NUMBER 68

BOOKS DIDN'T SUIT HIM, SO HE WROTE TEXT FOR HIMSELF

A. H. HOLT'S BOOK, "THE MANUAL OF FIELD ASTRONOMY," NOW ON PRESS

Other Books Were Not Suited to Need of Civil Engineering Student—Fleming, Higbee, and Raymond Also Have Written Books.

When, among all the books that have been written not one could be found which covered in just the right way the work in field astronomy needed by the civil engineers, A. H. Holt, instructor in civil engineering, did not wring his hands in despair. He wrote the book, "The Manual of Field Astronomy," Mr. Holt's book, is now on the press, but the class in field astronomy used preprints of the book for their course which covered the first quarter.

The trouble with the texts already on the market, according to Mr. Holt, is that they go into refinements and details of the subject which are not necessary for civil engineers, and cause too much loss of time in trying to get from them the essentials. The chapters which the engineers can use are not thorough enough in the particulars desired. Mr. Holt's book, about 130 pages in pocket size, make preliminaries brief and gives the essentials.

The book includes outlines of observations which civil engineers are expected to make, along with field notes and computations, features not included in others. The class has found the manual very satisfactory this year.

Mr. Holt is not the only engineering professor who has written books. B. P. Fleming has one on pumping and irrigation, F. G. Higbee one on descriptive geometry, and Dean W. G. Raymond has not less than four books to his credit.

PURDUE TAKES FIRST IN CROSS COUNTRY RUN

The Iowa cross country team finished seventh in the conference run at Purdue Saturday. Purdue carried off the meet but Tenney of Chicago university, by setting up a conference record, was the first man in the field of runners to finish. Ames finished third, Hawthorn and Husted of that team finishing in third and fourth places.

The resolution made by the team before leaving, "Every man under thirty minutes," was carried out, however, this was not fast enough to show well against the more experienced competitors. Jamieson led the Iowa runners. Gee is the only man from this year's team to be lost by graduation.

CHEMISTS HAVE AN INTERESTING MEETING

An interesting session was held in the chemical lecture room Saturday afternoon when the Iowa section of the American Chemical association assembled in its fall annual meeting. Prof. A. W. Hixson gave a paper on "Some Relations of the Effect of Overheating to Certain Chemical Properties of Asphalts." Dr. Benjamin Kramer discussed "Metabolism in Pancreatic Diabetes."

Dr. Louis Bauman, who spoke on "Microscopic Analysis of Blood," dealt with quantitative determination of every minute traces of substances found in blood and other secretions. He discussed modern methods which make possible the detection of as low as two one-thousandths of a milligram of calcium in a cubic centimeter of blood. He also gave in detail the microscopic methods for quantitative determinations of uric acid, carbon dioxide, and sugar.

JONES IS SATISFIED WITH TEAM AND STUDENT BODY

"I like very much the spirit shown by the men, and the attitude of the student body was satisfactory. We lost to three teams, but they were not three easy teams. Throughout all the games, the boys fought hard." This was Coach Jones' comment yesterday on the season. Director Kellogg declared he was well satisfied with the season's showing.

FOOTBALL CAPTAIN TO BE NAMED TODAY

MEETING TO BE HELD AT 5 O'CLOCK SIX MEN TO BE LOST BY GRADUATION

The captain for next year's football team will be elected at a meeting of the I men in N. A. Kellogg's office tonight at the armory. The men will meet with the coaches at 5 o'clock and decide who is to lead the varsity squad next year.

All players who have won their letter in football, and who have not played for more than three years are eligible for the captaincy. The men who will be graduated next spring are Captain Laun, Scott, Duncan, Grubb, Triplett, and Mendenhall.

CHEER UP FRESHIES; THEM STICKERS IS READY

Iowa "stickers" for bags and suitcases are now ready for free distribution to Iowa students, according to announcements yesterday by Secretary Theodore Wanerus of the alumni association.

Students who want to put the "stickers" on their baggage before going home can get them by applying at the association's office at the head of the stairway in the Old Capitol.

FRED BECKER IS GIVEN A PLACE ON MYTHICAL ELEVEN

ECKERSALL PUTS HIM AT CENTER WHILE AXELSON NAMES HIM AS ALL-CONFERENCE TACKLE

Ability To Mix Plays, Break Through Line and Block Punts Earns Him Position—Davis on Second Eleven—Laun and Reed Mentioned.

