**TRACK ABOLISHED FOR CURRENT BY ATHLETICS**

Sport Will be Reestablished Year If Student Wants It

**GOOD MEN MAY COMPETE**

Prevailing Unrest and Conditions Also Considered in Taking Action

Track athletics at the University were abolished for the present at a meeting of the athletic board last evening, two resolutions were made:

(1) There was an expression of sentiment that if established and interest next year desired that the board warrant it, track athletics again be given a place in the University.

(2) Members of the board who have trained competitors who are regarded as likely to compete in the state meet at Des Moines on May 19 and their letter for the season ward for the work which has already done.

In abolishing the sport the board assigned as reasons the present unrest which is being experienced by students, impending war and the present unrest.

The statement made at the close of the meeting was the following:

"At a meeting of the board of athletics Tuesday evening it was voted that track athletics be discontinued for this season. This action was taken because of lack of interest shown by the student body and because of the present war conditions and the present unrest.

"Another motion proposed was to give those men who have competed consistently and are winners an opportunity in the state meet, May 19. This motion was taken simply because these men for their country and loyalty and not for themselves have the University reputation."

**UNIVERSAL SERVICEMEN FOR CATS OF IOWA**

Iowa City Felines no longer Unjust Burden for Mental Work

The citizens of Iowa City no longer about their cats and other purring men. The small town lags instead are suffering from loss of midnight yowls and meows.

The freshman class in biology this year has adopted the method of securing specimens for laboratory work. They are their various homes asking to collect, crate, and ship them to Iowa City.

The entire last week of the week over in the laboratory last walls and heart return are in evidence as the gas being applied and the study of the arterial and venous system.

**A WORD TO THE PUBLIC**

FROM MR. WILLIAM M. MCKENZIE

This is the most important theatrical announcement I have ever made during my long career as a manager in this city. I have just contracted with Messrs. William Elliott, F. Ray Comstock and Morris Gest to bring their magnificent production of "Experience," the most wonderful play in America, to Iowa City for one night, Tuesday, May 1.

"Experience" is without doubt, the greatest success of this day and generation. It ran for nine months in New York, five months in Boston, seven months in Chicago and five months in Philadelphia. In every community where "Experience" is present it always receives the enthusiastic endorsement of the clergy of all creeds and denominations.

"Experience" is a modern morality comedy drama by George V. Hobart, telling in ten vivid powerful scenes the temptation confronting Youth—the average young man—going forth into the world to seek fame and fortune.

"Experience" is properly called "the most powerful play in America." I know of my own knowledge that this play has been a sensation elsewhere. I am sure it will arouse enormous interest here. It is the biggest show I have booked in ten years. I don't believe another one as big will come along in the next ten years. I am proud and happy to be able to bring "Experience" to the theater goers of this city and especially glad to announce that the famous New York-Boston "Experience" organization, with a cast of eighty-two notable players, comes here direct from nine months in New York and five months in Boston and is considered by the critics the greatest "Experience" company ever assembled. Remember "Experience" is not a moving picture, but the successful spoken comedy-drama of this generation.

(Signed) WILLIAM M. MCKENZIE, Manager Englert Theater.
