hereafter. In the same fashion in which the Parkers gave the first of the year, "T" tickets will sign slips, which will be held under the care of the Parkers for days, to be used for admission to the games.

Booster notices for the homecoming will be furnished to the public. In order to make the notices, all reservations must be made by each ticket. In other words, it is possible to reserve a seat with each "T" ticket. Reserved seats will be given out at Whiteman's on seat Monday morning beginning at 9 o'clock.

BIG MASS MEETING TUESDAY NIGHT

CHEMICAL SECTION

COACH O'NEILL'S PHYSI COACH

Leonard Raker to the Department of public speaking and for the three years in the University's number of his students, has been engaged by the college to teach in the course in advertising, public speaking, and the principles of public speaking. This will be the third year that Coach Jones has taught in the College, and as an instructor in the public speaking department.

SUNDAY'S VESPER SPEAKER

R. K. MOORE

AN AUTHOR AND LECTURER OF WIDE KNOWLEDGE--KNEW

The work has been published as "The Promised Land" and a number of other works have been published by various publishers throughout the United States, for the past three years, 1913-1916. This address is for the "God in the World" series and will take place in the auditorium of the University of Iowa on March 14th and 15th.

Invitations have been extended to the Iowa newspapers, and there is a possibility that the address will be broadcast on the radio.

Governing the world will hold exams for Army positions

SPEAKER. BORN OF PROMISED LAND.

To be given January 20th and Applications must be made prior to the date of the address. The address will be given by Mr. Moore, and he will give a personal reading of the work. All applications must be submitted to the University of Iowa, and the address will be given on January 20th.

TO DETERMINE VALUE OF IOWA COAL BY-PRODUCTS

Professor A. W. Hinman, chemist-professor at the University, has been investigating the value of the coal vitrinite and their gas value. In selecting her vitrinite, she has attempted to determine their gas value. The sample of the coals was obtained in the vicinity of the University, and are the by-products obtained in the extracting of Iowa coals.

Mr. Hinman says that there is a tendency in the United States to utilize the by-products of coal instead of burning them to escape in gas as heretofore in the past. He is conducting the experiments and investigations for the State Geological Survey.

SANCTIONED TOOTH BRUSH

The Iowa Law Magazine has recently issued a circular letter to all dental institutions, including the dental schools, in the state, inviting them to participate in the annual dental convention at Des Moines. The letter states that the convention is to be held in Des Moines, and that the delegates will be entertained at the expense of the convention.

The Iowa Dental Association has invited the Iowa Dental Journal to send a representative to the convention, and has offered to pay all expenses incurred in attending the meeting. The Iowa Dental Journal has accepted the invitation, and has promised to send a representative to the convention.

The Iowa Dental Association has also invited the Iowa Dental Journal to participate in the annual dental convention at Des Moines, and has offered to pay all expenses incurred in attending the meeting. The Iowa Dental Journal has accepted the invitation, and has promised to send a representative to the convention.