Iowa fans are delighted at the recognition given Fred Becker of Waterloo by Walter Eckersall, of the Chicago Tribune, who picked Becker for all-conference center because of his consistency in passing the ball and wonderful aggressiveness in defensive work.

Axelson of the Chicago Herald chose Becker as all-conference tackle because of his ability in mixing plays, blocking punts, and breaking through the line. Becker's stellar work at both the center position and tackle prove him to be an all-round football man with a brilliant future.

Elwood Davis was chosen by Eckersall for left half of his second conference team. Laun and Reed were both given honorable mention for their work at the end position although neither was given a place on the conference elevens.

JESSUP GIVES RECEPTION TO FIRST YEAR STUDENTS

President and Mrs. Jessup will be at home informally to all first year students on Monday evening, December 4, from 7:30 to 9:30.

No invitations other than this announcement will be issued.

FOOTBALL CASUALTY LISTS INCLUDE CAPTAIN MUMMA

As the heel of a Nebraska player swung around after tackling a Hawkeye near the west sidelines Saturday it struck Capt. Morton C. Mumma, who was seated on the bench, directly in the temple.

The result was that the whole side of the captain's face became swollen. Yesterday a quantity of clotted blood was removed from his nose.

FOOTBALL PLAYERS RECEIVE LETTERS

FIFTEEN "I'S" AND SIX SECONDARY INSIGNIA AWARDED TO ATHLETES

Football "I's" for the year 1916 were awarded to the following men at a meeting of the athletic board held last evening in the office of Director N. A. Kellogg: Captain Laun, Triplett, McKee, Grubb, Becker, Foslack, Kelly, Wyland, Hunzelman, Reed, Jenkins, Davis, Duncan, Scott, and Mendenhall. Secondary insignia were awarded to Kriz, Bannick, Van Pelt, Bowlesby, Von Lackum, and Barber. The "I-2" to Barber was given because of his faithful attendance at practice throughout the four years of his university work, for although Barber has never participated in a major game he has regularly given the best that he had to help develop the team even if he could not be a member of the varsity eleven.

GIRLS TRY-OUT TODAY

Try-outs for the girls' sophomore hockey team will be held this afternoon at 3:15. The inter-class games probably will be played the week after Thanksgiving vacation.

COMMITTEE ANNOUNCED FOR FRESHMAN PARTY

Members of the freshman party were announced last evening by Glenn Beers, president of the class of '20, with Robert Aurner appointed as chairman. A meeting will be held next week to make first arrangements, the time to be announced later. Present indications are that the "frosh" will not hold their party until sometime after the Christmas recess this year.

The committee chosen by President Beers is as follows: Robert Aurner, chairman; Dewey Bisgard, Robert S. MacGregor, A. Reinbeck, R. S. Van Alstine, E. L. Voss, Henry W. Wormbly, J. H. Shephard, C. W. Griebing, Katherine Taylor, Evalyn Bracewell, Eleanor Lee, and Bonnie Snoke.

EIGHTY NEWSPAPER MEN REGISTERED

Eighty-six newspaper men, representing almost as many Iowa towns and cities, had registered at the headquarters for the second annual newspaper conference at the close of Saturday afternoon. Both morning and afternoon sessions were well attended showing a considerable increase over the number present last year.

Several editors were accompanied by their wives who are taking advantage of this opportunity to visit friends among the alumni, here for homecoming as well as students in the University.

The most of the newspaper men have expressed their intention of attending the football game this afternoon, the "Iowa" dinner, and the several other entertainments arranged for their enjoyment while guests of the University.

The University of Illinois is said to have the largest band in the United States. The band, which has a hundred pieces, recently gave its twenty-sixth annual concert.

OPENING PRACTICE SHOWS ABUNDANCE OF BASKETBALL MEN

BANNICK, SCHIFF, AND VON LACKUM ONLY VETERANS OUT YESTERDAY

Prospects for a Winning Team Good—Only a Light Workout Given—Berrien Practices at Forward and Gillis at Center—

With a squad of twenty men out for basketball, almost every one of whom has had either varsity or freshman experience, the indoor season in intercollegiate athletics at the University was put in full swing yesterday afternoon. Coach Kent has promising material with which to work, and it seems that the Hawkeyes have a reason to expect a classy live this year.

The first practice was of necessity much in the nature of a get-acquainted affair. Captain Bannick, Von Lackum, and Schiff were the only "I" men of last year who were out, but second string material and recruits from the yearling squad of last season will bolster up the empty places until it is probable that the team will be as strong or even stronger than the light, fast quintets which have upheld the honor of the Hawkeyes the last two years.

Captain Bannick will be playing his third year as varsity forward, and is expected to show up the best of any time since he has been in school. On the floor yesterday afternoon he handled the ball with all his old time skill and by the middle of the season should be a whirlwind. Schiff will also be playing his final year at guard and "Red" is expected to improve the showing which made him famous last season. "Peanuts" Von Lackum is the other veteran guard, and in spite of his diminutive size can scarcely be crowded off the team, for he is an all-round handy man.

At practice yesterday Coach Kent worked his men for a time in teams of five, and with the three veterans Bannick, Schiff, and Von Lackum he worked Berrien at forward opposite the captain and Gillis at center.

There is a wealth of excellent material in school. Included in the list of available men are Byers, Tickin, Fiesler, Dutton, Jenkins, Olson, Brown, Francois, Younkin, Cohrt, Hausler, Smith, Duncan, Laun, and others of scarcely less ability. Most of these men were out for practice last evening.

The schedule of practice for the varsity has been made out by Coach Kent as follows: Monday, Wednesday, and Friday at 5; Tuesday and Thursday evening at 7:30; and Saturday afternoon at 3:30 o'clock. Commencing this evening at 7:30 o'clock the freshmen will meet under the direction of Coach Howard Jones every Tuesday and Thursday evening.

VISITING LADIES SEE WOMEN'S GYM.

The visiting ladies and alumnae were entertained Friday night at the Women's gymnasium after the mass meeting. The entire gymnasium was thrown open for the inspection of the visitors, and many of them availed themselves of the privilege before the program began.

A special feature of the evening was a demonstration given by the girls of the folk dancing classes. Dressed in the gay costumes of many nations, the girls appeared before the guests and presented the following dances: "When I was a Bachelor," "Seven Jumps," "Days Order," "Slovak and Tatra," "Zoronto," "Bacca Pipes," "Pied Piper," "Dutch Villagers," and an American country dance.

MARIE MAYER

The gifted woman from Oberammergau, who will lecture here December 4. She played the part of Mary Magdalene in 1910.

Ben Howrey of Waterloo was the guest of his sister Corinne over the week end.

Margaret Hughes of Omaha was a guest at the Pi Beta Phi house this week.

A package of Christmas letters was sent yesterday to Demaree Bess, who is teaching in Egypt.

Dr. Ernest Horn left Sunday for Cheyenne to attend the State Teachers convention of Wyoming. He will also visit the teachers college at Greeley, Colorado, where he taught before coming to Iowa.

"Darb" MacGregor will not return to the University after the Thanks-

giving recess owing to the illness of his mother. He will accompany his mother to Choteau, Montana, after Christmas and it is possible that he may enter the University of Montana at Missoula the second semester. He plans to return to the University the second semester. Mr. MacGregor is a Phi Kappa pledge.

Among the alumni here for homecoming, was Judge Charles E. Herich, law '10, judge of Maffat county, Colorado.

Cards have been received by friends at the University from Prof. H. F. Kantlehner of Morningside College, who is spending his year's leave of absence in Spain and France. Professor Kantlehner studied Spanish here at the University during the

FORMER STUDENT IN CHEMISTRY SPEAKS

E. H. CONROY, CHIEF CHEMIST FOR BIG COPPER COMPANY HERE TODAY

E. H. Conroy, chief chemist for the Ducktown Copper and Acid company, one of the largest copper refining companies in the United States, will talk at the chemical seminar in room two of the chemical building at 4:30 this afternoon.

Mr. Conroy was graduated from the chemical course in 1913. He intended taking his master's degree here, but in February of that year he was called to a position where he now is. In a few months he supplanted the chief chemist.

For two years Mr. Conroy was an instructor in Michigan Agricultural college at East Lansing. While there he taught quantitative analysis. Before that he spent some time in the mining regions near Douglas, Ariz., where he was interested in copper refining.

The Ducktown Copper and Acid company has its plant at Ducktown, Tenn., which is a suburb of Isabella. It turns out many millions of dol-

lars worth of copper every year. Besides its large output of copper, the firm produces sulphuric acid.

Mr. Conroy, who has been visiting his home in Cedar Rapids, came to the University for homecoming and returned to Cedar Rapids Saturday. He will return to Iowa City this morning.

The seminar is to be open, and everyone is invited to hear Mr. Conroy speak on "Industrial Chemistry."

CHILDREN HEAR STORIES

The story-telling class in the public speaking department told its first stories to children in the model school and the children's wards of the hospitals last week. The tales were worked up as regular class assignments and are then told as part of the students' practice work.

"THE BIRD OF PARADISE"

Even the lure of the tropics has been felt in the hearts of men from the lands of the north. Perhaps it is because that lure is eternal that "The Bird of Paradise," which plays at the Englert Theatre tonight

finds itself going on year after year playing not only to new patrons but to many who have seen it not once but many, many times before.

To those who toil, who know the grimness of rigorous cold, the stubborn resistance to life that nature and soil and social complications offer in the lands of civilization, the picture of the mid-Pacific islands with its eternal sunshine, its color and warmth will always attract.

"MELTING POT" TO COME TO UNIVERSITY

Prof. Glenn Merry has arranged with Prof. S. S. Clark, head of the department of public speaking at Chicago University to give an interpretation of Zangwill's "The Melting Pot" at the University, April 12, 1917. This is a number in the course that the University is providing for the people of the University and of Iowa City. It will be given under the auspices of the department of public speaking.

Professor Clark is the author of several books in the field of public speaking and is one of America's most prominent dramatic readers.

"The Little Girl Next Door"

IS YOUR DAUGHTER SAFE? EVERY FATHER AND MOTHER SHOULD SEE THIS GREAT PLAY.

"LITTLE GIRL NEXT DOOR" SHOWS PERILS OF THE CITY

The producing company did not have the proverbial kid gloves on when handling this sociological play, "The Little Girl Next Door." For here everything is treated with absolute frankness. And it is the kind of frankness that means sensationalism in a picture of this kind.

The production was based on the reports of the Illinois vice commission and aims to show the existence of vice and immorality at our very doorstep. It really has no plot. It is merely a recital of the lives of several unfortunate girls, how they were trapped, and, in some cases, rescued, and in others forced to lead a life of shame.

There is an elopement. In a strange city her winsomeness attracts the harpies in human form, and she is separated from her boy husband, drugged and delivered into the pit.

A girl answers an advertisement of an elderly woman who desires a companion. The woman is a white slaver and the girl is sold into a hideous bondage.

Then there are others—all of them drawn from life and from actual experience as related to the Illinois state senate vice commission, and it fulfills well its task of driving home the lessons of the dangers that lurk in city streets, and in a girl's desire for adventure and thrills, and in a meager wage.

The film shows the commission in session in the Hotel La Salle, and shows the witnesses who come to tell of their experience and to name a remedy for the evils that exist. There are Arthur Burrage Fa well, Virginia Brooks, Judge Hopkins, Champ Clark, Dr. John Dill Robertson, Mrs. Alice Phillips Aldrich, Mayor Thompson, Chief Healey, John Dill Robertson, Corporation Counsel Ettelson and Alderman Lawley.

Lieutenant Governor Barratt O'Hara and Senator Beall are the principal narrators of the stories that developed as a result of the investigations, and the incidents they relate are enacted by professional actors.

No one under 16 years of age admitted to "The Little Girl Next Door"

FORMER S. U. I. MAN PLAYS END ON ARMY

EDWIN SCHRADER, FORMER TRACK STAR HERE, ENDS SUCCESSFUL SEASON

Athletic directors, coaches, and football fans at Iowa are proud of the fact that a former Iowa athlete, Ed Schrader has been holding down a regular position at end on the famous Army team at West Point.

Although Schrader was prominent in track work he never tried out for varsity football while at the University because his father objected to his playing at that time.

Schrader's success at West Point has been nothing short of phenomenal, for out of a squad of sixty good men he, a freshman, was picked for varsity end. Although he is by no means a heavyweight his extraordinary speed and adroitness won him his important position on the team which is considered one of the strongest in the United States.

TOMORROW

What we are today we will be tomorrow with something added. This is an immutable law of nature. "Think then you are today what yesterday you were—tomorrow you will not bless," wrote Omar. He neglected to add that tomorrow you will be more than you are today and that the addition will depend on how you control your ideals—your rudder, so to say.

By the ideals you construct are the events of your life shaped to meet the part in the drama you have directed yourself to play. The world makes way for the man who knows whither he is going; that is, he who seriously composes the scenes of tomorrow's tomorrows has the advantage of preparation and preconceived action.—Washington Daily.

The Pater: "I never told lies when I was a boy."
 The iddle: "When did you begin, dad?"—Puck.

FOOTBALL SEASON CLOSES; CLEANING COMMENCES

House cleaning is the order of events for N. A. Kellogg, athletic director, now that the football suits and shoes are being returned.

The jerseys will be sent to the cleaner, the trousers will be cleaned in gasoline, and the shoes will have to be invoiced and repaired. Over 100 suits were given out.

A chicken pie dinner will be given at the Methodist church Thanksgiving evening at 8 o'clock for students and townspeople. Those desiring to attend are requested to telephone Mrs. Townsend today.

Prof. C. E. Seashore spoke before the music teachers' convention at Davenport last night. His subject was "Measure of Musical Talent."

Dr. Mabel C. Williams will spend the Thanksgiving holidays with friends at the University of Illinois.

Katherine Mulroney and Mary Casey, 1916 graduates, are spending this week visiting with University friends.

GRAD OF '09 MARRIES

Jeremiah Albert Pierce, B. A. and Ph. G. '09, and Miss Tower of Corn ing were married on October 23, according to announcements received by friends here recently. Mrs. Pierce is the daughter of Representative Towner.

Mr. Pierce had been managing two drug stores in Denver until a few years ago. He is now on his ranch at Meeker, Colo., where the couple will make their home.

Because one boy, in Wisconsin University, who usually gets bad grades in a department got a grade of 90, when all the rest of the class flunked the class struck.

First Undergraduate: Have you telegraphed to the old man for money?

Second Undergraduate: Yes. "Got an answer?"

"Yes. I telegraphed the governor, 'Where is that money I wrote for?' and his answer reads, 'In my pocket.'"

More students of Oregon Agricultural College are taking part in athletics this year than ever before. Nearly 900 men, or 90 per cent of the students, are now engaged in some form of athletics, cross country leading in the number of competitors with 28.9 per cent of the total enrollment.

Funny Stuff

Psychology is the funniest subject You ever heard about, What you think you are You simply are not.

What you think you do You simply must confess You don't do at all, It's just consciousness.

VOL. XVI—NEW S

AMERICA'S CHINA STUDY

MISS PAXSON TELLS OF MEETING OF HONORABLE MEMBERS IN CHINA

Says That There is Opportunity for Missionaries in China at Present

"America's Opportunity in China" was the subject on which Miss Paxson addressed the weekly meeting of the Wednesday afternoon number gathered at the home of an old member of the association, it seemed that which she made was based on a more personal basis. "We are living in a time of world-wide Miss Paxson said, 'all this turmoil there is a new recognition of a new spirit. Nowhere is the call of this spirit of brotherhood more insistent than in China. Those who use sympathy as well as senses, see in China a helplessly struggling people, the centuries of superstition are due to she has never known religion. I have seen three of Chinese life,—the public, the upheaval of education, and a patriotism. In the place which China now stands exceptional opportunities for American student missionaries and develop the best of the best."

GYM TEAM MAKES RAPID PROGRESS

IS GETTING DOWN IN PREPARATION AT GRINNELL

Hard and more strenuous now the schedule for the gym team which is rapidly forming under the direction of L. Wheeler of the physical department. Captain recovering from his injury received in the Minnesota meet is able to meet with the team for a light workout.

The preliminary exercises have been completed and the team is putting the men to work on horizontal bars, the steeplechase, and tumbling. The five events in which the team will compete at Grinnell will be held in Grinnell, Iowa Inter-collegiate meet here next March. Captain practicing to take part in club swinging contest.

Iowa has for several years been a very successful gymnast. In 1912 they took second place, being defeated by half points. In 1913 a team was registered for Iowa over all the other teams and won twenty points. Ames the meet held there in 1914 lost championship in 1915 college of Decorah on accidents which put the team behind in the number of points. In the first fall the team lost twenty points but all made up by the other team and Iowa took second place in the meet.
